PUBLICATION OFFICE: 1402 ELEVENTH AVENUE

Entered as second class matter September 14, 1916, at the postoffice at Hickory, N. C., under the act of March 3, 1879.

ASSOCIATED PRESS REPORTS TUESDAY, MAY 29, 1917 PROPOSED RATE INCREASE

The request of the railroad managers of the country for an increase of freight rates of 15 per cent will be considered by the interstate commission on its merits.

It is a fact that the Adamson law has greatly increased the burdens of the carriers and the increase in the cost of material has affected the railroads as much as any other business.

Increased freight rates is an indirect tax on the consumer, but the consumer is more concerned in obtaining service. It is probable that if the carriers had been able to purchase all the rolling stock they needed, they would not have to eliminate so many passenger trains throughout the country.

It is to be hoped that the power which fixes the rates will see to it that a certain proportion of the revenues goes into supplies and rolling stock.

This part of the south is in position to sympathize with those middle western and southern states which were swept by tornadoes last week. We know what a flood is, if we have never experienced a tornado.

George Sylvester Viereck makes a plea that Americans of German descent be exempted from fighting Germany. We are almost willing to agree to that, provided the men themselves are willing to it, if an exception will be made of George.

Persons with small incomes might be able to interest their banks in a proposition to sell them liberty bonds on easy terms—say a dollar a week for 50 weeks. No better investment could be made.

It has been nearly a year since the German battle fleet went that victory over the British fleet, and it is about time the second and final chapter should be written.

Catawba sweet potato plants are in demand these days. Any farmer who has them for sale can find a market to his order by glancing at the Record want column.

Irish fishing boats are being destroyed by German submarines just to show Erin that his friends love him like they do the Spaniards and Swedes.

LIBERTY BONDS

News and Observer. The \$2,000,000,000 Liberty Bond issue to finance the United States during the war is divided so anyone can share it. The bonds come in two forms: coupon and registered.

Coupon bonds are the more popular, coming in denominations of \$50, \$100, \$500 and \$1,000. Principal and interest are payable to bearer person to another.

Registered bonds, in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000, have the owner's name registered with the government and interest is paid by check mailed direct from Washington. The owner may choose any interest is 3 1-2 per cent, payable each half year, on June 15 and December 15. The bonds are exempt from taxation, except inheritance taxes.

The terms of the bonds are 30 years, although the government may redeem them at will after June 15, 1932. If any later series of long-term bonds is issued by the government at a higher rate of interest, Liberty

SEVERAL CHILDREN AND INFANTS DIE IN COUNTRY

The Newton Enterprise contains the following account of several deaths of children. In no time in the past, it seems, has death paid such frequent visits to homes in this community during a similar period of time, especially among children, as during the last few days. Accidents occurring Friday took two young boys, who, with John Miller, died some time ago as a result of an accident, makes three boys who have been victims of accidental death.

Brown Lee Setzer, 12 years old last Christmas day, son of Mr. and Mrs. D. Lee Setzer, died at 2 a. m. Sunday, as the result of a blow received Friday when a piece of plank was thrown by a saw in the plant of the Setzer Lumber Company, striking him across the abdomen. He was rendered unconscious, but rallied and it was not thought the accident would prove serious. About midnight Saturday night he was suddenly seized, became unconscious, suffering a spasm, and although physicians were summoned hastily, Dr. Shuford coming in rapid time from Hickory, the lad died two hours afterward. The funeral was held Sunday at 5 p. m. Rev. W. L. Hutchins conducting service in Eastview cemetery. Tenderest sympathy is felt for the family.

Friday Earl Gilbert, 11 year-old son of Jailor and Mrs. John O. Gilbert, working with a 22-calibre rifle, muzzle toward him, was shot through the intestines, and was immediately taken to Hickory where an operation was performed, without avail, and the lad died Sunday afternoon. The funeral was held here at 2 p. m. Rev. W. W. Rowe conducting service in Eastview. The rifle was an old one and not much account. One boy had sold scrap iron for 11 cents and purchased it; sold it to another boy for 15 cents, and the small Gilbert boy then bought it and the fatal result followed soon after. The community sympathizes with the family in the sudden, tragic bereavement.

St. Paul's church, 11 months-old child of Robert Spencer of Conover was buried at Conover; and yesterday morning the 14-months-old child of Mr. and Mrs. J. Lawrence Hornum died, at 6 o'clock, and the funeral was held at St. Paul's yesterday afternoon, Rev. W. W. Rowe holding service.

GIVES ADVICE ON BLOOD TROUBLE

Warns Against Alcoholic Patent Medicine—Injure Kidneys Says Writer Below

Many people taking iron in one form or another, seeking richer, better blood, health and vitality, make a serious mistake, according to a well known writer on the subject.

"If people realized that the kidneys are instructed with the duty of filtering the blood of impurities, uric acid and other poisons, they would certainly not take alcoholic 'patent' medicines as recklessly as they do. Alcohol is very bad for the kidneys, not to mention stomach nerves and liver. Any doctor will tell you that.

