ASSOCIATED PRESS REPORTS

FEBRUARY 15, 1917

TIME FOR ACTION

While the sinking of the Lyman H. Law, an American schooner, may not constitute the overt act that President Wilson desires in order to force the crisis with Germany to a head, that incident, together with other violations of our lawful rights, does constitute a casus belli if the American government had rather accept it as such than wait for a greater outrage of the national right.

Our Ships in the War Zones Sprinfield Republican The voyages of the two American freighters, the Orleans and the Rochester, from New York to Bordeaux, will be observed with the deepest interest. These ships go unarmed; they are protected by nothing except the United States flag.

As a matter of fact a partial blockade of American ports has been effected, just as surely as if we were at war and were powerless to protect ourselves. The difference between actual war and the present unsettled state is that we are not doing anything to protect our commerce and lives whereas if the conflict were upon us we would spare neither expense nor efforts to look after our own.

PEOPLE WILL DECIDE

If Hickory people want a modern library building, if they want books to read and a place to meet to scan the magazines, they will have to pay for the privilege. That is the situation. The Record feels that the people of this city gladly would pay a tax of two cents on the hundred dollars for the privilege of securing a \$10,000 library building to be donated by the Carnegie Foundation.

We have never been cranky on the subject of woman suffrage, but for years we have realized that the issue would have to be met in North Carolina. Among the sound reasons for giving the woman the vote are that we never fail to call upon their services at an election where good morals are concerned, and do not seem to think it unbecoming in them to urge men to do right.

Speaker Murphy did well in admonishing the house that it had only 14 more working days of the present session in which to do business. When the revenue bill is reported as it was Tuesday, it is a sure sign that the general assembly is drawing to a close, and the legislators begin preparations in ordinary times for working morning, afternoon and night.

With a revolution in Cuba and Mexicans crossing the border and taking prisoner American cowboys, the United States government has enough to occupy its thoughts without considering the more serious matter with Germany.

The Columbia University barred Count Leo Tolstoy, son of the Russian humanitarian, from lecturing there and this led the Raleigh Times to remark that "the insect who was permitted to bring the university into shame was 'Professor Prince.'"

The fact that those manufacturers beat it to Washington at a double-quick lends color to the hope that the price of newsprint really may be placed in reach of the little publisher again.

We don't want anybody to call Judge Ferguson's attention to this, but he really ought to decide that the city of Hickory should not pay for that county bridge.

Associated Press correspondent in Berlin lost 30 pounds in a few months, while there are people here who would be glad to brag about it.

A good woman asked what she said was a favor of us the other day—to help in diminishing the world's available food supply.

The High Point Enterprise presents one of the neatest front pages of any paper that comes to this desk and reflects credit on Biggs.

Many Literary Digest paragraphs that are born during the night die before morning.

Good roads legislation must be speeded up if it is to be passed this session.

OLD PRESCRIPTION FOR WEAK KIDNEYS

A medical preparation like Dr. Kilmer's Swamp-Root, that has real curative value almost sells itself. Like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been tested for years and has brought results to countless number who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp Root from any druggist now. Start treatment today. However, if you wish, first to test this great preparation send ten cents to Dr. Kilmer and Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Hickory Daily Record.

WANTED HIM CURED

"Mr. Jones, you will either have to marry at once or leave our employ."

"But why are you so anxious that I marry?"

"While you are in love you do not half attend to your duties, and you must either be cured or fired."

DON'T BE BALD

Tells How To Make Hair Grow Thick and Lustrous on Bald and Thin Spots

Thousands of men and women are growing bald every day and don't know the reason why. This is indeed a pity, says a hair specialist, who states that baldness usually comes from carelessness.

BRITISH ATTRIBUTE REVOLT TO GERMANY

London, Feb. 15.—British officials are greatly interested in the news of the revolutionary outbreaks in Cuba, where they assert, they have reason to suspect German agents have been at work for a long time. Only a few weeks ago, Capt. Hans Boehm, a German army officer, was taken from the Dutch steamer Zeelandia, at Falmouth. He had in his possession a chart of Santa Lucia Bay, Cuba, where, according to other papers seized at the same time, German agents had secured an oil concern. It is the belief that the Santa Lucia project was being developed by means of money sent from New York to Havana.

The British naval authorities, while they have failed to discover any German submarine base in the West Indies, declare that they have long had reasons to suspect the intention of the Germans to establish one there, and as a consequence they look with suspicion upon the Cuban oil project. Boehm was not a leader in these projects, but had only been carrying out the orders of a superior, whose name is known to the British authorities, although it has not been disclosed.

"In a conversation with a representative of your company today, I could not help expressing my feeling of gratitude at the good your medicine had done for me. For three long years I suffered untold agony with what they said was a severe case of Rheumatism. After the best doctors had exhausted their knowledge in regard to my case, I consulted an Osteopath and after an examination he said the hip joint had become irritated and it would take a long time to cure it, if it could be cured at all. I felt so discouraged over my condition, for I had spent hundreds of dollars in the vain pursuit of ease for my suffering was terrible. Hearing of the good effects that Mrs. Joe Person's Remedy had on others, I decided to try it. I bought a dozen bottles, thinking that if I took it at all, I would go at it right. And wonderful, yes it is wonderful, the cure it made of me, as my friends can testify. I began to improve on the first bottle and by the time I had finished the course I was a well, strong man and have had no symptoms of the disease since. I would feel that I had neglected my duty to my fellowmen, if I did not tell them of my wonderful cure and I advise any sufferer to give Mrs. Joe Person's Remedy a trial.

ASIATICS ARE SERVANTS IN ENGLISH HOUSEHOLDS

London, Feb. 15.—England is experiencing in a limited sense an invasion of oriental servants Chinese and Japanese are landing here in greater numbers than usual and are taking the places of the native servants who have joined the colors, gone in for munition making or back to the farms where such good wages are now being paid. The orientals are said to be proving popular because they make themselves more generally useful and seem never to tire of work.

THREE KINDS OF GOVERNMENT

The schools have taught that there were and are three kinds of government: the monarchy, the aristocracy and the democracy. The monarchy was supposed to be the strongest, the aristocracy the wisest, and the democracy the most just. If these definitions were correct, we should prefer democracy, because justice is the only foundation upon which permanent government can rest in town, county, state or nation.

But is monarchy the strongest and aristocracy the wisest? We say, no. A government that draws wisdom from all the people is wiser than one that rests upon the wisdom of a part, for all of the people know more than any of the people. Neither is monarchy the strongest. It is said to act more quickly, but quickness is not the only characteristic of strength. A republic is the strongest because it builds its citadel in the hearts of the people.

Our form of government is not only the most just, but the wisest and strongest. And with it, this nation can shake every throne on earth, not by force or violence, but by showing something greater than thrones, a government strong because it is loved, a government loved because it is good; a government of the people, by the people and for the people.—Selected.
