OVER \$100 SUBSCRIBED
 "Weaver Day" was observed in the Methodist church here Sunday and \$105 was subscribed for Weaver Hall at Rutherford College. This with the amount previously subscribed, brings the total subscription of this church up to \$1,200. If other churches in the conference do as well in proportion, the new building is assured.

To get a medium-priced range without a fault, buy a Cole's Down Draft Range. They are made by experts.

HELPING THE COAL MAN

That's what you are doing every day with your old style antiquated range. We know this and for that reason we want you to see

Cole's Down Draft Range

Here is a range that will put money in your pocket instead of making you poorer. With this range in your kitchen, you will still buy coal, but - you will need only about one-half what you would burn in any other range not fitted with Cole's Hot Blast system of combustion.

This system consumes and uses the gas portion of your fuel. In other ranges, the gas is wasted as it escapes up the chimney.

We call it "the boss money saver" and want you to see its many good qualities. We have this range now set up on the floor. Come and see why we are so enthusiastic about it.

See the name "Cole's Down Draft" - on the high closet door - none genuine without it.
