FORGING AHEAD

The American public has been led
to expect so much from the various
allied offensives in Europe and they
have amounted to so little, as re-
gards the forcing back of the Teuton
lines, that it will be slow to believe
that the present French and Italian
offensives will amount to much. When
one looks at the may he is impressed
with the slow progress.

On the other hand, the situation
is much better than it would be if
the Teutons were biting into the al-
lied lines. The Germans and their
allies, except in the east, are on the
defensive, and they are being forced
back steadily. The Anglo-French forces
have seized commanding heights and
a major operation was about due.
The Italians have made such progress
over the difficult ground in their op-
erations that possibilities of a decision
have been made likely. Napoleon,
we believe, marched to Vienna
by way of Triest.

Even though our allies may not be
able to drive the Teutons from
France and Belgium this fall, the
point to be remembered is that our
friends are bucking the lines and no-
out enemies. An array that is for-
ever compelled to yield territory can-
not have the pep that an army will
have that is forging ahead.

SQUELCHING ENEMIES

Federal Judge Speer having de-
cided that the selective draft act is
constitutional and Thos. E. Watson
having been shown the error of his
ways, it is to be hoped that those
good men and women throughout the
country who have been misled by
such as he will not follow him any
longer. The next step should be to
deny his publication the use of the
mails and then to strangle those for-
eign language newspapers published
in the United States for the benefit
of the Prussian military machine.
After they are forced to cease pub-
lishing their incendiary stuff, it
might be necessary to take action
against some other traitors in the
newspaper business, though happily
most Americans pay little attention
to publications like Hearst's.

The various exemption boards are
having a hard time and the govern-
ment is after those that have dis-
played feathers on their legs or have
tried to feather their nests. The
New York gents will spend two years
in Atlanta contemplating over the
ways of a transgressor.

Pope Benedict proposes to restore
the status quo ante in the west, ex-
cept Alsace-Lorraine, but proposes to
leave the fate of Serbia and Rumania
and Poland to be settled around the
bluff table. In three countries at
least there is no crying demand to ac-
cept these terms.

Just about the time the French and
British are hammering the Germans
in the west and the Russians are hold-
ing the Austro-Germans in the east,
the Italians kick in with results that
are altogether favorable to the en-
tente.

The British official statement called
Berlin down about the truth of a
German statement and next day the
Prussians admitted the truth.

A man may never be able to under-
stand a woman, but a woman needs
only a few minutes to understand a
man.

Tom Watson fooled a Georgia ne-
gro in easy fashion—and the negro,
and not Tom, went to jail.

Get ready for the Catawba County
Fair. It soon will be here.

There is no army like the French
for a strong tack.

Whenever You Need a General Tonic
Take Grove's.

The Old Standard Grove's Tasteless
chill Tonic is equally valuable as a
General Tonic because it contains the

THE POORLY PAID MINISTER

Greensboro Record.
Reliable statistics recently procur-
ed show that the average salary
paid the ministers of the gospel in
this great United States of America
is the niggardly sum of \$668, with
shame to be recorded.

The average minister, apart from
the wildest evangelist—so character-
ized by the ministerial conference re-
cently, is a man who devotes his life
to his God and his fellow brother,
and it would seem that instead of a
man like Carnegie handing out Hero
medals—medals to men who leap fif-
teen miles; medals to men who jump
from steen story windows and save
the feather bed from a burning room
—they would see that the real her-
oism of this life is the good man
of God—the one who suffers and en-
dures on about half rations.

The worldly folk do not concern
themselves about the over-worked and
under paid parson, but they should.
His is a great work, a noble work,
and he should have as much cut of
his services as the average bar keep-
er receives for his exacting toil.
No minister in these days of advanc-
ing prices should be asked to devote
his time to his work for less than
fifteen hundred dollars and that would
be more than double the average now
received. We do not believe in minis-
ters keeping their ears to the ground
awaiting a call that simply means
more money—but it does come some-
times to look as though it were in or-
der to establish a scale of prices that wou-
ld mean, at least, what the world calls "a
decent living."

GAINS IN WEST

Springfield Republican.

