GOOD FEATURES CHAUTAUQUA PROGRAM

The Chautauqua Association, whose program at Hickory is to open on Saturday, has announced a series of features which promise to arouse an enthusiastic response from local Chautauqua goers. Two members of especial interest will be the lectures on the European war by Peter McQueen and Percy Alden, M. P. Dr. McQueen has just returned to this country from a three months visit in the trenches of France, bringing with him some remarkable pictures which he will use to illustrate his lecture. A traveller and war correspondent of note, he has been on every battlefield and can speak of the war from the inside. Percy Alden is a member of the English parliament who comes to America with a special word of greeting from Lord Bryce, and commissioned by the acting secretary of foreign affairs. Dr. Paul M. Pearson, director of the Chautauqua circuit, made a special trip to Europe to secure the services of this statesman, and Hickory may consider itself fortunate to have the opportunity of hearing him. These two lectures will give to Americans a picture and an understanding of the great conflict that could be obtained in no other way.

Of equal interest to the war lectures, perhaps, will be the famous American drama, "The Old Homestead" and the comic opera "The Chimes of Normandy," which are to appear on Wednesday and Friday nights of next week. The presentation of anything so elaborate in a Chautauqua tent represents quite an achievement and is proving immensely popular. The "Chimes of Normandy," full of beautiful music and rollicking humor, is to be given with a full cast, scenery, chorus and orchestra. "The Old Homestead" is well known throughout the country as probably the most popular of all American plays. It brings with it to Hickory the original Old Homestead quartet whose old fashioned melody has been a big factor in the success of the play. They will give also a special concert at the tent on Wednesday afternoon.

Chautauqua week will not be lacking in other musical treats. The McKinnie Operatic Company is to give the best act from Il Trovatore on the opening night—an act which contains some of the most beautiful music in the whole realm of grand opera. Laura Newell, a talented harpist and Mme. Justine Shannon, fresh from a two years grand opera tour in Europe, will be here with the Symphonic Orchestral Club on Thursday, while Skilrusky, a virtuoso violinist will play on Monday.

There is to be an evening of magic for the kiddies, and two lectures on health for the grown-ups by two of the most forceful speakers in America—Dr. Carolyn Geisel, of Battle Creek, Mich., and Frank Dixon, brother of Thomas Dixon, author of "The Clansman."

The single admission prices to these programs amount to a total of \$4.85, but a season ticket at \$2.00, admits to everything, and is transferable. Children's tickets are \$1.00, and besides being good for all the programs admits to the morning children's play hour of the Junior Chautauqua. The bringing to Hickory of this splendid program of recreation, inspiration and recreation is made possible only by the patriotism and generosity of a few leading citizens who guarantee to sell a large number of season tickets. Chautauqua is a community affair and can live only if it is cordially supported by the citizens of the community. It is to be hoped then that every family in Hickory will help by buying at least one ticket for the "seven joyous days."

SPECIAL AT HUB SATURDAY

The Hickory picture, Mutt and Jeff and Ford's weekly will be shown at the Hub Saturday, June 23rd. Manager J. F. Miller has purchased the Hickory picture and will show it Saturday again to give all those who have not yet seen it a chance to see it. The admission will be 5 and 10c.

The New Remedy Now Known as Ironized Paw-Paw. It Soothes the Nerves, Transforms Weak, Anaemic Men and Women Into Perfect Health, and Gives the Stomach Abiding Strength.

READ WHAT MR. JOHN DEAL SAYS:

Greater and greater grows the public interest in the new remedy, Ironized Paw-Paw. Never has such

a demand for a new remedy been created in a few days. People who have been unable to retain any solids in their stomachs now declare that they can eat a hearty meal without any discomfort. The most marvelous effect of Ironized Paw-Paw is its wonderful curative power upon the nerves. No better remedy was ever compounded for the stomach and liver; it makes good, rich blood, which in turn strengthens and vitalizes the whole nervous system.

"Iron Man" Receiving Orders

"Anybody in doubt as to the merits of Ironized Paw-Paw call on me," says Mr. John Deal, of 17 Taylor street, Baltimore. He said further, "After suffering from stomach and nerve troubles for many years and having been treated in various ways, I was unable to find relief until I was advised to try a bottle of Ironized Paw-Paw, which I am glad to say gave me relief almost after the first dose. My stomach was in such a bad condition that I could not practically eat anything. My spirits finally became depressed—at times I was irritable, nervous and weak and felt absolutely miserable.

"Thanks to Ironized Paw-Paw, which I am indeed glad to recommend, my stomach digests my food perfectly. I feel so good that I can hardly realize the change. In the morning I feel fresh as a daisy and hard work has no terrors for me. I am going to continue the Ironized Paw-Paw treatment; it is exactly what I needed."

This reliable tonic, Ironized Paw-Paw, is on sale and recommended by Hickory Drug Co., where you can meet the "Iron Man," who will explain and give you all information you may need. Formula on every bottle. Mail orders filled promptly. Price \$1.

NASH COUNTY IS FIGHTING EPIDEMIC OF HOG CHOLERA
Rocky Mount, June 22.—County Agent Borroughs reports that hog cholera is raging in Nash and that the number of cases has nearly doubled because of lack of attention. The agent reports that vaccination against the disease is being carried on, but there is not enough of it to stop the ravages of the cholera. Agent Borroughs warns the farmers against the ravages of this disease and in an appeal to them tells how to put the present outbreak under control. The county agent asks the cooperation of the farmers and work is now under way to control the outbreak.
