ASSOCIATED PRESS REPORTS

MONDAY JUNE 11, 1917

THE NAVY LEAK

Secretary Daniels Saturday made the following statement:
"The navy department has reason to believe that information of a character most valuable to the enemy and which might prove disastrous has in some way reached the enemy."
In other words, the secrets of the navy department are leaking out and finding their way to German enemies. The leak should be located and stopped, if a few first class hangings are necessary to stop it.

The death of two white boys as the result of sleeping on or alongside the railroad tracks Saturday afternoon is deplorable, but nothing less was to have been expected. That boys 16 years of age were wasting their time and lives in such way is even more deplorable.

This community has formed the habit of doing big things and it will make the rally tomorrow night a great one as a matter of course.

The Liberty bond campaign will continue until June 15. Have you a little bond in your safe deposit box?

General Haig is furnishing the Germans with all the action they could desire.

PATRIOTISM AND POLITICS

Lowell Courier-Citizen.
Beware of the future, ye politicians who have been so comfortable and who have waxed so strong in your own conceit at the hands of American politics! It is high time it were recognized by all such that the man who two or three years from now, is recalled as one who in 1917 stood against the effort of the United States of America to make successful war upon a common enemy, will be a pariah and an outcast. One's Americanism is on the eve of being tested—and those who fail of the test will be held in a contempt that will not waver, but rather will increase with the years that are to come. Old political lines are going by the board. Old sources of strength are certain to become outlawed. Old clans are going to be disrupted.

We have heard much talk about hyphenation and racial lines in politics. These are going to be most unfashionable, whatever may have been their potency hitherto. The one thing that counts now is genuine Americanism—and those who disregard it will not for a generation to come recover from the consequences of their error. The time to be wise is now. The man who stays out now stays out for good. People will have none of them.

THE SOCIALIST SPLIT

Providence Journal.
Should such conscription, military or industrial, be forced upon the people, we pledge ourselves to continuous efforts for the repeal of such laws and to the support of all mass movements in opposition to conscription. We pledge ourselves to oppose with all our strength any attempt to raise money for the payment of war expenses by taxing the necessities of life, or issuing bonds which will put the burden on future generations.

This paragraph from the majority report of the St. Louis convention, now being voted on by referendum, to the socialist party of the United States, has already led to the resignation of some loyal American leaders of that party; and Allan L. Benson, the presidential candidate last year, says he will resign if the treasonable declaration against the Liberty loan and the selective draft is adopted. Swarms of socialists left the party in the recent national election, and if the risibolous program proposed at St. Louis goes through, there will be wholesale abandonment of the organization by men who are convinced that it is serving the ends of the pro-German propaganda. If the proclamation to which Mr. Benson and his followers so strongly object had been written by the imperial chancellor it could hardly be more helpful to the German cause.

NUMEROUS VILLAGES WERE DESTROYED BY EARTHQUAKE

San Salvador, June 11.—According to various reports received here, the earthquakes of last week destroyed numerous villages in the department of La Libertad. Other villages suffered considerable damage.
The larger part of the coffee crop in the department of La Libertad is claimed to have been damaged by the ashes thrown out by the volcano, which has been in eruption. Hope is expressed, however, that rain which is falling will wash off the ashes and thus to some extent lessen the damage to the crops.

THE TRAVELING SALESMAN AT THE PASTIME TUESDAY

Frank McIntyre, one of the foremost comedians on the stage, makes his motion picture debut in the Famous Players adaptation of his best known success "The Traveling Salesman," in which he toured the country for three seasons. It is an interesting coincidence that Mr. McIntyre's first appearance on the screen should be made in an adaptation of the play in which he scored his first great success.
"The Traveling Salesman" is the Paramount Picture at the Pastime Theatre Tuesday. It is a remarkable mixture of comedy and drama, in which this jovial comedian is thoroughly at home, having played in every known form of the theatrical presentation from farce and musical comedy to heavy dramas. McIntyre himself has travelled as much as the average salesman in his tours all over the country, and he plays the part with an understanding that gives his performance a complete reality.

RED BLOOD AND COURAGE

(By Dr. W. C. Lucas)
What drives the men right up to the trenches in this war is courage, and it's red blood that "puts the heart" in the men. Did any one ever see a puny, thin-blooded man ever rush into the fight with any chance of winning out? With rich, pure blood you can face any hardship, reach any goal. But you are handicapped in the race of life without it. Every tissue, bone, muscle, should take from the blood certain materials and return to it certain others. The process insures perfect health. When the poisons accumulate in the blood, perhaps the face breaks out in pimples, or boils appear on the neck, and we feel languid, tired, out vitality is at a low ebb, and we easily catch cold.
It's time to take an alterative extract and blood-purifier taken from Nature's forests. Such a one is made up of Golden Seal, Blood and Stone root, Oregon Grape and Queen's root—extracted with glycerine and made into sugar-coated tablets or liquid, and this has been sold by druggists for the past fifty years as Dr. Pierce's Golden Medical Discovery. It's always efficacious in the spring when the blood is run down and you need a wholesome tonic. Try this old-fashioned but reliable remedy, without alcohol!
If you are occasionally troubled with rheumatic pains or lumbago, pain in the back, toes or muscles of the body, this is due to uric acid stored in the system. The liver and kidneys do not act properly. For such a person, I advise taking Anuric (double strength) three times daily for a week or two. This Anuric throws off the uric acid which accumulates, and if taken occasionally will prevent or cure rheumatism and gout. There is no difficulty in obtaining Anuric at any drug store. adv.

Everywhere under the sun—wherever roofs are laid—Certain-teed stands for these two things: Efficiency Economy

CERTAIN-TEED roofing is the most efficient and economical type of roof for factories, office buildings, farm buildings, garages, etc., because the first cost is less than that of metal, wood shingles, or tar and gravel. This is particularly so now, because of the present high prices of some of the materials. CERTAIN-TEED costs less to lay than any other kind of roof. It will not rust, is not affected by fumes, gases and acids, coal smoke, etc.; it is light weight and fire retardant. Every rain washes it clean; and it does not melt or run under the hot rays of the sun, nor can it clog gutters and down spouts.

Certain-teed Roofing

is the best quality of prepared roofing. It pays to get the best. The only difference between the first cost of a good roof and a poor one is in the materials—the labor, freight, etc., costs the same in both. As CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years according to thickness (1, 2 or 3 ply) it will be in splendid condition years after a poor quality roof has to be replaced.
For residences, Slate Surfaced Asphalt Shingles have all the advantages of CERTAIN-TEED Roofing, plus artistic beauty; not bulky, and are uniform in weight, quality and appearance. They need no paint, are pliable, eliminate waste and misfits, cannot curl, buckle, rot or crack. Guaranteed for ten years. Investigate CERTAIN-TEED before deciding on any type of roof. For sale by dealers everywhere.

Certain-teed Paints and Varnishes

are good, reliable products made by experienced paint men, who have at their command all the machinery, equipment, materials and resources necessary to manufacture good paints and varnishes economically—as well as the extensive selling organization and warehouse system of the Certain-teed Products Corporation, which materially reduces marketing costs. Guaranteed to give satisfaction.
It will pay you to see that you get CERTAIN-TEED Paints and Varnishes. Any good dealer can sell them to you or get them for you.
