DECLARES WILSON ANXIOUS TO REDEEM PLEDGE TO MOTHERS

By the Associated Press.
Chicago, Oct. 30.—Governor Cox addressing an audience of women here at noon today said President Wilson would be "perfectly willing to conclude participation in all public affairs if the president felt assured that America would join the league of nations."

The Democratic presidential candidate said President Wilson's one main thought was that the league was a

pledge to American mothers.

"If elected I purpose placing women in many important places," Governor Cox said. "I intend to consult the mothers of America and see what it will make it more responsive to the needs of the great American people."

President Wilson's name was cheered when the governor deplored what he said was a form of malignant hate. The name of Senator Lodge was hissed when the governor told of the

senator's part in defeating the peace treaty.

"I am not afraid of woman suffrage," said the governor declaring that women's participation in public affairs already had proved its success.

Ohio legislation in the interest of women and children was detailed by the speaker. He told of Ohio's new constitution and reiterated that Senator Harding was the leader of the reactionary forces.
