By the Associated Press. Petrograd, Sept. 13 .- Although the revolt can be considered formaly en. ded only after the announcement that General Korniloff, its leader, has ac tually surrendered the capital and the country already show signs of recomposure and there is an absence of panicky feeling here.

PRICE TWO CENTS

The provisional government is actively taking measures to restore the economic and social life and although the fundamental difficulties which inspired General Korniloff's venture remains, the hope is expressed that the energetic measures taken by Kerensky will restore confidence in the government.

Petrograd has entirely recovered its calm, one effect of the suppression of the revolt being that the panisky rush caused by the fall of the Baltic port of Riga has ceased and the railroads have restored service.

Doubtful elements in the country Means-King case, which will be reop | which would have followed General ened here Monday morning, Septem- Korniloff in his venture have adopted ber 24, by Solicitor Clement, grows resolutions pledging support to the government.
