JOINS CANADIAN ARMY

Newton, May 23.—After a silence of eighteen months, Daniel Yount, son of the late D. Pink Yount, and brother of Policeman J. M. Yount, writes his relatives that he has joined the Canadian army and it is supposed he is now "somewhere in France." Yount left this country several years ago to work in Hannibal, Mo. More than a year ago he left Missouri and nothing had been heard of him until recently, when relatives in Missouri, and later kinsfolk here learned from a belated message that he was with the Canadian troops.

"JULEP" DISPENSER BEFORE COURT AGAIN

Newton, May 23.—A. R. Miller, merchant at Lookout dam, who several weeks ago was fined \$100 and costs and appealed, on charge of selling manufactured cider, called "julep" in violation of the prohibition law, was before county court yesterday on a similar charge. He had a jury trial, was convicted and sentenced to six months. In extenuation of his offense the second time, he said that nobody told him not to sell the stuff, even his attorney. The fact that he was convicted the first time did not appear to have impressed him as being a bar to repeating the sale. He appealed again and bond was fixed at \$500. His attorney this time explained to him strictly that he was not to sell "julep" any more, until superior court decided whether or not it was prohibited. As in the first trial, there was a crowd of witnesses, for "julep" seems to be a popular drink.

THE BUTTERFLY

I hold you at last in my hand, Exquisite child of the air. Can I ever understand How you grew to be so fair? You came to my linden tree To taste its delicious sweet, I sitting here in the shadow and shine Playing around its feet. Now I hold you fast in my hands, You marvellous butterfly Till you help me to understand The eternal mystery. From that creeping thing in the dust To this shining bliss in the blue! God give me courage to trust I can break my chrysalis too! —Alice Freeman Palmer.

By the Associated Press. Cairo, May 23.—Government revenues in Egypt have this year risen to the highest point ever recorded, and this has been accomplished without any war increase in direct taxation, which is the lowest in Egypt of any country comprised within the British empire.
