CARD OF APPRECIATION

At the business meeting of the Hickory Auxiliary of the American Red Cross, held in the Chamber of Commerce, July 26, the members expressed a desire to give public thanks through the pages of the Record for the help received during the period of establishing the auxiliary as a working organization.

Hickory as a town, has shown itself most generous and appreciative of the work accomplished, but there are some to whom the auxiliary wish to express their special gratitude. Foremost among these are Doctors Menzies, Shuford, Hunsucker, and Blackburn who willingly gave their talent and time to teaching first aid classes; Mr. J. W. Hartfield, who has cut out all the hospital garments for the ladies saving them both trouble and expense; Judge Council and Mr. G. N. Hutton, Mr. K. C. Menzies, and Mr. J. L. Riddle, who furnished the working rooms, rent free; the Knights of Pythians and Chamber of Commerce who gave the use of their halls, Mrs. Peter Rowe, who donated the box received by Washington to send the garments in; Mr. J. R. Boyd, Z. B. Buchanan and Abernethy Hardware who furnished sewing machines, and the ladies who not only furnished machines but have every afternoon through the heat of summer sewed at these same machines for the soldiers. Among these the chairman wishes to especially mention Mrs. M. M. Thompson, whose efficiency in the work, as well as the amount she has accomplished has considerably hastened the getting off the first box, and the children under Mrs. K. C. Menzies who have worked so faithfully cutting pieces for fracture pillows.

These patriotic people have made the auxiliary realize the truth of the old adage, "Who gives quickly, gives twice."

MR. BRADSHAW'S VACATION

Rev. W. R. Bradshaw preached his last sermon before taking his vacation, last night, and it was a good one; and his church was crowded. He will leave the last of this week for his month's vacation. Some one will be procured to fill the pulpit every Sunday at the 11 o'clock hour until he returns. But there will be no preaching Sunday nights. Everybody wishes him a pleasant and helpful rest.

Local and Personal

Mr. J. A. Martin has returned from a business trip west.

Mrs. E. S. Reid of Charlotte is the guest of Mrs. J. R. Woodall.

Mr. Bascom Blackwelder spent Sunday at Blowing Rock.

Miss Ailene Yorke of Lincolnton is visiting friends in the city.

Editor: Slate of the Lincoln Times was in the city Sunday, the welcome guest of Mr and Mrs. J. F. Click.

Old people here say that Saturday and Sunday were the warmest days they ever felt in Hickory.

Mr. Tellis Miller left Sunday night for Canada to spend some time with his mother.

Mrs. C. L. Mosteller and children will leave tomorrow for Bakers Mountain to spend several days.

Rev. A. L. Stanford will preach a special sermon next Sunday morning to the members of Co. A, who will attend in a body.

Dr. C. A. Munroe occupied the pulpit of the Presbyterian church yesterday in the absence of the pastor, Rev. J. G. Garth.

Rev. W. B. Werner will be inducted into office as superintendent of Nazareth Orphan Home, near Salisbury, on Thursday, August 2. Dr. J. L. Murphy of Hickory will preach the sermon.

Is it a violation of the city ordinance to ride a bicycle on any side walk in town on Sunday? If so, the people, or some of them, don't know it?

Mr. R. V. Dellinger of Conover, route 1, was a Hickory visitor Saturday and pointed the ranks of progressive farmers who are taking the Record.

Although the weather is warm, the soldiers are drilling steadily these days. The regulars made a fine appearance this morning, as they always do, and the recruits expect to be like them soon. Second Lieutenant Cilley has joined the company.

A note from Mr. J. L. Riddle says that he and Mrs. Riddle and Mr. John Bohannon are leaving Savannah today after one of the greatest fishing trips "I caught the fish all right," he says. "Wish you and Gus Setzer could have seen me landing 3 1-2 pound bass."

The mercury registered 92 degrees Sunday and 91 Saturday. The lowest both Sunday and Saturday nights was 72. In June there were four days in which the mercury registered 95, but they were not as warm as the past two. Moisture in the atmosphere is responsible for the difference.

Children's day exercises at the Methodist church Sunday night were enjoyed by a congregation that overflowed into the Sunday school room. The junior choir and the smaller children, even the wee toties, delighted the ear with their fine singing and many members of the church said it was the best exercise ever rendered by the children in this church.

Buy Your Suit, Coat or Sweater Early

Because of the great scarcity of cloths and woollens we are going to show these garments earlier than ever before. We are already receiving shipments of coats and sweaters and will have a lot of new suits in a few days. Because of the army demand, it is estimated that the country has only about one third the usual amount of woollens for men and womens' clothing.

Desirable garments are not only going to be hard to secure but will be much higher as the season advances.

We suggest that you come in and talk to us about your fall ready to wear early. There will be no radical style changes this season and you will not only save money but a better selection by not waiting too late.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

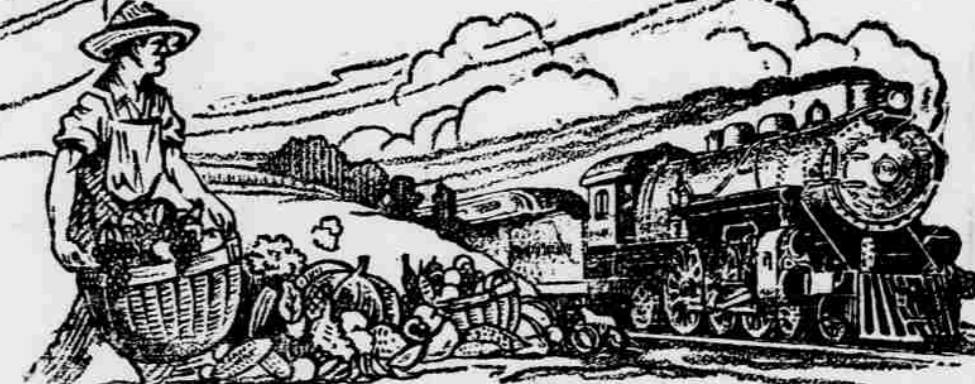

The needs of the South are identical with the needs of the Southern Railway's growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."
