## LOSE FIGHT ON TARIFF BILL LIKELY

The Associated Press.  
Washington, April 12.—The decision by Chairman Fordney of the house ways and means committee that the house never would yield on American valuations has revived discussion of that tariff question at the capital with opponents and proponents estimating that a close fight will result.  
Chairman Fordney is of the opinion that the conferees will accept American valuation, but Senator Smoot of Utah, ranking Republican on the senate finance committee, does not subscribe to this view. As the situation now stands the conference committee will stand seven to three against the proposition.  
Senator Smoot, who made the fight for foreign valuation before the senate committee, said he would not vote for American valuation.  
Senator LaFollette, ranking Republican on the finance committee, voted against this valuation, and the four Democratic conferees, two from the house, and two from the senate, are opposed to it.

## PROMISES HELP TO NATION'S TRADE

By the Associated Press.  
Washington, April 12.—Government cooperation in the activities of a great majority of the trade associations of the country was promised today by Secretary Hoover in an address before representatives of various commerce organizations at the commerce department.  
Canvassed over 200 trade organizations, Mr. Hoover said, disclosed that only a small minority were formed contrary to law.  
Cooperation between the commerce department and the business of the country was only possible through the great trade associations, Mr. Hoover declared. The foreign trade of the United States, he said, has decreased less in proportion to pre-war totals than that of any other great commercial nation, due mainly to the efforts of American business men.

## PHILIP BROCKWELL AFTER LANDLORDS

By the Associated Press.  
Raleigh, N. C., April 12.—Instead of using the time-honored method of announcing in advertising in newspapers his candidacy, Philip Brockwell, local young man, stated today that he would become a candidate for the coming legislature and would let his friends know of his candidacy by megaphoning it on the streets.  
Brockwell says if he is elected he will introduce a bill which would make "first degree rent profiteering" a capital offense.

## WILL ARBITRATE STREET QUESTION

City council last night adopted a resolution providing for a board of arbitration to settle the differences between the city and Mrs. Sullivan over the paving of Eighth avenue in front of her residence. Mrs. Sullivan contends that she was damaged by the widening of the street in front of her place. The engineer employed by the city in the street paving surveyed for the paving and his lines were followed. Judge W. B. Council has been named as the city's representative and he and a representative to be named by Mrs. Sullivan will appoint a third person and the three will form the arbitration board.  
Council accepted the offer of J. W. Clarkson to advance \$1,000 for the building of a sewer main in Eighth street the money to be paid back in one and two years. There was some question as to leaving the matter over for the new administration, but the position was taken that the work should be advanced as rapidly as possible.

## LENOIR COLLEGE BEATS MT. PLEASANT 5 TO 2

Superb pitching on the part of Jones enabled Lenoir college to defeat Mount Pleasant Collegiate institute here last afternoon by a score of 5 to 2.  
Mount Pleasant's first run came in the first inning when Smithfield hit one for four bases and the second in the eighth on two errors.  
A hit by Deaton and one by Boyer second.  
Bunch hitting and poor infielding on Mount Pleasant's part registered two runs for Lenoir in the third frame and two more in the fourth.  
The chief features of the game were the pitching of Jones for Lenoir, who allowed only four hits and pitched out 14 men.  
Score: R. H. E.  
Lenoir—5 9 2  
Mt. Pleasant—10 0 0 0 10—2 4 5  
Jones and Deaton; Cress and Hopkins.

## MURDERER RELEASED ON NOMINAL BOND

By the Associated Press.  
Norfolk, Va., April 12.—Edward Mercer, held in Norfolk county on charge of murder in his own blood, today was released on \$500 for a preliminary hearing at Ocean View on April 24.  
The nominal bail required indicated that county officers are convinced that Mercer had nothing to do with the death of his wife whose death resulted from drowning. It is apparent that she was assaulted before being thrown into the water and drowned.

## Funeral on Sledge and Skates in Germany

An unusual funeral cortege passing over the frozen waterways from a tiny village in the Spreewald, near Berlin.

## RUSSIANS DON'T LIKE ALLIED EFFORTS

By the Associated Press.  
Genoa, April 12.—The Russian soviet delegation to the economic conference is staggered and amazed at the sweeping political changes in the soviet government suggested by the interallied commission appointed to study the problems of the rehabilitation of Russia.  
Lenine, Trotzky, Tchitcherin and others of the bolshevik leaders have repeatedly said that the recognition of Russia's old debts would be a subject for negotiations looking toward the recognition of the soviet government. The demand embodied in the report of the right of personal property and the protection of foreigners would wipe out communism entirely.

