Mr. M. Blevins presented the REPORTER with three very fine sweet potatoes Tuesday. The largest of which weighed 2 lbs. and measured 13 1/2 inches in circumference. The potato was raised by Mr. Robert Blevins. Thanks.

Our contemporary saw a potato, Tuesday, that measured 13 inches around its circumference, and it magnified in his eyes until he tells his readers that the potato measured 13 inches in diameter. We should not be in the least surprised if his readers should find some of his political assertions equally absurd.

Dr. Gentry has the completest potato house we have seen. It is built so that the potatoes are kept in bins on top of the ground, it is insulated with saw-dust, the dust being packed between the weather boarding and ceiling.

President Harrison—I have washed my hands of the South. It is a land of rebels and traitors who care nothing for the sanctity of a ballot, and I will never be in favor of making an active campaign down their throats until we can place bayonets at the polls. "Pat," a correspondent of the Western Citizen, writing from Clifton, N. C., says, "Dr. J. O. Wilcox will carry this (his own) district solid, as well as Ashe county by 300 majority. Pat must not be of the Simon pure stock, else he has not been under the Doctor's tutorage long. The Dr. at Lenoir, made the following bold assertions himself:

- 1st. Bower is nothing but a bolded solicitor. 2nd. He is a darned specimen for any one to be afraid of. 3rd. I am a great Doctor and get about all the practice in five or six counties, and portions of three states. 4th. My income is nearly twice that of a Congressman. 5th. You will do me a financial injury to elect me to Congress. 6th. I am the best man in the county.

But Bower in Jefferson, says that Bower got enough of his practice in Ashe. And doubtless he is the best man in the county. It is the best of Ashe county will give to the third party next year, if you, and

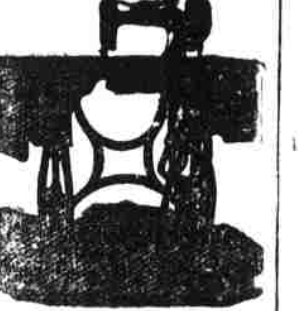

elect over your vote, and to represent you in Congress, any such a brag and coward, as Dr. J. O. Wilcox. The REPORTER appeals to the manhood of its readers, and to the citizens of Ashe county, to stand by your liberty, and on the 5th day of next November, vote Bragadocia sodrep beneath your indignation, that "Pat" will scratch his cranium in true amazement, for doubtless he is one of those unfortunates who think and have reasons to think that Clifton Township will be tied to the polls by the nose, and made to vote a Wilcox ticket on account of Wilcox's financial standing.—Let us see.

Now that the year has yielded you a rich harvest and nature is putting on her most gorgeous robes, this beautiful Autumn weather invites you to enjoy it, then why not least your eyes all the way to North Wilkesboro, where you will find a little bustling town nestling under the shadow of the Blue Ridges where you will find cash buyers that will give you all your produce is worth where you will find any kind of goods you may need, enough tinware, plenty of crockery, good stoves, useful hardware and at your service one N.