"Go to the nearest drug store and get a fifty-cent or dollar bottle of natural iron, known as acid mineral. This is pure, highly concentrated and goes twice to ten times as far. One-half teaspoonful in a glass of water is a dose. Take after meals and on going to bed.

Not Patent Remedy Nature in her own inimitable way mixed it—kept it pure, down in the earth. Acid Iron Mineral is not a patent medicine. It helps instead of injuring teeth, kidneys, bladder and nerves. All druggists, of course, have it. A large bottle of Acid Mineral will be sent anywhere prepaid upon receipt of one dollar. Ferrudine Chemical Corp., Roanoke, Va.

BOSTON WOMAN RECOMMENDING IT TO HER FRIENDS

Popular Boston Lady Says Tonaline Has Proven a Godsend to Her

It is always interesting to listen to the statements of our friends, and especially when you know they are sincere and honest in what they say. Added interest is created in a statement coming from one who has spent a lifetime in Boston, where she is well known socially.

Such a person is Annie Stewart, who resides in Boston, and is possessed of the respect and confidence of her associates, and is willing for anyone to call on her to verify the following signed testimonial.

"I have suffered from stomach trouble for the past seven years. It took the form of indigestion and dyspepsia. I had dizzy spells and headaches, and after I ate a little food it would ferment and cause gas to form in my stomach. I had pains all over my body, and was chronically constipated. My liver was torpid and I felt generally miserable. I had doctored and had been in the hospital, but received no permanent relief. I was so nervous and restless that at night I could scarcely sleep. The gas pressing under my heart caused palpitation, and when I arose in the morning I was just as tired as when I retired. About two weeks ago I began to take tonoline, and I can truthfully state that it has done wonders in my case. I am feeling like a new woman and can eat any kind of food. I sleep the night through and have no more aches or pains; in fact, it has cured me, and I am recommending it to all of my friends, as it has been a God-send to me."

Lutz's Drug Store Co. sell and guarantee tonoline. There are numerous symptoms of this trouble that tonoline can relieve. In fact, any of the following may denote affections of the stomach:

bondholders may convert their bonds for an equal amount of the later issue. Two per cent of the bonds to be bought is payable on application must be before June 15. The balance is payable in four installments, 18 per cent on June 28; 20 per cent on July 30; 30 per cent on August 30. These are the terms stipulated by the government, but the banks of the country, and many corporations, will sell the bonds on small payments, as low as \$1.00 a week on every \$50, as purchasers may desire.

Certificates will be issued to applicants when the second installment is paid and the bonds themselves will be delivered on payment of the full amount, after June 28.

indigestion, dyspepsia, belching of wind, bad breath, sick throbbing headache, poor circulation, night sweats, that tired feeling, constiveness, coated tongue or a poor complexion. Caution—As tonoline is recommended as a flesh builder those not wishing to increase their weight 1g pounds or more should not take it continuously. adv

Lax-Fos, A Mild, Effective Laxative & Liver Tonic Does Not Grip nor Disturb the Stomach. In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not gripe nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c

Just a Few Details That Are Different:

"All cars are good cars," said a man the other day, "but some cars are better than others."

Of course we admit that the Studebaker car is better, but let us call your attention to a few details that you don't find in other cars:

The front seats are individual adjustable chairs, removable or reversible. You can take them out, or the passenger in the right hand front seat can turn and face the passengers in the back seat.

The Studebaker Four is a beautiful 5-passenger car, lighter than the average, stronger than the strongest, and more powerful than the most powerful of other makes. But cleverly concealed under the tonneau seats, there are two folded arm chairs which instantly convert the Studebaker 5-Passenger Touring car into a big roomy 7-Passenger Touring car—if you are a car owner you have been impressively taught that there are times when two extra seats are a great convenience.

Studebaker cars are upholstered in genuine leather, but not just genuine leather like many other cars. Studebaker uses exactly the same quality of genuine long-grain, semi-glazed leathers as you find in cars costing from \$2,000 up—leather that costs 50 per cent more than the average kind Studebaker buys its leather like it buys its steel, the best in the market.

Three Gold Prizes

In order to help along the sale of the Liberty Loan, the First National Bank of Hickory offers three Gold Prizes, first, second and third, \$10.00, \$5.00 and \$2.50, to be given to the boys or girls who sell the most bonds. The contest will close June 8th at 3 o'clock, and any person can enter by filing his name and getting a supply of blanks. The prizes are not offered for the largest amount subscribed but for the largest number of individual subscribers, as the Government is anxious to enlist as many small subscribers as possible.

Nearly every person can take a bond, which are sold in denominations of \$50 or \$100 and upward, and if the subscriber has not the ready money with which to make the purchase, the Bank will help to carry him.

The only condition we make is that the subscriptions must be from responsible persons and we reserve the privilege of calling for the 2 per cent initial payment as provided by the government. These bonds pay 3 1-2 per cent.

Blanks and full details will be furnished by the Bank upon application. Get busy and get a prize. Every boy or girl has a lot of friends who will buy bonds.
