

Do You Have Headache?

If you do, very likely it comes from your eyes and can be relieved with properly fitted glasses. Eye strains, headache and nervous troubles, the result of optical defects can be relieved. My examinations are made by the most modern methods and greatest care exercised in the selection of the proper formula for the lenses in every instance.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

The needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that the public interest that is a cooperation between the public and the company, to see performed that fair and frank policy in the management of its affairs which has the confidence of governmental agencies to realize that liberality of treatment which will enable it to secure the additional capital needed for the acquisition of better and improved facilities incident to the demand for increased and better service and quality.

To take its place in the body politic of the South alongside of all great industries, with no more, but with equal liberties, equal rights and equal opportunity.

The public is cordially invited to these exercises.

JAPANESE MISSION DINNER

GUESTS OF CABINET OFFICERS

Washington, Aug. 25.—Members of the Japanese mission were guests last night at dinner given by cabinet officers in honor of the diplomatic, military and naval groups. Secretary Lansing entertained Viscount Ishii, special ambassador and head of the mission, Secretary Baker, General Sugano and Secretary Daniels, Vice-Admiral Takeshita. During the visit Viscount Ishii went to the capital to pay formal calls upon Senator Saulsbury, president pro-tem of the senate and Speaker Clark. He accepted an invitation to address the senate next Thursday.

DUST MULCH IS THING

Two things, plant foods and moisture, in abundance are vitally necessary to the production of large crops. Without both of these, or either of them, crops must at least in part fail. The food must be in the soil for the plant, and water must be present in order that this plant food may be taken in solution. Plants can take only a liquid test—solid food is of no value to them.

From May until August is a critical time with most of our cultivated crops. The weather is warm and often dry, and evaporation is rapid. Under such conditions, moisture conservation is of first importance, and in attaining this every farmer should know the value of making and maintaining a dust mulch.

This mulch acts just like a blanket in keeping the water in the soil. Any farm boy who has turned over a board or plank lying flat on the ground has found it moist and cool underneath, though possibly all around the soil may have been parched and dry. The farmer who maintains by means of an earth or dust mulch just such conditions over all his fields is the man who is likely to suffer the least in periods of drought.—The Progressive Farmer.

KILL CABBAGE WORMS

Raleigh, Aug. 25.—The green cabbage worms will soon be working havoc with our large crop of fall and winter cabbage, first feeding on the older outside leaves, and then, if unchecked, eating into the forming heads. According to Mr. Sherman, entomologist, Paris green can be used against the worms with good effect and without danger. It has been well tested in North Carolina and other states.

Thoroughly mix one ounce of Paris green with 1 pound of dry dust lime (same proportion for larger quantities). Apply by shaking from a dust gun or powder bellows, or sprinkle thinly by hand. Just a light, even dusting is sufficient, enough to whiten the leaves.

From two to four applications will be needed, beginning when the work of the worms first become evident, with the last dusting given at least three weeks before the heads are to be cut.

The whole habit of growth of the cabbage seems designed to permit this treatment, for the head forms by growth from the inside, and the dust which is applied to the outer parts is not folded into the head. The point is to kill the worms while they are on the outer leaves before they eat into the solid part of the head.

Local and Personal

Mrs. J. J. Willard has returned from a visit to Waynesville, N. C.

Mrs. D. A. Barkley of Charlotte is the guest of her son, Mr. W. H. Barkley.

Mrs. R. F. Young and Mrs. Paul S. Harlan of Corinth, Miss., are visiting Mrs. J. J. Willard in Kenworth.

Mrs. Georgia Doster, sister of Mrs. P. P. Sattlemire, is critically ill in a hospital in Atlanta and relatives have almost despaired of her recovery.

Mrs. D. P. Bowman and Miss Willie Deal returned yesterday from Mooresville and Taylorsville where they have been visiting relatives and friends for the past week.

Mr. and Mrs. W. H. Barkley motored to Charlotte yesterday to see their little daughter, Hazel Nixon Barkley who underwent an operation on her nose and throat. The little lady is getting along nicely but will remain in Charlotte for a week or 10 days.

Held Family Reunion

Quite a memorable family gathering was held at the home of Prof. F. G. Morgan near Lenoir College on last Tuesday. The occasion was a visit to the city of Mr. and Mrs. H. S. Morgan of Greenville, S. C., and the gathering together of all near relatives.

Those present were: Mr. and Mrs. H. S. Morgan, a brother, Rev. C. I. Morgan of Newton; Misses Mary White and Grace Tyson of Salisbury, aunt and sister, respectively, of Mrs. C. I. Morgan, who is at Richard Baker Hospital with her young daughter, Grace Carol; a nephew, Master Keister Jumper; a niece and her husband, Mr. and Mrs. Grover H. Huffman of the Hotel Huffry; a daughter and her husband, Mr. and Mrs. Geo. Muggridge of Greenville; and a son and family, Prof. and Mrs. F. G. Morgan, with their children, Frances and "Billy."

With the exception of one brother in Miami, Fla., each division of Mr. H. S. Morgan's immediate family was represented, and all his descendants were present. The parents of both Mr. and Mrs. Morgan are alive, with the exception of Mr. Morgan's father. It happens that both these couples were married on the same day, and their oldest children married. Mrs. Morgan's parents, Mr. and Mrs. D. T. Hare of Summit, S. C., have been married nearly fifty-two years. Mr. and Mrs. Morgan have been married nearly thirty-three years.

At the reunion on Tuesday it was decided that Misses Tyson and White should be the guests of honor because it was their first visit, that Mr. and Mrs. H. S. Morgan deserved the honor because they were the heads of the family, that Rev. and Mrs. C. I. Morgan should be honored because of their fine new daughter, that the Huffmans and the Muggridges should be honored as both were still on their honeymoon while Prof. and Mrs. F. G. Morgan were celebrating their fifth anniversary. Even the smallest children took part, and Billy Morgan cut his first tooth in honor of the occasion, and Miss Grace Carol Morgan was baptized at the hospital.

The H. S. and F. G. Morgans and Mr. and Mrs. Muggridge took the trip to Blowrock on the following day.

DO SPIDERS KNOW?

Baltimore News.
Employees of No. 3 mill of the Mount Vernon-Woodberry Cotton Duck company were greatly excited when two cob-webs were found, one on each side of the gate. The spider on the right hand made his web in a form which spelled out in bold letters "War ends in September," while his neighbor on the left told "Victory for America." The words were discovered by one of the factory girls. An expert in draftsmanship could not have formed the letters more perfectly.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134
