CHANGE NOTION ABOUT CALOMEL; NOW DELIGHTFUL

Old-Style Calomel Gives Place of the New De-Nauseated Variety Known as Calotabs

With all the liver-cleansing and system-purifying qualities of the old-style calomel, but robbed of its sickening, griping and dangerous effects, Calotabs is destined to become the most popular as well as the most useful of all home remedies. For biliousness, constipation and indigestion it is absolutely indispensable, for nothing but calomel will straighten out a disordered liver. If you have tried Calotabs, the de-nauseated calomel tablets, you know how easy it is to take. One tablet at bedtime with a swallow of water—no taste, no griping, no nausea. Next morning your liver is active, your system purified, and you are feeling fine, with a hearty appetite. Eat what you please—no danger. Genuine Calotabs are never sold in bulk. Ask for the original, sealed package containing twenty doses, price thirty-five cents. If you are not thoroughly delighted your druggist is authorized to refund your money.

NOTICE

The City Council will receive seal bid at the office of the City Manager until Sept. 4th at 7:30 p. m., for laying approximately from two to three thousand square yards of cement sidewalk.

Plans and specifications can be seen at the office of the City Manager after Aug. 28th. A certified check of one hundred dollars must accompany each bid. The said check to be held until bond is given and accepted by the City Council for completion of the work. The city reserves the right to reject any and all bids. This August 24th, 1917, JOHN W. BALLEW, City Manager

RAILROADS' WAR BOARD SERVES COUNTRY

Washington, Aug. 24.—Fairfax Harrison, chairman of the railroads war board, authorizes the following: With an increase in equipment of only three per cent in the equipment of this country rendered nearly 26 per cent more freight service in June this year than in the same month last year. These figures are contained in a report on freight operation which has just been received by the commission on car service of the railroads' war board. They furnish additional proof of the vigorous and successful efforts which the railroads of this country are making to help win the war by producing greater transportation efficiency. They also indicate that the shippers are doing their part, too, as freight traffic could not have been increased to such an extent without a prompt and intelligent response by the shippers to the request of the railroads' war board to load cars to full capacity.

The report of freight traffic for June was compiled by the bureau of railway economics on returns from twenty-nine railroads having a combined mileage of 125,488 miles or approximately half the total railroad mileage of the United States.

In June, 1916 these roads gave freight service equivalent to carrying 15,650,194,737 tons of freight one mile, while the same month this year they carried 19,676,403,248 tons one mile, an increase of 25.7 per cent.

The magnitude of this achievement becomes more apparent when compared with the slight increase in equipment which the railroads were able to secure during the past year.

In June of last year the roads in question owned 1,248,160 freight cars. June this year found them with only 1,285,644, an increase of barely three per cent. Moreover the number of locomotives used by them to haul freight has been increased only one-half of one per cent.

Intensive car loading plus an increase of 13.6 per cent in the num-

ber of miles a day which the railroads have been able to make possible for the excellent freight service for June.

The distribution of empty cars to districts where they have been needed has also helped to increase railroads' efficiency in handling an abnormal amount of freight this year has produced.

Both the railroad men and the shippers are to be congratulated on zeal and skill with which they have carried out the request of the railroads' war board "to make the most do the work of two."

Intensive loading has increased the number of cars available to the demands of the government, the shipping public by many thousands. Prompt loading and unloading of cars and the efforts of the railroad employees are making it possible to keep cars out of the repair shops, also done much to facilitate movement of freight.

TRIED TO LYNCH NEGRO

By the Associated Press
Henderson, N. C., Aug. 24.—A negro, Perry, a negro was removed from the Granville county jail last night by Sheriff H. H. H. and taken to Raleigh for safe keeping following a preliminary hearing at which Perry was charged with criminally assaulting a white woman.

A mob of about 400 men gathered around the jail shortly after midnight and the negro had been removed.

By the Associated Press

Rome, Aug. 24.—The war reports that the battle on the Isonzo front continues and that German tanks have been captured by the Italians.

General Carboni announced to the Italians yesterday that the Austrian positions, under the most violent counter attacks made by the Austrians.

More than 20,000 prisoners of war office statement says have been removed from the front.

Mr. J. E. Pollard brought to the Record office today news of a fine of good size and said to be of fine flavor. Both grow from steam. To show that Mr. Pollard is an expert in other things, it is stated that he raised a crop of wheat on half an acre.

The Quality Goes Clear Through

DORT

Daily Dividends

Low purchase price, small cost of upkeep and high second-hand value makes the purchase of a Dort a very attractive investment.

Dividends on this investment accrue in utility, convenience, pleasure and pride of ownership—every day you drive.

Fine appearance and ability to yield real performance at light expense—together with a definite local service policy—dictates your choice of a Dort.
