MOST URGENT NEED IN NORTH CAROLINA

CITIZENS MUST SEE THAT PREVENTABLE FIRES ARE REDUCED TO MINIMUM.

ABUNDANT HARVEST READY

Every Farmer, Farm Wife, Girl, Boy, and Employee on Farm Must See That No Food Crops Are Destroyed By Fire.

Recent reports from sections of North Carolina telling of alleged uprisings against the selective draft, when sifted down proved to be purely unproven rumors or cases of protest made by persons thoroughly ignorant of the law providing for the selective draft. It is unfortunate that the report should have gone out to newspapers throughout the nation leaving the impression that there might be an organized protest or a protest of any proportion from North Carolina against a condition such as the country now faces. North Carolina is fortunate in being more than 99 per cent. American. Recent war census figures show that less than one per cent of the population of the state is foreign born. The people of North Carolina will be found always ready to support the powers that have charge of the conduct of the war that has been thrust upon America.

In some parts of the country serious complications have arisen with industrial socialistic organizations. State and county officials and in some instances troops have had to be called to cope with the situation. In the Dakotas army officers have been warned of an organized plot to destroy great crops of grain as it is harvested and stored. Throughout various parts of the country have come reports of arrests of supposed German spies or pro-German agitators. But none of this sort of activity has been reported in North Carolina so far.

There remains but one enemy of the people of North Carolina and that enemy by proper effort is the easiest of them all to cope with. It is carelessness. Abundant crops are now ready to harvest or have already been harvested. The urgent need in North Carolina is what may be termed a burning need. It is that every farmer, every farm wife, every farm employee, every boy and every girl on every farm in the state should use every care to see that these food crops and this cotton is protected against the danger of destruction by fire.

North Carolinians have little to fear from alien enemies or their sympathizers because there are few if any here. Incendiary fires are few and those that occur are the outgrowth of personal enmity and not the acts of enemy agents. It is incumbent upon every citizen to see that preventable fires are reduced to a minimum. Every ounce of food destroyed or unnecessary consumed is an ounce of treason ignorantly or intentionally committed.

The fact that insurance is carried and that the value of the burned food stuffs may be collected in money does not even tend to mitigate the loss. When foodstuffs burn in a time like this money will not replace it. Every ounce of foodstuffs produced is needed somewhere while thousands are suffering from the lack of sufficient food. The duty which so plainly faces North Carolina is the duty to guard against themselves. A little care and the practice of ordinary precaution against the destruction by fire of crops in barns and warehouses will conserve the foodstuffs that the promised bountiful crops will yield. It is the duty of each to see that carelessness does not permit their destruction. If North Carolina crops are destroyed in barns or in storage it will not be by the hand of an alien enemy or an erratic pacifist for there are none of this class roaming this section. Nor will it be "an act of Providence," but the inevitable result of purely human neglect.

CHICHESTER'S PILLS

THE DIAMOND BRAND
Largest and Best
SOLD BY DRUGGISTS EVERYWHERE
SUBSCRIBE FOR THE RECORD

Vigorous Men and Women are in Demand

If your ambition has left you, your happiness has gone forever unless you take advantage of Hickory Drug Co.'s magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Mail orders filled, charges prepaid by The Wendell Pharmaceutical Company, Inc., Syracuse, N. Y.

IN THE WAR AGAINST WASTE.

Joining other numerous forces throughout the nation in the war against waste as a helping hand to the country's struggle to "Make the World Safe for Democracy," one of the large insurance companies has issued a bulletin which, it announces has as its object the promoting of patriotism, good citizenship and the physical betterment of the people. Some very timely suggestions are herewith presented from this valuable paper:

"Give no time or money to selfish pleasure which can be given in unselfish service to the nation."
"In the name of common humanity and of common sense, let us at once adapt ourselves to the extraordinary war conditions which have come upon us."
"Unless extravagance is checked the nation will be injured—people will go hungry and the war will be prolonged."
"What a blessing rational economy would bring to war worn humanity is the present food crisis."
"But economy is not enough. We must produce more, conserve more and every one enlist in the war against waste."

Concord grapes, Spanish onions, celery, gray fruit, Whitener and Martin.

WILL INSPECT FOOD AND SUPPLY HOUSES

ORGANIZATION IS PERFECTED BY INSURANCE MEN IN NORTH CAROLINA.

