### WALKER CASE ARGUED IN SUPREME COURT

Raleigh, May 3.—Uncle Mose Harshaw and John T. Burke did all that could be done yesterday for C. A. Walker, now under sentence of death for the murder of Florence Sutphin of Caldwell county.

Walker is a boy of 19 who killed the girl of 15. They were sweethearts and had been for a long time. The evidence is that the young girl and two children left home Sunday afternoon, October 1, 1916, to visit a neighbor and that Walker lay in wait for the girl. When he asked her to restore him to her former good graces times.

she refused and he shot her three times. Mr. Burke used the Bible to all the purpose that it may be put and Uncle Mose did his best, but the supreme court was as inquisitive as a boy. Uncle Mose thought the boy killed the girl in a fit of love but the court was disposed to think the three shots rather overdid the fit act. The circumstance was used to show that there was no premeditation or deliberation although the boy's flight was played upon.

The case was argued by Assistant Attorney General Sykes who had an uncommon amount of near-poetry which the lovers wrote each other in their courting days. It had tragedy throughout. Walker is in the penitentiary now awaiting the result of the court's hearing.

### "PATRIA" COMING TO PASTIME FRIDAY

The first episode of "Patria," the Serial Supreme will be shown at the Pastime theatre Friday May 4th.

"Patria" is a patriotic story of the nation's needs, a story of thrilling adventures on land and sea, and a story with love as its keynote. She may truly be considered one of the idols of society, one of the favorites of fortune, her grace, charm and individuality having brought her this enviable distinction. The winsome personality of Mrs. Castle and her seemingly inexhaustible wardrobe of stunning creations, and the theme of this great picture, unselfish patriotism, a production that should satisfy the most ardent lovers, alike, of beauty and of melodrama.

The Pastime orchestra will play for the occasion. A special Matinee is announced by the management for the ladies Friday afternoon.

### KILL YOUR FLIES

Wake up, it's fly time! Seize your swatter and get busy. Every fly killed in an element of safety added. Every fly left to thrive and propagate hosts of little flies is an element of danger. The doctors warn us that the pest is a specialist in the transmission of disease germs. He dances on the things you eat and brings to deposit upon them his many toes full of the filth from garbage receptacles and places where disease is rife. He delights in dirt and filth and it is a source of joy to him to sprinkle your food with poison. Kill him! Kill him!

The State Journal has this to say upon the subject: "Kill at once every fly you can find and burn his body. Observers say that there are many reasons to believe there will be more flies this season than for a number of years. 'The killing of just one fly now means there will be billions and trillions next summer. Clean up your own premises; see and insist that your neighbors do likewise. Especially clean 'out-of-the-way places' and every nook and cranny. Flies will not go where there is nothing to eat, and their principal diet is too filthy to mention. 'The fly has no equal as a germ carrier,' as many as five hundred million germs have been found in and on the body of a single fly. It is definitely known that the fly is the 'carrier' of the germs of typhoid fever; it is widely believed that it is also the 'carrier' of other diseases, including possibly, infantile paralysis. The very presence of a fly is a signal and notification that a house-keeper is uncleanly and inefficient. 'Do not wait until the insects begin to pester; anticipate the annoyance. April, May and June are the best months to conduct an anti-fly campaign. The farming and suburban districts provide ideal breeding places, and the new-born flies do not remain at their birth-place, but migrate, using railroads and other means of transportation, to towns and cities. 'Kill the flies and save lives!'—Exchange.

## First Episode at the Pastime May, 4th.

### The Best Dressed and Best Known Woman in America

"Patria" is ready for your verdict. In addition to being the serial supreme, "Patria" introduces to motion-picture audiences, Mrs. Vernon Castle supported by an all-star cast including Milton Cills, Warner Oland, Dorothy Green and Marie Walcamp. "Patria" is an ideal combination of the author at his best, and a cast unexcelled in photoplaydom.

Louis Joseph Vance has written a story which is a supreme triumph. "Patria" is the finest expression of the best American spirit that our generation has given forth. Full of the thrills of hazardous adventure, unforgettable for its charm of wholesome romance—graced by the appearance of a concentration of Americanism in Mrs. Vernon Castle—"Patria" easily holds the laurels of all plays appealing to Americans. It is a picture which moves with snap—the acting is true to life—and the well developed plot is one you will enjoy.