## FRENCH DYE FIRMS BUY SOME PATENTS

By the Associated Press.  
Paris, April 12.—French dye manufacturers are buying up secrets for making aniline dyes from Germany. The operations have given rise to reports of a general commercial alliance between the French and German dye interests. The manager of the French association declared the report exaggerated.  
He explained that most of the patents protecting German processes had now expired and nothing prevents the French from using them. It requires a considerable amount of experimenting to put the process into operation, however, and some French experts prefer to buy the secrets. These purchases were outright, leaving French manufacturers free to sell their products on any market.

## DR. LORENZ LEAVES TO RETURN IN FALL

By the Associated Press.  
New York, April 12.—Dr. Adolph Lorenz was a passenger on the French steamer Paris sailing for Europe.  
Dr. Lorenz, who treated thousands of cripples during his visit, at first was forced to curtail his operations owing to objection from members of his profession.  
He finally conducted free clinics under the New York health department until he could obtain a license and then practiced in New Jersey and other places.  
He is coming back to stay in September and will bring his family, which consists of his wife and two sons to live.

## FIVE IN JAIL FOR BARROOM MURDER

By the Associated Press.  
Chicago, April 12.—"Sailor" Friedman, light weight pugilist, and four companions were placed in the connection with the slaying Sunday of Abe Ruben in a saloon shooting affair. The five men were refused bail and must remain in their cells until April 18 when the preliminary trial will be held.

## FRICK COKE COMPANY

By the Associated Press.  
Pittsburgh, Pa., April 12.—Two more plants of the H. C. Frick Coke Company were closed today by the united mine workers in their campaign to carry the coal strike into the Connellville region, but the important Linthering and Trofner plants employing some 2,000 miners and coke workers were in operation with what managers said was an increased force.  
Union organizers, however, had not abandoned the attempt to carry the unionization movement into the heart of the region and a number of superintendents and organizers are busy in the Linthering plant. Mine forces and superintendents were said to be working among the Frick men and were said to be optimistic of their success in closing the plant.

## BROWNE IS NAMED AS CANDIDATE FROM 9TH

By the Associated Press.  
Winston-Salem, April 12.—Delegates to the Republican state convention from the Ninth congressional district today nominated Osborne Brown, wealthy cotton mill man of Catawba county, as a candidate for congress.  
Delegates from the Fifth district nominated J. A. Jackson of Mount Airy member of the state executive committee for a term of two years.  
Before the convention opened it was announced that John M. Morehead of Charlotte, national committeeman, would positively resign.

## STUDENT IS KILLED IN GAME OF GOLF

By the Associated Press.  
Haverford, Pa., April 12.—Paul Flagler Turner, a student of Haverford College, is dead as the result of a fractured skull which received while playing golf. He stepped behind a comrade just as the club was swung and received the full effect of a back swing from the club.

## FLOGGED IN DARK SUING 22 PERSONS

By the Associated Press.  
Birmingham, Ala., April 12.—Suit for \$250,000 was filed here in United States district court by P. D. DeBardeleben, former druggist of Sylacauga, Calladega county, against 22 residents of that community for alleged personal injuries resulting from a flogging received several weeks ago.

## COTTON

By the Associated Press.  
New York, April 12.—With early reports indicating slightly better weather in the south and Liverpool cables favorable, the cotton market opened at a decline of one to five points. There was a renewal of May liquidation, but spot house brokers bought May around 17.65, holding the decline in check during the early trading.  
Open Close  
May 17.65 17.66  
July 17.12 17.13  
October 17.12 17.13  
December 17.10 17.13  
January 17.05 17.04  
Hickory cotton, 16 1-4c.

## LIQUOR FIGURES IN NEW YORK ELECTION

By the Associated Press.  
Corning, N. Y., April 12.—Unofficial returns complete from the 37th congressional district today gave Lewis Henry, Republican, a plurality of 3,087 over Judge Frank Irving, Democrat of Ithaca, in yesterday's special election.  
Prohibition was the dominant issue of the campaign, Judge Irving declaring for the repeal of the Volstead act and the legalizing of light wines and beer.  
Mr. Henry stood for prohibition and was supported by prohibition organizations.  
The result was acclaimed by the "wets" as a victory for their side. They pointed to the reduced Republican plurality. In 1920 it was nearly 20,000 and the fact that all four cities which had voted dry in the 1918 local option election voted wet yesterday afforded them much encouragement.

## WIFE OF 78 SUES HUSBAND OF 80

By the Associated Press.  
Batavia, N. Y., April 12.—Mrs. John Scoins of this city, 78, has applied for a separation from her husband, 80, to whom she was married four years ago. She declared that her husband had deserted her two years ago and she is demanding alimony.  
Mr. Scoins has made answer that he is unable to pay alimony on a pension of \$50 a month and his only possessions are two cows and a pig.

