

Do You Have Headache?

If you do, very likely it comes from your eyes and can be relieved with properly fitted glasses. Eye strains, headache and nervous troubles, the result of optical defects can be relieved. My examinations are made by the most modern methods and greatest care exercised in the selection of the proper formula for the lenses in every instance.

Geo. E. Bisanar

Watch inspector for Southern and C. and N-W Railways.

HICKORY ICE

Is not a "make-shift" Ice, and "good enough", but it is the VERY BEST that can be made

Nothing except the best enters into its manufacture and no detail is too small to have our most careful attention.

Hickory ice, the Distilled Water Kind, is the best—you can depend on that.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that every citizen of the South has the benefit of the public and the railroads; to see performed that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To take its place in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."

Southern Railway System

Local and Personal

Many visitors are in the mountains and more are arriving each day.

Mr. C. T. Morrison has gone to Cherryville on a business trip.

Miss Susie Hawkins of Danville, Va., is visiting Mr. and Mrs. C. T. Morrison.

Mrs. J. G. Garth and Miss Charlotte Garth left yesterday for Montreat, where they will spend a week.

Dr. F. S. Steele may be reached by addressing him at New Bern in care of the U. S. ship Olympia, his friends will be glad to learn.

Showers near the coast, where most of the water is, are forecast by the weather bureau, but Mr. A. Bolick says you may take it from him, as he inspected your sky, that Hickory will have a good rain in a few days.

Mrs. G. W. Buyars who left here two weeks ago with her two children, ostensibly to visit her parents in Hendersonville, has not been heard from, nor has the husband received any news from Silas Wilson, who left here about the same time.

Dr. G. A. Roberts, professor of veterinary surgery in the North Carolina Agricultural and Engineering College, spent Tuesday night in the city as the guest of Dr. E. L. Shuford. Dr. Roberts has been to Memphis, Tenn.

The subject for the prayer service tonight at the Presbyterian church is "Blessings of National Obedience," and following the meeting there will be a meeting of the session. On Friday night Mr. Garth will conduct a special preparatory service for communion Sunday.

Macy Ennis, who has figured in police circles for many months, has again been landed in the calaboose, and will be carried to the Newton jail. She was hired out, but the family that saved her from jail called on the officers to come for her Tuesday night.

The Ladies' Missionary Society of the Reformed church met Monday afternoon with Mrs. A. S. Abernethy. Readings of the afternoon were given by Mrs. C. C. Bost and Mrs. C. L. Abernethy. Mrs. J. H. P. Gilley assisted the hostess in serving refreshments at the close of the meeting.

Sidney Propst, who was injured while employed in removing the keel from the Alexander bridge Monday, was able to return to work today. He escaped with his life almost by a miracle, as a lever used in hoisting steel broke and began to whirl. Mr. Propst was within two feet of it and caught hold; had it been permitted to revolve it would have crushed him.

Mr. H. C. Lutz has returned from Blowing Rock, where Tuesday he and Mrs. Lutz carried their son, Horace, Jr., to spend several weeks. Mr. Lutz said the child seemed to brace the minute they reached the mountains and he is confident improvement will be rapid.

There are scores of children at Blowing Rock, most of them having been brought there to recover from stomach trouble, and the Hickory man was told the results was good in each case.

SOUTH FORK ITEMS

(By Col. G. M. Yoder)
There is nothing new in the South Fork valley at present. All seems to be very quiet. Everybody busy in his farm endeavoring to slay general green and host that are using every effort to capture the crop. But in this movement he has been foiled, the farmer was there with his weapons—the plough and the hoe—ready to fight him and hosts. Corn looks fine and has a good stand. Cotton is rather indifferent and rather a poor stand, but some fields have a pretty fair stand. That which was replanted is nearly as large as the first planting. The sweet potato crop looks pretty well.

The whistling engine is heard in our section now and is rolling from farm to work. The wheat is turning fairly well.

Some of the farmers are laying by corn and housewives are busy getting the blackberries and wrapping them up in glass jars. The blackberry crop is good. Some few are canning peaches and apples, some are putting red beets in glass jars with vinegar over them to save them for next spring.

The health in this neighborhood is fairly good, with the exception of a few aged people who have been confined to their rooms all summer. The great topic now is war, war, and the high living; and to use every economy to save everything in the way of living.