Although the gains of the allies on
the western front are not very large,
they are significant in two ways.
For one thing, the brilliant little at-
tack near Lens with the capture of
the notorious hill 70 was followed
promptly by a renewal of the offen-
sive about Ypres. This shows that
at last the allies are getting enough
reserve strength to resort success-
fully to the plan of rapidly shifting
the point of attack which has seemed
to offer most promise on a front where
the first sudden blow if well prepar-
ed has a great advantage. In the
second place, even the moderate suc-
cess of these attacks stands in sharp
contrast with the ineffectiveness of
the repeated counter-offensive which
the Germans have made since their
strategic retreat in the spring. These
collectively have been costly, and the
only one which had any consider-
able success, the attack on the
dunes near the sea, succeeded because
of exceptional conditions. The fight-
ing of the past few days goes to
confirm the impression that now on
the western front the Germans are
overweighted by the allied forces.

HOW TO BE RID OF
DANGEROUS DANDRUFF

The only way to get rid of dan-
druff—the sure hair destroyer—is to
remove the cause. Dr. Sangerbund,
the famous Paris Specialist, discover-
ed that dandruff and falling hair are
caused by a microbe. The cure came
the discovery of the value of the
genuine Parisian sage (liquid form)
to destroy this germ and promptly
prevent the further loss of hair. Get
from your druggist about four ounces,
and rub a small quantity well into
the scalp. Only a few applications
are usually needed to destroy the
germs that cause dandruff; your scalp
will immediately feel cool and com-
fortable, and your hair appear soft,
bright-looking and seems heavier
than it really is. Since Dr. Sanger-
bund's discovery the American people
are realizing that dandruff is as un-
necessary as it is dangerous, and
that they can be quickly rid of it and
save their hair by a few days' use
of this inexpensive and harmless li-
quid. Be sure you get the genuine
Parisian sage (Giroux's) for this
brand. It will not stain the hair
and is guaranteed to give perfect
satisfaction or money refunded by the
Hickory Drug Co., can supply you.

SEES TREASON ABOUT

New York World.
Treason masquerades through the
country in a dozen different forms.
Some of it is disguised as Sinn Fein
propaganda, some as socialist, some
as I. W. W., some as pacifists; but
all of it is essentially German. All
of its champions are doing the same
work. Their treasonable demon-
strations are conducted in public
meetings, in newspapers, in circulars
and in a general campaign against
the war policies of the United
States, without interference in most
cases from the police or the feder-
al authorities.
Of all these scoundrels perhaps the
most infamous are those of foreign
birth who come to the United States
to escape political and religious op-
pression. Their treachery to the re-
public is unspeakable and their crime
defies definition.

CATAWBA COMMUNITY FAIRS

Six community fairs will be held in
Catawba county just before the county
fair. County Agricultural Agent
Homer H. B. Mask and Miss Mary
Rowe have completed the premium
lists for these fairs. The county
Fair Association offers \$10 to each of
the first six community fair associa-
tions applying for and making ex-
hibits at the county fair. Best com-
munity exhibit at county fair, first,
\$20; second, \$15; third, \$10; fourth,
\$5. Competent judges will be se-
cured from the department of agricul-
ture and home economics. These
judges will discuss freely the merits
of the exhibits.

KEPT HER AWAKE

The Terrible Pains in Back and
Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson,
of this place, writes: "For one year I
suffered with an awful misery in my back
and sides. My left side was hurting me
all the time. The misery was something
awful.
I could not do anything, not even sleep
at night. It kept me awake most of the
night... I took different medicines, but
nothing did me any good or relieved me
until I took Cardui...
I was not able to do any of my work
for one year and I got worse all the time,
was confined to my bed off and on. I got
so bad with my back that when I stooped
down I was not able to straighten up
again... I decided I would try Cardui
... By time I had taken the entire bottle
I was feeling pretty good and could
straighten up and my pains were nearly
all gone.
I shall always praise Cardui. I con-
tinued taking it until I was strong and
well." If you suffer from pains due to
female complaints, Cardui may be just
what you need. Thousands of women
who once suffered in this way now praise
Cardui for their present good health.
Give it a trial.
