

Jennie Gets a Shave

Though she's a lady elephant, Jennie is shaved regularly by George Power, her trainer, in a New York theater. The razor is four feet wide, the shaving brush a foot long—and a pail serves as shaving mug.

PRIZE WINNERS IN ATHLETIC CONTEST

Below is given a complete list of the winners of the athletic events staged at the fair grounds on Wednesday and Thursday by the students at Lenoir College and the city schools. THE CHILD AND THE AUTOMOBILE

Springfield Republican.
The shocking frequency with which children are killed by automobiles has caused efforts to protect them in various ways, but not too much can be expected of them. So long as babies are allowed to play in the streets and young boys and girls remain what they are, impulsive and thoughtless creatures, accidents are inevitable in spite of all the care the driver can take. The conscientious automobilist feels a great deal of responsibility for the safety of children, regardless of what they may do. He knows that they are apt to do the unexpected thing and he brings his car under complete control whenever it is possible for children to throw themselves in its way.

But even then accidents happen and the wonder is that there are not more of them. There are many streets that swarm with children of all ages. Along Water street, for example, they are rapping about the street all the time. Infants play in the roadway and that they can live to grow up is a marvel. Particularly in the dusk of early evening it is difficult to see these dusky-skinned children darting about but somehow they are rarely hit by the automobiles that are constantly passing. A dangerous practice has sprung up among school children of holding up automobilists for rides to or from school. If the driver is incautious enough to stop, the children instantly swarm all over the car, clinging on in dangerous positions in spite of the protests of the driver.

STOMACH TROUBLES

Indiana Lady Had Something Like Indigestion Until She Took Black-Draught, Then Got All Right.

Seymour, Ind.—"Some time ago I had a sick spell, something like indigestion," writes Mrs. Clara Peacock, of Route 6, this place. "I would get very sick at the stomach, and spit or vomit, especially in the morning. Then I began the use of Theford's Black-Draught, after I had tried other medicines. The Black-Draught relieved me more than anything that I took, and I got all right. I haven't found anything better than Black-Draught when suffering from trouble caused by constipation. It is easy and sure. Can be taken in small doses or large as the case calls for."

When you have sick stomach, indigestion, headache, constipation, or other disagreeable symptoms, take Black-Draught to help keep your system free from poison. Theford's Black-Draught is made from purely vegetable ingredients, acts in a gentle, natural way, and has no bad after-effects. It may be safely taken by young or old. Get a package of Black-Draught today. Insist on the genuine, Theford's at your druggist's. NC144

PARAMOUNT SPECIAL "MAN FROM HOME" PASTIME MONDAY
Sometimes the big attraction in a picture is the star; sometimes it is the cast; at other times the producer; and often it is a famous author's story. But when we have a picture embracing all four of these great points, then we've just got to tell you about it. The picture we are to show at the Pastime theatre Monday and Tuesday is George Fitzmaurice's Paramount production of "The Man From Home" which you will recognize as one of the finest works of Booth Tarkington. The scenes are laid in England, France and Italy and this aspect of the picture is beautiful in itself. The interpreting cast is headed by James Kirkwood, and in the cast are such favorites as Anna Q. Nilsson, Norman Kerry, Dorothy Cumming and John Milern. Action, thrill and heart-interest follow each other in quick succession and the ending is a happy one. Alden attraction Pathe News.
