Sentiment for cooperative marketing is sweeping things before it in North Carolina, except tobacco warehousemen. They are advertising that they will be open again in the fall for the sale of the weed, and the public is interested in the result.

If the United States feels disposed to invite delegates from European and Asiatic powers to meet in Washington in a conference in which it is vitally interested, it is logical to expect it to send representatives to the economic conference at Genoa, in which the European powers are equally as vitally concerned, and the United States much less.

Chapel Hill folks view with alarm the speeding on the Durham-Chapel Hill highway, a stretch of hard surface about the distance from Hickory to Newton, and the Raleigh Times suggests that the number of automobiles be taken at one end of the line and phoned to the other in order to catch the daredevils. To do this would necessitate pretty fast telephone work.

Statesville's new hotel is to be named Vance, the directors selecting that name out of a bushel suggested. A number of persons urged in honor of the state's great statesman, and it is interesting to note that Neil Clark of Hickory was one of those picking out the right cognomen.

It was Ford day at Washington yesterday. Uncle Henry told the reporters anything they wanted to know and got off a good joke on the press. We doubt, however, if his humor was appreciated in Paris.

The snow blew over Hickory in a heavy last night and that accounts for its slight depth. In the north-west during the afternoon there were heavy dark clouds and the probability is that back in the mountains there is a heap of snow.

Adults may not care particularly for snow, but children go wild over it. They are no trouble to get out of bed the morning after it is reported.

Republicans are said to view with alarm Colonel Watts' income tax collectors. There is just one of them who will probably worry any of us.

Recalled from Cannes to explain the results of the negotiations, Premier Briand simply hit the chamber of deputies between the eyes, so to speak.

DECLINE IN AMERICAN SHIP-BUILDING Springfield Republican. The shipbuilding industry in the United States which had such a revival during the war as to place the country in the foremost position among the nations of the world in the development of its merchant marine is shown by Lloyd's Register for the last calendar quarter of 1921 to have approached disquietingly near to the doldrums. The American percentage of the world's construction during this period was actually lower than before the war. Compared with the last quarter of last year American construction was only half of what it was in the previous quarter, while the construction going on in Great Britain fell off only about one-fifth and that in the rest of the world about one-tenth.

The following guests were at dinner: Mr. and Mrs. G. W. Rabb, Mr. John Ivey, Dr. Ralph Huffman, a young brother, Mr. and Mrs. Raymond Huffman, Mrs. Sarah Smith, Gilbert Gabriel, Miss Ruby Smith and Miss Fannie Whitener. The three Confederate soldiers, Messrs. Rabb, Huffman and Ivey lived again after the most excellent afternoon after the most excellent dinner which was greatly enjoyed by all present.

L. F. Klutz has returned from Raleigh, where he went to see his brother, Stoner Klutz, who recently underwent an operation at Rex hospital, in that city, for appendicitis. Mr. Stoner Klutz was a student at Carolina college, this city, last year. Mr. John Rowe, who travels eastern North Carolina in the drug business, was in Newton Friday. He was called here on account of the sickness and death of his sister, Mrs. Mary Rowe West.

Mr. Kitchen Duke of the Charlotte Observer force, has been visiting in his mother, Mrs. Sallie Duke, on College street for a few days.

LETTER OF APPRECIATION From Ward L. No. 7. Dear Miss Gwaltney: I am indeed sorry to learn of your illness and pray that you may be speedily restored to your good health. My how we missed you Xmas and your old boys were really grieved. I cannot begin to tell you of the good times and how the boys all got the Xmas spirit, and forgot for the while their ills, in the enjoyment of the good things sent up by the kind and generous hearted people of Hickory.

For some of us this is the last Xmas we will have on earth and I know blessings will surely rest upon those who so materially supported you in contributing to our happiness. Of course many of us had home folks to remember us, but to others the Hickory treat was indeed a God-send as otherwise they were but slightly remembered. We are hoping to see you when you feel you can make the trip.

Poor Cherry was taken home and lived but a few days. Whitty lit a cigarette, took a puff or two and dozed back on his pillow with his seal in another world. Brunner was taken to Buffalo on a stretcher and was about all in. I promised a transfer to Washington in April, if I am here then. I want to spend any time left me near my family. We, I say we, because I know the expressed sentiment of your boys, wish you health and happiness and many years to enjoy the same.

With the kindest regards and the season's best wishes, I beg to remain yours gratefully and sincerely, B. C. Washington, Jr.

A FRIEND IN NEED A FRIEND INDEED

Writes Mrs. Hardeç Regarding Lydia E. Pinkham's Vegetable Compound

Los Angeles, Calif. - "I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and got the medicine - Lydia E. Pinkham's Vegetable Compound - and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a friend indeed, for you were a friend indeed." - Mrs. GEORGE HARDEÇ, 1043 Pyram St., Los Angeles, California. Let Lydia E. Pinkham's Vegetable Compound be a "friend indeed" to you.

The New Year

The new year we predict will be happy and prosperous for those who will go after these things as if they really wanted them. The coming year and the years to follow look good to those, who, with resolution and industry, work for their future rather than depend on luck.

The coming year we believe will be one in which the wise will exercise prudence in the management of their income and conservatism in their business undertakings. Among good resolutions which any one may adopt with profit is the resolution to give greater attention to thrift by a "budget" arrangement of personal or family income.
