Starnes-Hyder
The home of Mr. and Mrs. C. D. Hyder in Highland was a beautiful scene last Wednesday evening at 9 o'clock when their daughter, Miss Ruth Hyder, and Mr. Joseph Starnes were united in marriage by Rev. W. R. Bradshaw, the impressive ring ceremony being used.

Before the bridal party entered Miss Clara Bowles sang sweetly "At Dawning." Mrs. A. M. West accompanied her. Mrs. R. S. Brown played the beautiful Mendelssohn's wedding march. Little Miss Margaret Hyder, sister of the bride, was ring bearer. The bride was dressed in a blue suit with accessories to match, and carried a shower bouquet of sweet peas.

The color scheme of green and white was carried out in the decorations. The many handsome and useful presents attested the popularity of this young couple.

NEVER WILL RECOGNIZE BREST-LITOVSK TREATY

London, June 28.—"I bear witness that the Russian people never will recognize the Brest-Litovsk treaty, which hurled Russia into an abyss of annihilation," said Alexander F. Kerensky, former premier of Russia in an address at the labor conference yesterday.

Mr. Kerensky said that Russia was bending under German insults and bleeding at every pore, but still opposed the enemy invasion.

ANOTHER BOND ISSUE COMING IN OCTOBER

Washington, June 28.—Another bond bill authorizing eight billion dollars of Liberty bonds in addition to all heretofore authorized, was framed by the house ways and means committee in preparation for the next issue expected in October and to provide for a subsequent issue when necessary. Authorization is outstanding for \$4,000,000,000 in bonds, and the next issue probably will be around \$8,000,000,000.

Besides authorizing \$8,000,000,000 more bonds for domestic purposes, the bill, which was approved by the committee for immediate report to the house, would authorize \$1,500,000,000 more for loans to the allies, increasing the total provided for this purpose from \$5,500,000,000 to \$7,000,000,000. In transmitting the tentative draft Secretary McAdoo stated that advances to the allies for July, August and September had been estimated at \$500,000,000 monthly and added:

"Loans to the allies have fallen considerably below that figure and the additional appropriation could, I hope, carry us through the early winter."

"Early enactment would put the treasury in a position to make plans beforehand for the fourth Liberty loan in the fall," said Mr. McAdoo. "This authorization is greater than would be issued in the fourth loan, but if the practice which was adopted successfully in the third loan of making allotments in full upon all over subscriptions is followed, it will be necessary to have a substantial margin to cover any possible over subscription."

Local and Personal

Mr. Horace Lutz spent yesterday in Charlotte.

Mr. June Gaither of Newton was a Hickory visitor yesterday.

Born to Mr. and Mrs. Frank Johnson Jr., a daughter.

Mr. and Mrs. Buren S. Neill of Charlotte are guests in the city for several weeks.

Mrs. R. A. Grimes, Mr. Bobby Grimes and Miss Mary Murphy left this morning to spend several days in Thomasville.

Miss Margaret Clark of Salisbury and Miss Ruth Vardell of Red Springs who have been the charming guests of Miss Miriam Whitener have returned to their homes.

Mr. John W. Robinson today reported pledges amounting to about \$2,000 in War Savings Stamps in his district. Men and women in moderate circumstances were enthusiastic purchasers, and these Mr. Robinson has on his honor roll.

Mr. Mack Dellinger, Mrs. Parker, Mrs. John W. Townsend and Miss Fannie Rink, who were taken to Dr. Long's Sanatorium this week by Dr. Hollar, are reported as doing nicely. Miss Rink was the only member of the party not operated on.

The Charlotte navy yard suffered serious loss yesterday morning when Lakewood pavilion, together with a soda fountain, some musical instruments, and several rowboats were destroyed by fire. The loss was \$12,000.

Messrs. J. W. Blackwelder and S. L. Whitener addressed an interested audience at Longview last night, Mr. Blackwelder speaking on War Savings Stamps and Mr. Whitener discussing the sugar regulations for the most part. Longview has an active organization and it will be heard from.

Several well to do citizens of this section are said to have bought no more than a few hundred dollars worth of War Savings Stamps, but are looking around for investments that pay from 8 to 12 per cent. They are willing for the few big burden bearers and the army of small wage earners to carry their load. It is said, and there is some indignation over the injustice of the thing.

BRYAN WILFONG'S RECORD

Bryan Wilfong has joined the Limit Club and has already purchased nine hundred dollars worth of maturity value of War Savings Stamps, as well as four hundred dollars worth in Liberty Bonds. He has also decided to enlist in the aviation branch of the army as soon as he has purchased the remainder of his thousand of War Savings Stamps and possibly one hundred dollars more in Liberty Bonds. Bryan says that there are at least one thousand persons in Catawba county who should join the Limit Club, and he has not placed his figures too high.

THE 1918 CLASS

The Record today is publishing the names of those who were drawn in the draft at Washington yesterday. HOG CHOLERA

Recently a number of hogs in Newton, Maiden, Conover and Hickory have developed hog cholera. As perhaps everyone realizes that hog cholera is one of the most dangerous diseases affecting the hog, and that this disease can be controlled if the proper controlling measures are put into effect. The disease affects the hog about as typhoid affects man. The cholera can easily be spread by hogs, buzzards, by people carrying it in their clothes and on their shoes, and by streams. Hogs dying from cholera should by all means be burned or at least buried very deep. Where they are buried shallow the dogs will scratch into them and from the dead carcass will make their way to the slop bucket and the pig gets cholera. If everyone will do his part, we can very quickly stamp out this infection that we have here in our county. In case your herd has been exposed to cholera or develops cholera symptoms, notify me at once and arrangements can be made to have your herd vaccinated against the disease. If no case is developed near you, I do not consider it advisable to have your herd vaccinated, but instead keep a careful watch as to health and condition.
