NEW MACHINERY NOT REQUIRED FOR WOMEN
"The status of a woman under the amendment," says Attorney General J. S. Manning, answering a question, "is the status of a man reaching his majority. All she will have to do is to present herself for registration. She will be required to pay no poll-tax this year because she has, in essence, reached her majority" as far as voting is concerned.

WOMEN WILL REGISTER AT THE SAME TIME AND PLACE AS THE MEN AND THEY WILL VOTE AT THE SAME BOOTH.
There is a general suspicion in Hickory that there will be more clean collars, clean shirts and pressed suits on next election day than ever before in North Carolina. It is also believed that some of the tobacco chewers about the polls will be cut out, and it is another reasonable assumption that liquor-drinking will not be practiced anywhere near the voting precincts.
