### HICKORY PEOPLE PREPARE FOR STRIKE

Threat of a gigantic railroad strike which, if it materializes, would shut Hickory off from the outside world, so far as freight is concerned, caused many households today to lay in supplies of staple groceries. The various stores were busy receiving orders, and customers are being taken care of. There will be no material shortage here for some time, it was said, and unless the strike should continue for several weeks, Hickory people will not suffer hardships.

Many people did not believe a strike would take place. It was said that many Southern Railway engineers and conductors would not strike at this time and there was confidence that the plan of the brotherhoods in this section would prove a failure.

### WHEN COURAGE FAILED

Topeka State Journal.

The family was having guests to dinner, and 6 year old Edward had his supper alone and was sent to bed somewhat earlier than usual. The appetizing aroma of roast turkey, in which he had not shared, reached him as he lay awake pondering over his hard fate, and he decided to descend to the dining room and claim his right.

But when father, beholding the small figure at the door, demanded sternly, "Well, sir, what do you want?" Edward's courage fell, and he answered apologetically, "I just came to see if you would lend me a bone when you're through with it."
