

**Do You Have Headache?**

If you do, very likely it comes from your eyes and can be relieved with properly fitted glasses. Eye strains, headache and nervous troubles, the result of optical defects can be relieved. My examinations are made by the most modern methods and greatest care exercised in the selection of the proper formula for the lenses in every instance.

Miss Frank Martin will meet her art class this week. For further information phone number 3. 5 12 tf

Born to Mr. and Mrs. C. C. Green of Charlotte a son, Mrs. Green was formerly Miss Eliza White of this city.

A most enjoyable dance was given last evening by the young men, about twenty couples participating. Music was furnished by an orchestra.

Mrs. S. P. Withers of Abingdon, Va. arrived in the city this morning to spend several weeks with Mr. and Mrs. E. Bryan Jones, the latter her sister.

Mrs. Chas. Chalker and sons, Chas. Jr., and James of Jacksonville, Fla., are the guests of Mrs. Chalker's parents, Mr. and Mrs. W. H. Wilfong.

The people in the vicinity of Bethel church have had an appointment for Dr. Hoyle to deliver an address at that church on Sunday afternoon at 3 o'clock. The public is invited to be present.

It will be of interest to a large number of her friends that Miss Cecilia Turner of Richmond, Va., will sail this week for France as a Red Cross nurse. Miss Turner is a niece of Mr. T. M. Johnston and has frequently visited here.

Miss Mary Abernethy who has been in school at Hood College, Fredrick, Md., for the past year returned home last night. Miss Abernethy was accompanied home by a classmate, Miss Mary Jones of Pittsburgh, Pa., who will spend several weeks in Hickory.

Mr. and Mrs. C. T. Morrison are on a motor trip through the mountains from Asheville to Knoxville, Tenn., and in a card to the Record, Mr. Morrison says the roads are good from Old Fort to Asheville, though they are nothing to brag on between Hickory and Old Fort.

Mr. J. O. Whisnant, who lives near Baker's Mountain, was the first man to produce ripe tomatoes this summer, bringing in a few today. They were not what they will be in a few days, but they were early winners. The fruit is about two weeks behind and last year Mr. Whisnant had furnished many tomatoes for the local market on this date. He is one of the best young farmers in the country, and is making a splendid success.

**AMERICA THE BEAUTIFUL**

O beautiful for spacious skies,  
For amber waves of grain,  
For purple mountain majesties  
Above the fruited plain!  
America! America!  
God shed his grace on thee,  
And crown thy good with brotherhood,  
From sea to shining sea!

O beautiful for pilgrim feet,  
Whose stern, impassioned stress  
A thoroughfare for freedom beat  
Across the wilderness!  
America! America!  
God mend thine every flaw,  
Confirm thy soul in self-control,  
The liberty in law!

O beautiful for heroes proved  
In liberating strife,  
Who more than self their country  
loved,  
And mercy more than life!  
America! America!  
May God thy gold refine,  
Till all success be nobleness,  
And every gain divine!

O beautiful for patriot dream  
That sees beyond the years  
Thine alabaster cities gleam  
Undimmed by human tears!  
America! America!  
God shed his grace on thee  
And crown thy good with brotherhood  
From sea to shining sea!  
—Katharine Lee Bates

**BABY MARIE OSBORNE COMING TO HUB SATURDAY**

Another Little Mary Sunshine picture, starring Baby Marie Osborne is to be shown at the Hub Saturday. Everyone remembers "Little Mary Sunshine" and "Shadows and Sunshine" which made two of the biggest hits ever scored by a motion picture in Hickory.

A particular interesting point about the production of "Joy and the Dragon," Little Marie's latest vehicle, is that in it her director, Henry King also plays an important part. In addition to them, the cast includes Ruth Lackaye and J. Cullen Landis.

The story is by Will. M. Ritchey, one of the most successful scenario writers in the business and it deals with the manner in which Little Joy succeeds in softening a hardened miner and restoring him, a changed man, to his father. In addition she is responsible for saving the miner's life and is the means of rounding up a band of clever crooks.

