YOUTHS ON SKATES PLACED IN DANGER

Fear that young boys and girls on roller skates, cutting across streets and sweeping down grades at a high rate of speed, will collide with passing automobiles or lose control of their rollers has been expressed by a number of members of the board of health of Hickory men recently with the suggestion that the old ordinance be enforced or modified so as to prevent the practice on the most dangerous streets. Main street, it is pointed out, should not be available to the youthful skaters, nor should Thirtieth avenue down the hill from Fifteenth street to Fourteenth street. This is the worst death trap. Parents should ascertain if their children are using dangerous crossings or coasting down bad grades. The suggestion is made in behalf of parents and children and it is hoped that these bad places will be avoided. The street at the corner of the First Baptist church is another place that should be guarded against.
