TRY HIS TO BANISH

ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears. It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear. Try a 50-cent bottle of Rheuma, and if you do not get the pay-off relief you expect, your money will be returned. Hickory Drug Company always has a supply of Rheuma and guarantees it to you. adv.

GERMAN WIRELESS PLANT REPORTED IN MEXICO

Washington, March 9.—Information reached the government from a semi-official source that through a powerful wireless telegraph plant in Mexico City direct communication between the Mexican capital and Germany has been established. Officers realize that if confirmed this news is of great importance, and an investigation has been ordered. Through connection by Mexico City with the land telegraphs leading into the United States, Germany would be able to secure complete exemption from the censorship now imposed on its communications by the American government at the wireless stations at Sayville and Tuckerton, and by the British and French governments in their control of the Atlantic cables.

Far-reaching possibilities thus would be opened for the violation of American neutrality, or even for raiding and submarines might be directed and full information concerning the departure of ships from American ports furnished. From other semi-official sources, information has reached Washington that secret meetings are being held by Germans in Vera Cruz and in Monterey to determine upon uniform action in the event of an outbreak of war between the United States and Germany.

"PEARL OF THE ARMY" TODAY AT THE PASTIME

The following is a short synopsis of the 9th episode of "Pearl of the Army" Pathe's great preparedness serial which will be shown at the Pastime this afternoon and tonight.

Pearl and Adams' escape from their prison room on board the Silent Menace's schooner, Pearl by overcoming the cabin boy and disguising herself in his costume. She then releases Adams and bids him to take a boat tied to the stern and hurry with a note to her father to bring help to the Aines Building where she has learned the Silent Menace is to confer with unscrupulous munition manufacturers. She then hides in a box aboard the boat which contains some deadly bombs which is to be taken to the Aines Building that night.

When the box is opened Pearl bobs up bomb in hand threatening to blow them all to pieces if they move a step. Holding them at bay she plays with them until Col. Dare arrives with the soldiers. The minutes lengthen, seeming like hours. The Silent Menace, realizing that he must act and do it quickly, suddenly fires at Pearl's hand holding the bomb. The bomb drops and—but come to see for yourself—it is too thrilling to describe with words.

CARD OF THANKS

I take this method of thanking my friends for their sympathy and help during the illness and after the death of my brother, Peter Zotos. I shall never forget their friendship. JAMES VILLAS.

PIRATES GO SOUTH

(By Associated Press.) Pittsburgh, March 9.—The first delegation of Pittsburgh Nationals left here today for the clubs training grounds at Columbus, Ga.

PRESIDENT ANDREW AT REFORMED CHURCH

Rev. J. D. Andrew of Newton will preach at the special services at the Reformed church tonight. All are cordially invited to attend.

ALSO THE OLD GRINDSTONE

In the old benighted days the washtub was thought the best athletic for a young woman—and, for that matter, the sawbuck for a young man.—St. Louis Globe-Democrat.

OUCH! Will you please take me when skating with a young man and you wish to sit down, which would be the way to express yourself?—Query to Denver Express.

HONEST CONFESSION Shrew (contemptuously) — What would you have been if it weren't for my money? Shrewd — A bachelor. — Stanford Chaparral.

For Those Who Suffer Pain in Stomach, Back or Joints

(By Samuel Hamilton, M. D.) In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutzner, Pavlov, Fowler, Hawk, prove that an abundance of water is necessary in good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking-soda, drinking it an hour before each meal. If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. Anuric (double strength) can be found at any good drug store, and was first discovered by Dr. Pierce, of the Surgical Institute in Buffalo, N. Y.

When run-down, when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially in this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure are also often noticed. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar. adv.

ITALY WILL REDEEM ALL HER WAR BONDS

(By Associated Press.) Rome, March 9.—Italy will be able to redeem her war bonds to the last lire through the earnings of the new industrial enterprises developed by the war, according to Minister of State Luigi Luzzatti, Italy's best known financier. To a correspondent of the Associated Press he said: "Italy is far richer than strangers give her credit for. It is a striking fact that we have surprised ourselves during the struggles of this war. In time of danger we have discovered capacities which have astonished us, particularly in our industries. We have now operating more than 2006 factories for war materials, employing about a half million workers.

IF WE ONLY COULD RESIST. by F. R. Paul

Americans know how saving are the Italians who go to them. Therefore it may not astonish them to know that in war time our saving banks are actually increasing their deposits, despite the heavy popular subscriptions to our war loans.

"Among all the new nations, this I wish to declare: Italy in the past has always been the best payer of debts, punctually; no one more than we have a stricter idea of the day day of payment, the keeping of which constitutes the financial honor of a people, an honor which should be as political honor.

"All the foreign governments that extended us faith and credit when we were Piedmont and later when we were United Italy have been satisfied. We sold them our loans far below par thereby giving high rates

of interest and other profits; afterwards, we were happily able to take up our loans at face value and when our bank bills were the equal of gold money values in every country, even that of the American dollar. We had no difficulty in converting the national bonds to the value of \$1,600,000,000 or \$8,000,000,000 lire.

"In July, 1914, Italian money was quoted at par in New York. The sorrows and hazards of the war came, and today our money has depreciated thereby more than thirty per cent.

"Already there are nations seeking to occupy the place in Italy held before the war by Germany. Among these are said to be the United States. We welcome commercial relations with the United States. We are already a large buyer of her goods. But if the United States wishes to trade with us, would it not be better

to show her interest substantially? "Undoubtedly we are suffering from the old time-worn system of international exchange which permits of fortunes being made through speculation. What we need and what the world needs is an international Chamber of Compensation which I have proposed many times, the latest time being at Paris last year. The operation of which would be a great peaceful bond sustained by honest, reciprocal interests.

"Europe ust now has too much paper money while the United States has too much gold. The United States not only should, but will have to restore the gold to the countries which suffer from the lack of it, and the sooner she restores it the sooner will she ameliorate the crisis which always comes to a country too rich in gold."