STATE DEPARTMENTS HELP

All Buildings Where Food and Supplies Are Stored Will Be Guarded Against Destruction By Fire or Waste.

Organization of one of the most effective patriotic bodies in the state has recently been perfected by special agents, inspectors and field men of virtually all fire insurance companies doing business in North Carolina. It is the purpose of the organization to make inspection of all buildings where food supplies or clothing supplies may be concentrated to guard against possible loss by fire of any goods which are needed in the prosecution of the war.

The organization was perfected recently at a conference of insurance men in the office of State Insurance Commissioner James R. Young in Raleigh. Present at the meeting were Governor Bickett, Commissioner Young, S. Y. Tupper, of Atlanta, Southern manager of the Queen Insurance Company, Milton Dargan of Atlanta, Southern manager of the Royal Insurance Company and A. M. Schoen, engineer for the National Board of Fire Underwriters. The conference was also attended by J. M. Broughton, Jr., and A. T. Bowler, president and secretary respectively of the Raleigh Chamber of Commerce and Prof. W. A. Withers, president of the Raleigh Rotary Club.

Co-operation of all the machinery of the State Executive and administrative departments was pledged by Governor Bickett and Commissioner Young. A committee of insurance men was appointed to arrange the details of the campaign and the plan to be carried out contemplates the districting of the entire state, each district to be under the supervision of one of the insurance men who will make frequent inspections of all wholesale houses or food depots, grocery stores or other places where foodstuffs are concentrated. Other inspectors will look after cotton gins and cotton warehouses and all kinds of depots.

The work thus done is under the supervision of experts who will give without cost their trained experience to aid in the National campaign against unnecessary fire waste in the stringent war period. While these men are representatives of insurance companies, the work thus undertaken is under the direction of the National Government and the direct supervision of the Council of National Defense. Recommendations will be made and instructions in fire prevention given to citizens and property owners and where it is necessary property owners may be compelled to follow these instructions given by these inspectors as war measures.

The campaign is part of the nationwide plan adopted by the National Board of Fire Underwriters. Similar organizations have been made or are being made in every state. Representatives of the National Board at the meeting held in Raleigh stated that the work was better understood by the insurance men in North Carolina and the campaign gives better promise of accomplishment here than in any state they had visited. Commissioner Young has been urging work of this sort—that is the adoption of measures to prevent fires and the subsequent unnecessary waste of food and supplies—since the war started and through a continuous series of appeals to the citizens of the state, city and county officials, a considerable amount of success has been accomplished and it is the belief of the commissioner that the people are familiar enough with the situation to carry the plan on to a great success and in this manner to add to the campaign North Carolina's "bit" in a valuable work.

Children Cry FOR FLETCHER'S CASTORIA

WILL ASK THAT EXEMPTION BE REFUSED TO STRIKERS

Houston, Tex., Nov. 14.—In announcing a "little show of military" a wartime strike in some industry needed for the successful prosecution of hostilities and a fine line of industry as "the absolute limit of military," Dr. Sidney J. Smith, chief of the southern district court board said he would insist that board own or discharge without conditions or grounds to all registered military agents involved in the present military strike.

Kamp Kit Pack, used to hold the soldier boy. Whittaker and Martin.

GERMAN UPRISING IN BRAZIL

Buenos Aires, Nov. 14.—A German uprising is in progress in Brazil, according to reports received in railway stations. The strikers inaugurated a general strike of Brazil. It is reported that the strikers are making the movement as far as possible. Measures of the government have been taken to suppress the strikers, according to the news from the strikers. It is reported that the strikers have been dismissed from the government service. There are reports of German activities in southern Brazil.

OYSTERS, FEELING OF

Washington, D. C., Nov. 14.—The American government's oyster program was revealed for the first time in a statement by the shipping board showing that 1,000 new oyster boats will be built in the next few months. The program will be completed in 1919 and will cost about 4,000,000 dollars. A total of 10,000 oyster boats has just been authorized by Congress to complete the program.

MAGNITUDE OF SHIPBUILDING PROGRAM IS REVEALED

Washington, D. C., Nov. 14.—The American government's oyster program was revealed for the first time in a statement by the shipping board showing that 1,000 new oyster boats will be built in the next few months. The program will be completed in 1919 and will cost about 4,000,000 dollars. A total of 10,000 oyster boats has just been authorized by Congress to complete the program.