**NOTICE TO PROPERTY OWNERS**  
To W. E. Miller, Mrs. H. C. Dixon, G. P. Suttlemyre, Peeler Estate, P. P. Jones, T. I. Linn, Crouch Cabinet Co., P. A. Rowe, J. E. Perkins, James Frye, Lyerly estate, Mrs. J. R. Bumgarner, David Rowe, Hickory Mfg. Co., Ellis Estate, Latta-Martin Pump Co., property owners on 11th avenue between 15th and 20th street; you are hereby notified that the City Council at a regular meeting March 6th, 1917, declared 11th avenue between 15th and 20th streets a permanent improvement district and have set Monday June 25th, 1917 at 8 p. m. as the time for hearing abutting property owners interested in the above improvement, to appear and show cause, if any, why such assessment should not be made.

This June 15th, 1917.

**BIRDS WARN SOLDIERS**

Quick to Detect Approach of the Deadly Gas

Tit Bits.  
One of the favorite characters in the folk lore of all nations is the kindly disposed fish, or bird, or frog, or rabbit, who heaps benefits upon the hero, coming to his rescue in moments of peril at the very nick of time.

This pretty fairy tale is coming true at present for the heroes of the trenches, whenever those grim ditches have been dug near a forest or orchard. For the birds overhead give warning of the approach of the noxious fumes of asphyxiating gas before it is perceptible to the senses of the soldiers.

Dr. Cabanes, writing in La Chronique Medicale, says that the birds are aroused from their slumbers before the odor of the gas has been detected in the trenches, and at once begin to make a confused clamor as they hastily take their flight to the trees. By showing the men behind the guns to don gas masks and be ready for the deadly unseen foe. This circumstance is in accord with the well known use of a canary to detect four air in mines, and it seems probable that the superior sensitiveness of birds in this respect is due to the highly oxygenated condition of their blood, causing them to suffer from the slightest lack of oxygen.

**BACK TO THE ROBIN**

Louisville Courier-Journal.  
The robin in the park we meet  
From morning until night,  
He seems to get enough to eat  
With nothing much in sight.

You never hear the robin sob  
About his empty cup,  
By sticking closely to the job  
He picks a living up.

**BABY MARIE OSBORNE AT THE HUB SATURDAY**

The following is a short synopsis of the story of "Joy and The Dragon," featuring that dear little Baby Marie Osborne that every little child in Hickory loves and wants to see, which will be shown at the Hub Saturday. Baby Marie Osborne, the youngest star appearing on the screen today and her admirers are legion wherever motion pictures are shown. In "Joy and the Dragon" she is found by some fishermen lashed to a frail raft at the mercy of wind and wave, a wee survivor of a ship hit by a mine. In the charming manner she tells them: "My name is Joy—Mamma's joy—Papa just fell in with the fishes and ain't back yet! If you have never seen Baby Marie Osborne you have one of the rare treats of motion pictures and you should see this wonderful little actress in "Joy and the Dragon." You will love her.

President Wilson's flag day speech, like all of his utterances, was to the point. He told the American people that Germany had control of the country desired to create the empire that would control the world, and he impressed his countrymen with the danger that confronted them.

The army officers also are able to shoot the bull.

**FOR THOSE WHO SUFFER PAIN IN STOMACH, BACK OR JOINTS**

(By Samuel Hamilton, M. D.)  
In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutner, Pavlov, Fowler, Hawk, prove that an abundance of water is necessary in good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking-soda, drinking it an hour before each meal. If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or the neck, take a little Anuric before meals. Anuric (double strength) can be found at any good drug store, and was first discovered by Dr. Pierce, of the Surgical Institute in Buffalo, N. Y.

When run-down, when life indoors has brought about a stagnate condition in the circulation—most everybody is filled with uric acid—especially is this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Back-ache, frequent urination of the pains and stiffness of the joints and high blood-pressure are also often noted. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar.

**Vigorous Men and Women are in Demand**

If your ambition has left you, your happiness has gone forever unless you take advantage of Hickory Drug Co.'s magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.
