Do You Have Headache?

If you do, very likely it comes from your eyes and can be relieved with properly fitted glasses. Eye strains, headache and nervous troubles, the result of optical defects can be relieved. My examinations are made by the most modern methods and greatest care exercised in the selection of the proper formula for the lenses in every instance.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

The needs of the South are identical with the needs of the nation. It is the ambition of the Southern Railway Company to see that the needs of the South are met as well as those of the nation.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that the needs of the South are met as well as those of the nation. It is the ambition of the Southern Railway Company to see that the needs of the South are met as well as those of the nation.

To be able to take in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."

Southern Railway System

Local and Personal

A shower last night left .38 of an inch of rain in its wake.

Mr. Joe Reinhardt spent a few hours in Lincolnton yesterday.

Mr. and Mrs. W. C. Thompson have returned from Lake Junaluska.

Mrs. T. H. Harris of Fayetteville is the guest of Mrs. J. Worth Elliott.

Friends of Mrs. Carrie Gamble will be glad to know that her condition is somewhat improved.

Mrs. P. G. Kiser has gone to Anniston, Ala., to spend some time with her husband, who is on government business there.

Mr. and Mrs. A. A. Shuford, Jr., and children were expected home today from the mountains, where they spent a week camping.

The Farmers' Institute which was to be held at Dr. Foad's store tomorrow, will be held at Wesley's camp ground instead.

The Record has 12 weather ducks, but it seems that a few of the ducks, like a few people in the community, will be compelled to serve most of the time.

Theatre goes have a treat in store on Monday and Tuesday when Civilization will be shown at the Hub. Manager Miller is assured of large audiences at each performance.

Dr. and Mrs. F. C. Longaker and Mr. Mark Longaker motored to Gastonia this morning to attend the Le-noir College reunion held there today. From there they will go to Newberry, S. C. to spend 12 days.

Mr. J. W. Orebough, cashier of the Consolidated Trust Company, last night was elected a director of the Chamber of Commerce to succeed Mr. O. M. Sigmon, who has joined an engineering company in South Carolina.

Mr. Walker Lyerly has some mighty fine corn on his Bridgewater farm, but he denies emphatically that he was forced to place headlights on his mules in order for them to see their way between the rows.

The concert at the Piedmont Phonograph Company's rooms last night was a delight to music lovers. Numerous records were played and the New Edisons upheld their reputation as faultless re-creation of the human voice.

RECORD CORN CROP IS FORECAST IN REPORTS

Washington, Aug. 9.—A corn crop surpassing any ever grown before; a reduction in wheat prospects, due to damage to the spring wheat crop and record crops of barley, rye, white and sweet potatoes, tobacco and hay were forecast in the August 1 crop report to the department of agriculture.

Corn production was placed at 3,191,000,000 bushels, an increase of 67,000,000 bushels over the July forecast of 68,009,000 bushels above the record crop of 1912. The showing is due to vast improvement in the growing corn in Illinois, Indiana, Iowa and Missouri.

Spring wheat production, forecast in July at 276,000,000 bushels, showed the results of adverse weather conditions. The prospects are put at 236,019,000 bushels, a drop of about 40,000,000 bushels from the July 11 report.

Winter wheat, however, is turning out better than previously forecast, with a forecast total of 417,000,000, or 15,900,000 bushels more than indicated from July conditions.

The combined yield of winter and spring wheat, therefore, shows a reduction of 25,000,000 bushels from the production forecast in July. The crop, forecast from August 1, conditions, will be only 653,000,000, or 12,000,000 bushels more than harvested last year.

Potatoes are expected to yield 467,000,000 bushels, or 15,000,000 bushels more than the forecast from July conditions, and 47,000,000 bushels more than the record crop of 1912. Sweet potatoes also will be a record with 86,400,000 bushels.

There will be an enormous crop of tobacco, almost 120,000,000 pounds larger than the record production of last year. The buckwheat crop will be the largest in many years and oats will come close to equaling the record made in 1915.

ORGANIZATION AND NOT MONBY NEED OF RUSSIA

Washington, Aug. 10.—Emphatic disapproval of the suggestion that American troops be sent to the eastern front was brought home by all except one of the members of the American mission to Russia.

It was authoritatively stated last night that Charles Edward Russell is the only commissioner who believes it desirable to put soldiers from the United States in Russia and that the others are convinced that their presence would be detrimental rather than helpful to the armies of the new democracy.

Elihu Root and his associates on the mission lunched with Secretary Lansing and told him more of their experiences and conclusions. Their written report, submitted to President Wilson, probably will not be made public.

Organization and encouragement and not money, it was explained, are the needs in the opinion of the majority of the commissioners. With ten million men under arms, they think Russia does not need a few thousand strange soldiers, speaking an unfamiliar tongue, drawing better pay and eating better food than her own men.

Lending assistance to the men now in the field is the duty of this country, the commissioners feel. Rolling stock for the railroads to carry supplies and equipment to the native soldiers, and the supplies themselves are the real requirements and they will grow. Both Russian and Rumanian forces will need supplies and equipment worse next winter than they do today and the transportation problems then will be greater also.

Of the greatest importance, the commissioners say, is constant encouragement from citizens and the newspapers of the United States. Anti-American propagandists, headed by former residents of this country and now financed by German money are seeking to paint Americans in the blackest shade and thus discourage Russians from accepting their good offices.

The story of the origin of the extraordinary propaganda is vouched for by every member of the commission, shortly after the outbreak of the revolution, it is declared, the socialists favorable to abolishing all present forms of government and establishing without delay rules by the brotherhood of man, returned to their native land and began berating the United States and its people. Germans, quick to see the advantage of controlling these agitators, began supplying them with money and today, flush with wealth, they are going through Russia spreading most vicious canards.

One of the commissioners, discussing these men, said he could only explain their attitude before coming into German money by their never having become an integral part of the United States citizenry. Many of them, it is understood, lived in the congested foreign sections of New York and seldom came in contact with American citizens.

While the propagandists' efforts are being discounted now that Russia is becoming a better organized, they have instilled dangerous seeds in the simple minds of many Russians.

COLUMBIA, S. C., SENDS EVIDENCE

That Cannot Be Controverted

Facts are stubborn to overcome. Notwithstanding the amusing statements one sees in the newspapers by some people trying to foist manufactured articles on a confiding public, Ironized Paw-Paw stands out boldly with a dependable record of nearly a quarter of a century. It is not a "cure-all" but prepared simply for what we claim and no more. Thousands upon thousands of letters containing the warmest praise reach our headquarters and while we do not believe in promiscuous publishing of testimonials we occasionally feel compelled to give one as follows:

Mr. A. F. Meister, upholsterer by trade, living at 2211 Wheat street, Columbia, S. C., says: "I suffered from indigestion, liver troubles and constipation so that I could not eat nor sleep after any fashion. I saw your Ironized Paw-Paw advertised in the newspapers, but was at first somewhat skeptical, having tried so many ready-made medicines, however, I obtained a bottle and used it according to directions, I tablespoonful half an hour before meals, and in a few days before using up the first bottle I felt so much better that I wish to congratulate you on having such a splendid remedy. I am sleeping well again and my indigestion has disappeared. I need not tell you I shall continue the treatment which has made me feel so much better."

If you are suffering from any troubles similar to Mr. Meister's there is no reason why you should not obtain the same relief as he has had. Step into the nearest drugist and obtain a bottle. If he is not up-to-date call at the Hickory Drug Co. Formula on every bottle. Price for 15 ounce bottle only \$1.00. Attention given to mail orders. Interstate Drug Co., Inc., New York.