George Baker left the little village of Blackburn and went to Hickory to work in a manufacturing plant.

Sid Reep and wife have moved to Virginia to work in the saw mill business.

Jacob Shuford has put up a neat bungaw for his mother and sister to live in.

Charles Shuford was on a visit to his father and friends a few days ago. His errand was to buy up cattle and drive them to his home in Virginia.

My old student, Dr. Charles Hoyle, came in to see me on his return from Washington.

We think that it would be a very good plan to dispense with annual old soldiers union this summer as the country is one great stir about war and Red Cross movement, and the economizing food for the soldiers while engaged in fighting the Teutons.

FORTY KILLED IN RECENT AIR RAID; MANY INJURED

London, July 11.—A revised list of the casualties in Saturday's air raid as officially announced follows:

Killed in the metropolitan area: 29 men, 6 women, 5 children.

Injured: 98 men, 44 women, 52 children.

In Thanet Island: Killed, one man, two women; injured, two women, one child.

SOME GOOD FARMING

It does one good to get out and see some good farming and thus get a fresh grip on real life. It makes him forget the war and the high cost of living. And he doesn't have to go far to get good samples of cheer, either.

We were in and over Frank Allen's farm the other day. We found it to be a real big farm in variety and quantity of crops. Frank grows all kinds of crops, save perhaps wheat and cotton. And vegetables, he makes a specialty. And all his crops show good judgment, good culture, good taste.

Yesterday, we went down to Will Shell's farm. Here we saw how land can be improved, and on which is the best late and early corn, and the best prospects for beans, pumpkins, etc., we have seen this year, if ever before. Will also has pasture on which he has cattle and hogs in good shape.

These two farmers are not land poor. Not loaded down with more land than they can cultivate and pasture. What their farms lack in quantity of acreage they make up in quality of tillage. Thus, they are the boss; they can push their crops instead of their crops pushing them. Push is nature's motto; spring pushes winter off, summer, spring, fall, summer, and winter fall, and so on. J. F. C.

SPECIAL AT THE PASTIME THURSDAY, JULY 12TH

The following is a short synopsis of "A Girl Like That." A Paramount picture featuring Irene Fenwick and Owen Moore which will be shown at the Pastime Thursday, July 12th.

A crook story that is different. It is different because it is a crook story without a mass of underworld scenes and has a great deal of comedy as well as startling drama in its composition. In this play the heroine is a crook and the hero is anything but a matinee idol type of man. It is filled with punch and works up to a big climax. Irene Fenwick is at her best in roles in which many stars cannot play with conviction. That is why her productions are different and never fail to succeed on the screen. Produced by the Famous Players Film Co.

HIS STOMACH WAS ALL UPSET

Could Not Sleep and Food Would Not Digest in His Stomach.

A Danville Man Praises Ironized Paw-Paw. Wants His NEIGHBORS TO TRY IT

Mr. J. L. Harris, a farmer by occupation, living at 1530 Washington St., Danville, Va., says, "I could not eat any thing strong without much distress, could not sleep at night, tried many medicines without satisfactory results—my attention was drawn to Nux Iron-Paw-Paw Remedy through reading their advertisement in the Danville Register and Bee. I purchased a bottle at Mr. McFall's drug store, 108 Union street, and can honestly state that I can eat almost anything now without any inconvenience, finding more relief from Ironized Paw-Paw than anything I had ever tried. I can sleep now and feel almost like a new man. The reason I give you this testimony is I wish my suffering neighbors to try it. When they will find relief as I have.

Do as scores of your neighbors are doing—get a bottle of Ironized Paw-Paw and bid your liver and stomach ailments goodbye. We want every chronic dyspeptic to come in and try this Remedy. We want the man or woman who can't sleep and is dependent to come and try this Remedy. You'll never go back to the old-fashioned medicines. Lots of business and professional men find Ironized Paw-Paw enables them to do more and better work. It seems to energize every fibre, tissue and bone. Begin on Ironized Paw-Paw today, so you can join the army of converts next week.

Now is the time—the advent of Spring—to begin taking a Tonic—tone up your system and prevent your vital organs from becoming disordered or badly affected.

Your druggist probably keeps it, but if he doesn't it is sold by the Hickory Drug Co.

Ironized Paw-Paw, price \$1.00. Formula on every bottle. Mail orders promptly attended to. Interstate Drug Co., Inc., New York.
