AMERICAN HELD BY JAPANESE OFFICIALS

By the Associated Press.
Tokio, Oct. 6.—Richard M. Andrews, arrested after the search of his residence by the police, is suspected of having taken photographs of the fortress Yokosuka, according to information received here. The home of Andrews, who is one of the prominent American residents of Japan, was searched and he was arrested.
He was later taken to court and was subjected to a searching investigation. One of those who made the arrest told him that the charges against him were criminal.

The place alleged to have been photographed is about 12 miles from Yokohama, and is important strategically. Andrews denied taking photographs of the fortifications. It was said that he worked with Japanese.
Andrews is a member of the firm of Andrews and George and has lived in Japan since his boyhood. He has large private interests here besides those of his firm and has always been considered a friend of Japan.

By the Associated Press.
Wilmington, N. C., Oct. 6.—With the conclusion here yesterday of evidence the arraignment of J. B. Greer, arguments remained to be made today before the recorder was ready to consider whether to bind over or dismiss the case.
The prosecution charged that Greer, who claimed to be 60 years of age, committed the crimes in his home and that his wife, 55 years, was an accessory. The girls, 13 and 15 years of age, testified to this fact.
Greer was lifted into the court room by his son and a bailiff and was said to be practically helpless from paralysis.
Mrs. Greer will be arraigned later.

"The charges made against Mr. Clarke and on which the indictment was found," said the statement, signed by W. J. Simmons, imperial wizard, and other officers of the kloncilium, "were charges made by the same crowd of former employees who were discharged from the organization and who have filed one suit after another since they were taken from the pay rolls."

By the Associated Press.
Polo Grounds, N. Y., Oct. 6.—The batteries today are: Scott and Snyder for the Giants; Hoyt and Sshay for the Yankees.
The midget manager, Miller Huggins, juggled the deck of the Yankee pitching staff this afternoon and then lew with his third ace, Waite Hoyt, in the hope of winning the second game from the Giants, winners of the first game in the world's series.
Manager McGraw looked with critical eye over the Giant hurlers but gave no intimation of which he would start until just before the game.
"I have McQuillen and Scott both ready to start," said McGraw, "and don't forget that Roney Ryan looked pretty good in there in the first game. I am perfectly satisfied with the way my team is going and my pitching has looked good."
Huggins is perfectly satisfied with working his pitching staff in order unless the Giants should knock one of them from the box.
Huggins' plan contemplated Hoyt today Carl Mays tomorrow and Sam Jones on Sunday. Bush, with a five day rest, will then be fit for Monday.

YALE'S QUARTERS OUT OF LINEUP

By the Associated Press.
New Haven, Conn., Oct. 6.—Charlie O. Hear and Joe Beckett, regular quarterbacks on the Yale varsity football team, are both in the hospital with injuries.
Neither is expected to play against North Carolina tomorrow and it is doubtful if O'Hearn, one of the best running backs in the country, will be able to play against Iowa a week from Saturday.
Neidinger will probably be a quarter in the North Carolina game. He has never played the position before. O'Hearn is in the hospital with a pulled tendon.

POUR CORN LIQUOR INTO SEWER PIPES

Several hundred persons transferred their interest from the world's series and the airplane long enough yesterday afternoon to watch prohibition agents pour out about 80 gallons of mean corn liquor and apple brandy. It had been uncovered earlier in the day from the farm of Harrison Stephens, one of the South mountain's most noted moonshiners, and brought here by Federal Agent Kemp and a posseman. The crowd was interested.
Stephens was nowhere to be found and it is reported that he has hit for the high timbers.