## HELP CHEER DAYS OF OTEEN BUDDIES

Many of the young men at Oteen are compelled to lie flat on their backs for six months or a year. They are wonderful fellows, every body agrees who has seen them. They do not complain. They did their bit and they are paying for it cheerfully hoping that the time will come when they can return to friend and loved ones. Some will be able to do that; others will never leave the hospital.  
A bunch of violets, a rose, a smile—these seem great to such young men. You would scarcely notice them, they are so much a matter of course. It is not any hobby that makes those who visit Oteen want to cheer them up. It is honest-to-goodness humanity.  
An Easter box will be prepared and sent off from here for ward 1-8. Oteen and those persons who wish to bring cheer to these lads will please notify Mrs. K. C. Menzies or some of the other Red Cross women before tomorrow night.

## TO ABOLISH WAR DURING LIFE OF PACT

By the Associated Press.  
Genoa, April 12.—Prime Minister Lloyd George of Great Britain is expected to propose immediately, possibly tomorrow, a pact or understanding that no nation shall attack another, thus abolishing the possibility of war for the existence of the pact.

## LARGE FIRE TODAY NEAR GOLDSBORO

By the Associated Press.  
Goldsboro, N. C., April 12.—Nine stores and their contents, four residences and a number of head of livestock at Whitehall were burned early today. Telephone lines to Whitehall were out of order and details were not available.

## FREIGHT RATES DISCUSSED BY BOARD

Numerous reports by the secretary on activities of the Chamber of Commerce made up the program at last night's board of directors' meeting. No new projects were discussed. The consensus of opinion regarding the new hotel project was to drop the matter completely until some future and more propitious time, and the hotel committee was ordered to be discharged.  
Freight rates were discussed at length and the secretary was instructed to attend the most important meetings bearing on the various interstate commerce commission's hearings in this territory. Several of the board members, it was brought out, are losing considerable business on account of increased rates, and every effort is to be made at the coming southern class rate investigations to adjust freight rates to and from Hickory so that local manufacturers and receivers of freight can better meet competition. Freight rates to Hickory on some commodities have increased fully 25 per cent through the new groupings which became effective last January.  
The board also decided to leave the selection of the personnel of the board of directors for the next fiscal year beginning July 1st, in the hands of a nominating committee.  
Major G. L. Lyerly, chairman of the highway committee of the Chamber of Commerce told the members of the road building program in Catawba county.

## BROOKFORD HONOR ROLL FOR MARCH

The honor roll of the Brookford school for the fifth month follows:  
First grade, department A—Archie Haney, James Carraway, Macon Huffman, Clyde Hefner, William Hunsley, Lonnie Nix, Ollie Newton, Hugh Pope, Charlie Price, Coy Spencer, Leroy Thompson, Carroll Thompson, Roy Trammel, Lee Bidlix, Eugene Biddy, Ruth Carraway, Barbara Denton, Macy Gaines, Cora Lail, Ollie Eolus Pitts.  
First grade—D. T. B.—Charles Stepp, Murphy Hefner, Pearl Wilson, Lula Mae Spencer, Louise Austin, Alma Woody, Beatrice Pitts.

Seventh grade—C. G. Smith.  
Eighth grade—Edith Hart, Katie Stepp, Glover Smith.

## BOTTLED SOFT DRINKS CONTAIN FOOD VALUES

Boston, Mass., April 10.—Within the past few years bottled soft drinks have become one of the leading and wholesome foods of America, according to Dr. Lewis B. Allyn, director of the Westfield Laboratories, Westfield, Mass. Dr. Allyn, who is one of the leading food chemists of the United States, speaking before a Boston audience asserted that bottled soft beverages, through their nutritive value and sanitation have ceased to be only thirst quenchers and have come to be a recognized healthful food product.  
"An eight ounce bottle of soft drink carries about 87 calories of heat or energy-forming material," Dr. Allyn stated. "Eighty-seven calories is equal to the average amount of heat or energy building units contained in the average portion of sliced bananas. Eighty-seven calories is no small amount and there are plenty of foods in every day use which are recognized as healthful and substantial that do not have the food value of a bottle of carbonated beverage."  
"For example, flounders and several other varieties of fish, shell clams, lobsters, oysters, asparagus, string beans and various other green vegetables, sauer kraut, tomatoes, beef soup, chicken broth and so on indefinitely. And yet, how few people realize that a pound of bottled beverage has as much food value as a pound of these recognized foods."  
"Soft drinks have other uses. They carry no inconsiderable amount of organic or fruit acids which are utilized by the body in maintaining what is known as the acid-alkali balance. These drinks perform important functions as favor though its condimental effects acts as a gentle appetizer and tends to promote a more thorough and easy digestion of the food."
