

Do You Have Headache?

If you do, very likely it comes from your eyes and can be relieved with properly fitted glasses. Eye strains, headache and nervous troubles, the result of optical defects can be relieved. My examinations are made by the most modern methods and greatest care exercised in the selection of the proper formula for the lenses in every instance.

LAKE JUNALUSKA

(To Mrs. F. L. Hunter of Durham, N. C.) Oh, beautiful beyond compare are Junaluska's waters, 'Tis here each year the South sends up her splendid sons and daughters, No lovelier spot was ever seen as Nature had designed it, And, aided by man's skillful hand, the loveliest spot we find it.

No artist's brush can reproduce her towering mountain ranges—Majestic, restful, stately, they know naught of wars or changes, Her wealth of beauty none can tell, no pen can e'er portray it, And yet, so potent is the spell, my feeble pen essays it.

At sunset when we ride at ease on stately "Oonaguskas" We vote this hour the best of all spent at Lake Junaluska, Or riding in the powerful car with new, kind friends beside us, It seems the very crown of life, this joy was not denied us.

Shall we forget the friendships formed or kindly words there spoken? No breath of land or length of time, can make these ties be broken, Here nature sends her vassal, sleep, to soothe the tired and weary And pleasing dreams on all alike—no night is sad or dreary.

Here nature lavishes her best, here, growing strong and husky, A life time would be far too short spent at Lake Junaluska! —MRS. C. C. BOST. Hickory, N. C., August 21, 1917.

FRENCH MAY SOW TARES IN GERMANY

By the Associated Press.
Paris.—It might have been thought that nothing new remained to be attempted in aerial warfare, but the French aviation authorities are considering an idea, first suggested by the celebrated Pilo, Vedrines, of throwing seeds of that troublesome weed, couch-grass, (known to farmers as scratch or quitch), over the cultivated lands in Germany. It is asserted that it would be an easy matter for an aeroplane to carry 500 pounds of the seed and let it fall on fields where corn, beet, or potatoes are planted and that, if a supply is not available, scientists would not take long to raise it in sufficient quantity to send a thousand of the aeroplanes which France is expecting at an early date from the United States, over Germany's crops. The possibility of dropping seeds of some rapidly growing form of mushroom fungus or even germs of phylloxera is also under consideration.

PEARL WHITE AT PASTIME
FRIDAY, AUGUST 24th

The following is a synopsis of the third chapter of the "Fatal Ring" featuring Pearl White, which will be shown at the Pastime theatre Friday, August 24th:
"The Fatal Ring" (No. 3, "Borrowed Identity")—Suddenly Tom regains his senses and staggering towards the lever, drew it back. The walls receded and all were saved. Knox, eager to escape, grasped Pearl and pulled her back, but Tom knocks him to the floor and carries Pearl out. Knox advises Pearl not to have anything to do with him, as he is after the diamond. Pearl warns Knox he has but three days left, while she has thirteen.

The next evening Knox calls Pearl's attention to a girl who seems to be in distress. Pearl learns he, brother has to have \$5,000 by that night or otherwise he will do away with himself. Pearl consents to lend the girl the money, but to save his life they must leave at once, as he is on his employer's yacht. Accompanied by Knox, Pearl boards the yacht. See discovers the brother is Carslake. Securing the setting from Knox, he has him locked up while the girl locks Pearl in her room. Carslake and the girl take a motor boat to shore. Speeding along, Carslake is astonished to see Pearl pointing to a revolver at him. She secures the setting and the diamond. Bending to tie her shoe-string Carslake plunges into the water.

Tom Carlton hears a shot, jumps into a launch and goes in search. Pearl, accompanied by the police, arrive at the yacht and find Knox in a struggle. Pearl is about to be cast into the water when Tom saves her. Pearl gave the diamond to Knox. "Now that everything is cleared I want to know why our lives were to be forfeit."

MISS RANSOM OF RALEIGH IS BRIDE OF DURWOOD MAYBERRY

Newton, Aug. 23.—A pretty, but quiet, home wedding took place Wednesday morning at 10 o'clock at the residence of Mr. and Mrs. F. M. Williams, in "Dixiedale," when their niece Miss Grace Ransom of Raleigh, pledged her troth to Durwood F. Mayberry of Statesville. The parlor was most tastefully decorated in green and white with shaded lights and beneath an arch of evergreens and white hydrangeas, the young couple pronounced their marriage vows, the ceremony being performed by Dr. W. M. Sikes, pastor of the First Presbyterian church, in the presence of only the immediate family. After the marriage the couple boarded the train for Chattanooga, Tenn., where the groom will enter the reserve officers training camp.

The bride is the second daughter of the late James Ransom and granddaughter of General Robert Ransom. Never in her life was she prettier than in the hour when she pledged her troth to the man of her choice. Mr. Mayberry is a promising young lawyer of Statesville, who has sacrificed his practice to answer his country's call to the colors.

THE NUMBER OF SHIPS SUNK SHOWS INCREASE

London, Aug. 23.—The number of British merchantmen sunk by submarines or mines in the last week was only slightly larger than the previous week, when a considerable falling off was noted. According to the official statement, 15 vessels or more than 1,600 tons were sunk and three vessels of less than 1,600 tons, in addition to two fishing vessels, as compared with 14 large vessels the previous week, two small vessels and three fishermen.

5,000,000 Corns Lifted Right Off!

Try 2 Drops of Magic "Gets-It."
There's a wonderful difference between getting rid of a corn now and the way they used to try to get rid of it only four or five years ago. "Gets-It" has revolutionized corn history. It's the only corn remedy

Today that acts on the new principle, not only of shriveling up the corn, but of loosening the corn off so loose that you can lift it right off with your fingers. Put 2 drops of "Gets-It" on that corn or callus tonight. That's all. The corn is doomed sure as sunrise. No pain, or trouble, or soreness. You do away once and for all with too-bundling bandages, toe-eating salves and irresponsible what-nots. Dry it—get surprised and lose a corn. "Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Hickory and recommended by Hickory Drug Co.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

The needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the equaling of the other.

The Southern Railway asks no favors—no special privilege not accorded to others. The ambition of the Southern Railway Company is to see that every interest that is born of cooperation between the public and the railroads, to see perfected that fair and frank policy in the management of railroads which honors the confidence of governmental agencies to realize the liberality of treatment which will enable it to realize the additional capital needed for the acquisition of better and more modern facilities incident to the demand for increased and better service and facilities.

To take its place in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."
