Southern Railway System

An Ambition and a Record

The needs of the South are identical with the needs of the Southern Railway. The growth and success of one is the growth and success of the other.

The Southern Railway asks no favors—no special privileges not accorded to others.

The ambition of the Southern Railway Company is to see that the public interest is born of co-operation between the public and the railway. To see that the public interest is born of co-operation between the public and the railway. To see that the public interest is born of co-operation between the public and the railway.

TRENCH GASOLINE BILL IS \$100,000,000 YEAR

By the Associated Press.

Paris, Nov. 6.—Discussion of extravagance and wastage in war expenditures, during the recent debate on the appropriations for the fourth quarter of this year, in the chamber of deputies developed the fact that France is paying the equivalent of \$100,000,000 a year for gasoline. The up-keep of cars placed at the disposal of the military authorities outside the war zone amounted to about \$509,000 a month during the year 1916.

Emmanuel Brousse, who is sometimes called the "watch-dog" of the treasury remarked that part of this waste was due to the fact that motor lorries intended to carry loads of from three to five tons were used to transport single cases weighing no more than a hundred pounds.

Another speaker declared that discarded stallions belonging to the state were sold by the agricultural department at the equivalent of \$70 to private individuals who subsequently sold them to the war department for the equivalent of \$300.

It also was asserted that in purchasing 40,000 horses in America the government lost about \$5,500,000. It was claimed that these horses were bought in the United States at \$80 to \$85 a head and cost \$140 to \$160 when the freight and feeding were paid, but that the French government paid \$300 each for them.

Another deputy pointed out how some of the measures adopted with a view to economizing food products had involved extravagance. The appointment of millers in each department to supervise the distribution of the cereals allotted by the government, with a compensation of four cents a hundred weight for their services, it was calculated, would cost from \$40,000 to nearly \$400,000 in each department, and there are eighty-seven departments in France. Thus a simple service of supervision, and the plan being carried out, would have made eighty-odd fortunes for as many millers.

In spite of these isolated cases of persistent waste, it was declared on the other hand that the government has in most departments connected with the war effort realized economies running into hundreds of millions of francs a year.

Children's Entertainment

The Children's Missionary Society of St. Andrews Lutheran church gave a public meeting in the college auditorium Sunday evening. The topic for study was Little Helpers, applying to home and foreign missions. Properly at 6:30 the curtain rose revealing a scene long to be remembered by those present—a bunch of bright and expectant children showing enthusiasm and determination to work for their master.

The meeting was opened with prayer by Rev. J. C. Perry, pastor of St. Andrews Lutheran church, followed by the scripture reading and address of welcome by the leader, Mrs. J. L. Kiser. After the address of welcome the program followed in two parts, consisting of songs, readings, and offerings, which were well and impressively rendered.

The second part was in the form of a pageant, entitled, "The Song They Sang." The children were costumed to represent the Orient. Too much could not be said in praise of those taking part in the presentation of this part, and of the leader's work.

Next was a short address by the pastor in which he praised the success of the leader and children. The offering for the evening will be used for the Children's Life Membership Fund, to be used in establishing a home for our missionaries in Japan.

Corresponding Secretary

GOOD CAUSE FOR ALARM

These Figures Will Make Hickory People Take Notice

Deaths from kidney disease have increased 72 per cent in twenty years. People overdo nowadays in so many ways that the constant filtering of poisoned blood weakens the kidneys. Beware of fatal Bright's disease. When backache or urinary ills suggest weak kidneys, use Doan's Kidney Pills, live carefully, take things easy and avoid heavy eating. Doan's Kidney Pills command confidence, for no other kidney remedy is so widely used or so generally successful. Home endorsement is the best proof of merit. Read this Hickory resident's story:

Mrs. Elma Hahn, 528 Chestnut Ave., says: "My back pained me so severely I could hardly stoop and it was hard for me to straighten up again. I was kept awake at night and mornings was tired. Doan's Kidney Pills, which I got at Lutz's Drug Store, removed the trouble and reduced the swelling in my feet."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hahn had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
