HICKORY ICE

Is not a "make-shift" Ice, and "good enough", but it is the VERY BEST that can be made

Nothing except the best enters into its manufacture and no detail is too small to have our most careful attention.

Hickory ice, the Distilled Water Kind, is the best—you can depend on that.

Southern Railway System

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privileges not accorded to others.

The ambition of the Southern Railway Company is to see that every interest that is born of co-operation between the public and the railroads to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To take its niche in the body politic of the South alongside of other great industries with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."

Local and Personal

Miss Muri Fox, of Statesville, is visiting her cousin, Miss Willie Clark.

Mrs. W. A. Hall, who is spending a month in Lenoir, is down for a few days in the city.

Miss Pearl Bumgarner left yesterday for Newton to spend several days with her brother, Rev. W. W. Rowe.

Owing to rehearsals and first aid class work, the Red Cross meeting called for tonight has been postponed until a date to be announced later.

Mrs. Norwood Bass of Spartanburg, S. C., has arrived in the city to spend a few weeks with Mrs. J. L. Springs.

Mr. William Menzies of Duquesne is spending two weeks in the city with his parents, Mr. and Mrs. W. B. Menzies.

Dr. and Mrs. J. H. Shuford and children have returned from Waynesboro, Pa., having motored through the country.

There has been no change in the plan to call out the North Carolina national guard on July 25. Company A will be included in the call.

Many Hickory men were again in New ton today for the Price trial which was expected to begin this afternoon.

The Methodist Sunday school is holding its picnic at Bakers Mountain today. The Baptist Sunday school will hold its outing there Thursday.

Miss Bobbie Foster left today for Charlotte to visit Miss Dorothy Wood. She was accompanied as far as Statesville by her mother, Mrs. R. J. Foster.

Miss Annie McDowell Erwin of Mt. Airy Station, Philadelphia, arrived in the city Friday and expects to spend the rest of the summer with Mr. and Mrs. W. B. Menzies, the latter her sister.

The weather bureau forecasts showers for the eastern part of the state, but passes this section up. However, nearly every part of the piedmont has been visited except the highland on which the best town in the world is located.

Mr. Claud Smith of Conover is in Richard Baker Hospital, where he will undergo an operation for appendicitis. He was brought to the hospital Sunday, but his condition was so bad that an operation was not considered advisable. It may be performed tomorrow.

The First Baptist Sunday school will picnic at Bakers Mountain on Thursday. The first train of cars will leave the church at 8:30 a. m., and the second at 9:30 a. m. Be on hand promptly so there will be no delays in starting. All members, old and young, are earnestly urged to go.

Rev. W. R. Bradshaw's sermon Sunday night on the subject, How to save our town, is being very highly complimented. The key note of it was: Save the people, and you will have saved the town. If this gospel is the only thing that can save the world, then the gospel must save the town.

Messrs. Arthur L. Moser and Ewart Huffman returned today from an eight days' hike through the mountains of western North Carolina. They visited Mount Mitchell and other remote sections and returned by way of Bridgewater, where the Southern Railway Company is building its large impounding reservoir. Mr. Moser said it was one of the best hikes he has ever taken.

WILL AMERICAN SOLDIERS WED ENGLISH GIRLS

By the Associated Press. Liverpool, July 10.—Speculating editorially on whether the men of the American army will marry English wives to any appreciable extent, The Liverpool Post says:

"Will American men marry here? We wonder if the coming of the American army will have any effect upon the matrimonial prospects of our girls. For some reason, the men of the new world have hitherto never shown any great eagerness to take brides from the old, and even the theory that this is because it has not been the way of the American man to cross the Atlantic, though it is consoling to our national vanity, does not work. For it is noticeable that the Canadians, who have abounded in our midst during the past three years, are not nearly as fond of marrying into this country as are, for example, Australians.

Few of the young men from Australia seem to want to return home without English brides, but the Canadians either are married when they come or show a disposition to remain single.

Still, there is no need for the girls to despair yet, and if some of them do not spend their lives as matrons in the United States we shall be surprised. Certainly it will not be their fault, as they show a most amiable desire to like any of the American naval and military and medical men they have seen, although in some ways the fellow citizens of President Wilson are so curiously unlike our own men.

SPECIAL AT THE PASTIME WEDNESDAY, JULY 11

The following is a short synopsis of God's Law and Man's. A five part Metro Wonderplay, featuring Viola Dana which will be shown at the Pastime, Wednesday, July 11.

In God's Law and Man's, the Metro-Columbia screen version of Paul Trent's novel, A Wife by Purchase, directed by John H. Collins, Viola Dana, the star, plays the part of Ameia, a little Hindoo girl, and dances the native Hindoo dances. Miss Dana's first appearance in public was as a dancer, and she is unusually proficient in the art.

Ameia, the heroine of the story is destined for the worship of the temple of Krishna, whose priests demand the youngest and most beautiful girls to be brought to the temple. Kunda Ram, a native lawyer, imposes upon the superstition of her old nurse to send her there. She is saved by Claud Drummond, who is an English surgeon stationed in the region.

Practices and ceremonies in connection with the native religion and superstitions are shown in detail, and the colorful life of the tropics is reproduced on the screen. Miss Dana as Ameia wears the native Hindoo costume, adorned by many strings of vari-colored beads.

God's Law and Man's affords Miss Dana the opportunity for strong emotional acting, combined with the winsomeness of a manner that is peculiar to this little star.

STOCKS OF MEATS IN COLD STORAGE SHOW AN INCREASE

Washington, July 10.—Stocks of meat in storage July 1 showed material increases over stocks one year ago, amounting to about 60 per cent in frozen and cured beef, the bureau of markets reported. Lard supplies are nearly one-half less than last year. Owing to abnormally low stocks of poultry in storage July 1, 1916, the amount now held is almost five times greater.
