

### You Need Your Eyes

The only way you can have them is to take care of them. It is too late after they are ruined.

If you have trouble come in and have them examined. If glasses are needed, I will prescribe some that will preserve your eyes and make your work easy and pleasant.

**Book Club to Meet**  
The Round Dozen Book Club will meet with Mrs. L. F. Abernethy tomorrow afternoon at 3 o'clock. It is requested that members bring their Red Cross knitting or sewing.

**Yount-Seaboch**  
The marriage of Miss Sadie Seaboch and Dr. C. Blair Yount, both of East Hickory, was solemnized at St. Andrews Lutheran church this morning at 10:30 o'clock in the presence of a large number of relatives and friends. Admission was by card.

The church was beautifully decorated with ferns and potted plants, the color scheme being green and white. Promptly at 10:30 Mrs. F. G. Morgan sang "Because," accompanied by Miss Modelle Davis on the piano.

Then to the strains of the Mendelssohn march, down the aisle came Messrs. Fred Campbell and Victor Seaboch and Jack Davis and Herbert Fritz, the ushers who took their places at the vestry. Dr. R. L. Fritz, president of Lenoir College, who performed the ceremony, came from the vestry and stood before the altar. The groom entered down the side aisle, accompanied by his best man, Dr. Coleman Raymer of Catawba. Down the central aisle to meet the groom before the altar came the bride, with her maid of honor, Miss Annie Tuttle of Pineola, tastefully attired in a dark-blue going-away dress.

During the performance of the beautiful ring ceremony of the Lutheran church by Dr. Fritz, Miss Davis played very softly MacDowell's "To a Wild Rose." At the close of the ritual the couple knelt for prayer, and then made their exit out the main entrance, followed by the attendants, to the strains of Mendelssohn.

The groom is the eldest son of Mr. and Mrs. J. T. Yount and Miss Seaboch is eldest daughter of Mr. and Mrs. L. J. Seaboch, both of East Hickory.

After October 9 the young couple will be at home at Atlanta, Ga., where Dr. Yount finishes his dental course this session.

### RESOLUTIONS OF RESPECT

**J. E. Perkins**  
Brother Perkins, during the period he was a member of our council, so endeared himself to us, by his quiet, unassuming manner, that his memory will ever be cherished in our hearts, therefore be it

Resolved, That in this bereavement our council sustains the loss of a loyal and true member, and who presented not only to the brothers of the order, but to the community at large an example and inspiration to better deeds.

RESOLVED, That bowing, as we do, in humble submission to the will of Almighty God will we mourn the loss of this faithful brother.

RESOLVED, That we deeply sympathize with his afflicted family in their great sorrow, reminding them that He, who doeth all things well, looks with compassion on the sorrowing heart.

RESOLVED, That a copy of these resolutions be sent to the bereaved family, one to the Hickory Daily Record, and one spread upon the Minutes of our Council.

## AMUSEMENTS

### SPECIAL AT PASTIME TODAY

The special attraction at the Pastime this afternoon and tonight will be "Cost of Hatred" a Paramount picture featuring Kathlyn Williams and Theodore Roberts. The following is the story: One thing was uppermost in Justice Graves' mind, hate for Robert Amory, whom he found his wife loved. It was that which colored his whole life. Thinking he had slain the young lover, Graves fled to a foreign country, only to find later that Amory's son was the diplomat delegated from the United States to that land. Again the hate blazed up, a cold, unrelenting fire. The story is by Beulah Dix and with the admirable acting of Miss Williams and Mr. Roberts forms an unusually stirring drama of love and hate and intrigue.

## A NERVOUS WRECK

**From Three Years' Suffering, Says Cardui Made Her Well.**

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

### AGAIN CHANGE PLAN AS TO NEGROES IN DRAFT

Washington, Oct. 1.—With plenty of room available at the national army cantonments, due to the large number of men to be withdrawn to fill up the national guard and other branches, the war department has again modified its plans for training negro troops of the national army forces. It is now the purpose, Secretary Baker said, to train a complete unit of negroes at each of the 16 cantonments, instead of training them only at cantonments to which a considerable number report. The size of the unit will depend upon the number of negro drafted men from the divisional area which supplies each cantonment, but where there is a large surplus men will be sent to posts with smaller numbers for consolidation with the training units there.

The first of the drafted negroes will be mobilized under the call of October 3. The number to be taken from each division will not be uniform and the allotment has not been announced.

### FIRE PREVENTION DAY TO BE OBSERVED OCT. 9.

To the Citizens of North Carolina: The general assembly of your state has done well in naming October 9 of each year as "Fire Prevention Day", and, as required by law, Governor Bickett has issued a proclamation setting aside Tuesday, October 9, 1917, as "Fire Prevention Day." It will help the campaign of education being conducted by this department to arouse the people of our state to their individual responsibility in reducing this tremendous fire waste. Approximately three million dollars worth of property is destroyed by fires in this state each year.

When it is recognized that two-thirds of this fire loss is preventable, and care is avoided with even ordinary care it would seem to call not only for "Fire Prevention Day," but that the people of the state especially in our cities and towns, should not only observe this day, but use the whole week in inspecting, cleaning up, and doing everything possible to save their property. In fact, I am deterred from stopping until not only "Fire Prevention Day" followed by inspection week shall be observed in North Carolina, but that the citizens of this state shall realize that this work is one that calls for their active services on each and every day of the year. The loss of this property to the state and her citizens is appalling, but it cannot be considered when it is remembered that not only property but many lives are lost each year by the carelessness of our people in regard to fires. The people persist in starting fires with kerosene oil, in handling matches carelessly, in using gasoline without regard to its danger, and doing many other things that start and feed fires, to say nothing of the character of buildings being erected and the manner in which they are kept with trash, oil rags, and many other things that start and feed fires.

It is hoped the chiefs of fire departments and their men in each city and town will undertake a proper preparation for the observance of this day, and that they will have active aid not only of the municipal authorities, but also of the superintendents and teachers of our schools, or fire insurance agents, of business men, of the women's clubs, and in fact of all citizens, as each and every one is affected by this annual loss of life and property.

Let every one enter into the full spirit of the day, and continue this work of inspection and cleaning up through the week with a determination that every day of the year shall be in his town and home Fire Prevention Day. I will take pleasure in furnishing programs, posters, and any data that will aid in a proper observance of the day.

Very truly yours,  
JAMES R. YOUNG  
Insurance Commissioner

## THE SOUTHERN RAILWAY COMPANY

### An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway—the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that the interests of the public and the management of the railway are in perfect harmony. It is the policy of the company to realize the liberalization of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service, and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.
