GERMAN CHILDREN REMEMBER QUAKERS

Belfast, May 26.—Millions of German children who suffered from hunger in the war time and afterwards probably will remember the mama-like meals provided for them by the American Quakers long after they have forgotten the name of the American Friends Service Committee which will withdraw from Germany at the end of July after two and one-half years of relief work here.

The Budget Committee of the Reichstag recently approved an appropriation of 50,000,000 marks for the purchase of food stuffs to continue the child-feeding program when the American supplies have been exhausted. These supplies are now expected to last until September 30.

The Friends organization has been established in 1640 towns which contain about one-half of the entire population of Germany. Its supplies were stored in more than 300 warehouses and its food was prepared in more than 250 kitchens and served from 8,300 feeding places, mostly schools and child-welfare institutions.

The money value of the American food provided has been estimated at \$8,500,000. "This amount is less than one-fourth the cost of a first-class battle ship said Francis R. Bacon of Philadelphia, chairman of the Friends Committee.

He added that from the beginning the Quakers had the full support of the German government which, since October 1920, furnished all the flour and sugar used in the ration given to the children. In addition, the German people supplied all the costs of insurance and distribution of the food while the Society of Friends paid the overhead expenses.

The American feeding reached its height in June and July last year when more than 1,000,000 children were receiving an extra meal daily through American bounty.

Ruth, however, will not be permitted to play today. MONTH'S VACATION FOR YOUNG FELLOWS

The United States government is offering a month's vacation with all expenses paid to young men between ages of 17 and 27, stated Lieut. Fredrick E. Coyne, Jr., recruiting officer of Camp Bragg, N. C., who was in Hickory today. The officer is making a state-wide campaign in the interest of the citizens Military training camps which are to be held at Camp McClellan, (near Aniston) Ala., and at Fort Barrancas, (near Pensacola Fla., from July 27 to August 26. Men who have had prior military service will be accepted up to 35 years.

"There is no obligation on the part of an applicant to affiliate himself with any branch of the army in order to attend the summer camps," declared Lieut. Coyne, "but the thirty days of healthful, manly, out-of-doors military and athletic instruction will return the young man to his community with a new sense of his responsibility and duty to the nation, and he will be prepared in case his service should be needed."

Much interest is being aroused in the citizens military training camps, which are evolved from the Plattsburgh idea, and indications point toward a large attendance from North Carolina. Applicants are required to pass a physical examination and present a certificate of good character signed by a schoolmaster, clergyman, priest or rabbi. The camps have been endorsed by civic organizations, officials and many individuals prominent in state affairs. Governor Morrison has issued an appeal to all young men of the state to investigate the opportunity of attending these camps. All expenses to and from either camp will be paid by the government, including railroad fares.

Application blanks may be obtained by writing to the Chief of Staff, 81 division, U. S. A., Arnstein building Knoxville, Tenn., or to the Recruiting Officer at Camp Bragg. Full details may be secured at either of these addresses. Lieut. Coyne left this morning for eastern points after having visited Charlotte, Gastonia, Asheville and intermediate points.

ROTARIANS HOST TO HICKORY SENIORS

Hickory high school girls looked their prettiest yesterday afternoon when they were guests of the Rotary club at the weekly luncheon at Hotel Huffry and several of them blushed beautifully as Edgar Fox, Joe Cilley and Aldis Henderson passed around bouquets of sweet peas, which President Geo Lyerly called roses. President Lyerly came to the Rotary luncheon with a lot of mystery stuff about ladies' night at the tea room, and if any of the womenfolk ask you for anything, quote the president, "you just shell out."
