RUSS HEADQUARTERS STAFF REORGANIZED

Petrograd, Sept. 20.—It was announced from an authorized source that the reorganization of the headquarters staff has been completed and that the new high commands will enter upon their function forthwith. The war minister, General Verkhovsky, has informed the newspaper representatives that the government is about to realize a series of important reforms with the object of creating a strong revolutionary army.

It is authoritatively stated that the government considers the proclamation of a republic as merely a declaratory act and does not propose to form a republican administration before the constituents assembly is convened.

The commission of inquiry sitting at Pskoff has ascertained that General Klembovsky did not participate actively in the Korniloff revolt. The commission declares that he is not therefore subject to arrest.
