CALOMEL ROBBED OF NAUSEATING QUALITIES

Medical Virtues Retained and Im-
proved — Unpleasant and Danger-
ous Qualities Removed — New
Tablet Now on Local Market Un-
der the Name "Calotabs"

The latest triumph of modern phar-
macy is a "de-nauseated" calomel
tablet known to the drug trade as
"Calotabs." Calomel, the most
generally useful of all medicines thus
enters upon a wider field of popu-
larity, — purified and refined from
those objectionable qualities which
have heretofore limited its use.

In biliousness constipation and in-
digestion, and in a great variety of
liver, stomach and kidney troubles
calomel was the only successful reme-
dy but its use was often neglect-
ed on account of its sickening qual-
ities. Now it is the easiest and
most pleasant of all medicines to
take. One tablet on the tongue at
bedtime, a swallow of water, that's
all. No taste, no griping, no nausea,
no danger. good night's sleep
and the next morning you are feel-
ing fine with a clean liver and a big
appetite. Eat what you please.
Calotabs are sold only in original
sealed packages of twenty doses
for thirty-five cents. Your druggist
offers to refund the price as a guar-
antee that you will be thoroughly de-
lighted with Calotabs.

THIRD QUOTA LEAVES FOR CAMP JACKSON

The Newton Red Cross gave the
men who left Wednesday for Camp
Jackson a good send off, serving
refreshments and making the boys
feel that they were remembered.

REMARKABLE RECORDS

This is from the Newton Enter-
prise:
"We wonder if anybody in Newton
has canned as many vegetables, etc.,
as Miss Rebecca Trolinger, proprie-
tor of the Trolinger House. She
has already put up more than five
hundred cans and isn't through yet.
Who can beat it?"

DANIELS NAILS YET ANOTHER FALSEHOOD

By the Associated Press.
Washington, Oct. 5.—Cooperation
between the British admiralty and
Vice-Admiral Simms of the American
navy has been frank and complete,
Secretary Daniels said today.
"The spirit shown by the admir-
alty," Secretary Daniels said, "has
been one of perfect frankness and
cooperation. Our officers have had
access to every bit of information the
admiralty possesses."
Mr. Daniels' statement was
prompted by published reports that
British were withholding methods
of combating U-boats.

To mention only two that come to
mind, Mrs. Charles H. Geitner has
preserved over 600 jaks and cans
and Mrs. A. P. Whitener has about
the same number. There are at
least a score of ladies in Hickory
who have put up as many as 500
jars. But, like Miss Trolinger,
they are of the elect.

CHEVROLET New Series "Four-Ninety" Touring

Chevrolet "Forty-Nine" Touring is "light-footed," but not too light. A motor car should not be too heavy nor too light.

If it is too heavy, the weight is liable to affect its efficiency, and ex-
pense. If it is too light, it is likely to be dangerous and not keep to
the road.

The Chevrolet is medium in weight, but heavy enough so that the
car will remain on the road at all times, and light enough so that the
machine will not be hard on tires and will be economical in the matter of
gasoline consumption.

The important things depend on the weight of the car.

The car that is too heavy is not only a burden on the road, but its own
weight affects the mechanical efficiency, for the heavy car is likely to
rattle itself into the scrap heap.

Model "Four-Ninety" Touring is a favorite for the reason that it is an
economical car to own. Now equipped with demountable rims, tilt-
ed windshield and other new refinements. Price \$635.00 f. o. b. Flint.

COAL DEALERS ARE WARNED AGAINST RAISING PRICES

Washington, Oct. 5.—The raising
of coal prices in some cities follow-
ing the order October 1 by Fuel
Administrator Garfield, fixing a lim-
it on profits, is under investigation
by the federal trade commission. The
commission's agents, it was said,
will report within a few days on
the situation in New York, where
prices went up 50 cents a ton.
Publication of the order in the
official bulletin, Dr. Garfield said
constituted notice to dealers that the
margins have been fixed. Any vio-
lation of that order, he said, will
be dealt with severely.

ITALIAN CRUISER BATTLES ENEMY

Washington, Oct. 5.—Details of
the Italian cruiser Aquila's fight in
the Adriatic with Austrian airplanes,
destroyers and cruisers, reaching
here from Rome add to the cable ac-
counts a thrilling story of how the
gallant Italian ship, while fighting
a fire in her own hold, drove off the
destroyers, was bombed by the hydro-
airplanes and singlehandedly engaged
three Austrian cruisers until
help came up and then safely got
to port under her own steam.
Three Italian naval commanders
having learned that a number of

Austrian ships were moving along
the eastern shore of the Adriatic,
ordered a squadron of Italian de-
stroyers to attack. The squadron was
preceded by the light cruiser
Aquila. The vessel sighted the
Austrian destroyers of the Tauris
type headed towards Cattaro, the
Austrian naval base, seriously dan-
gering both of them. Just as it ap-
peared that the Austrian vessels would
be obliged to succumb a fire broke
out on board the Aquila, which com-
pelled that vessel to suspend its
engagement while efforts were being
made to subdue the flames.
