Entered as Second-Class Matter in the Post Office at  
Liberty, N. C.

Advertising rates made known on  
application.

The Editors are not responsible for  
the views of its correspondents.

Kentucky is *still* moved on  
the result of the election. Ken-  
tucky does not know who was  
elected.

The money used in last election  
to carry it added to the amounts  
to be expended in contests would  
make an enormous amount.

To have a policy or not have a  
policy that is the question.—Sup-  
posed thoughts of Mr. McKinley.

Aguinaldo is more difficult to  
catch than a sneak thief. But  
now his condition is reported de-  
plorable. Otis will be a famous  
man yet.

The Boers are like unto the  
Filipinos. They won't stay  
whipped.

England is tricky. She can't  
whip Kruger, so she is sending  
her subjects into Transvaal, as  
Kruger's prisoners. If it keeps  
up the English will soon be equal  
to the Boers in number.

We take the privilege of print-  
ing the following taken from a  
private letter written by one of  
our correspondents. It has the  
right tone and will bear pub-  
lishing:—

"I am very much in favor of  
and highly appreciate good clean  
news-papers. They are good ed-  
ucators and I try hard to impress  
it on the minds of all my neigh-  
bors that it is an advantage to

their intelligence and an orna-  
ment in their homes and a bless-  
ing to their children to take, and  
read, a good news-paper. My  
life was not given me to use al-  
together for my own selfish pur-  
poses, and I am willing and also  
anxious to devote a portion of it  
to the good of my fellow-man and  
the benefit of my country and  
the usefulness of my neighbors.  
.....It is a blessed privilege  
every body has whether in city,  
town, or country to make them-  
selves intelligent and to pick up  
knowledge of the world and ex-  
alt their minds way above the  
petty gossip that is usually prac-  
ticed in a neighborhood. I would  
advise any and all to begin to  
raise their standard of intelli-  
gence (who have not already done  
so) by subscribing for a good  
home news-paper. Say for in-  
stance the Liberty Register.

The Vanderbilt-Morgan-Rocke-  
feller people announce that over  
75,000 miles of railroad will be  
concentrated under one manage-  
ment! And right on the heels of  
this comes the announcement  
that all the telegraph, cable and  
telephone systems will be consol-  
idated! That will mean that the  
few controlling men in these com-  
bines will have the power to make  
and unmake cities and even  
states, destroy any business man  
whom they do not like or whose  
competitor is a friend of the man-  
agers in the combine, by the sys-  
tem of rebates.

Compared to which the power  
of kings and nobles is insignif-  
icant. And the American people  
are sitting down and permitting  
the coils of tyranny to entrench  
themselves with all the power of  
the government and expect they  
will not use that power!

Never were a people in the  
power of a few that it was not  
used so that it became oppressive  
beyond endurance, and the greed  
of the modern millionaires has  
shown itself as heartless as was  
ever Nero or Caligula. There is

a fine time just ahead of us, peo-  
ple. and you will feel it. If you  
will not listen to reason you will  
listen to something more course,  
but more effective with stupid,  
bigoted minds.

The Day of Thanksgiving is  
near at hand. If we are to be  
subject to the powers that be it  
would be rebellion on our part  
not to obey the rules and observe  
this day. Be sure to properly  
observe this day.

We suggest that Otis sell Mrs.  
Aguinaldo's finery to England  
for Lady Smith, she would be  
more charming invested with  
these than her present habil-  
iments.

### Hills Store Items.

The majority of the farmers  
of the community have finished  
sowing wheat and gathering  
and now the all important sub-  
ject "saw mill" is being dis-  
cussed. It is almost impossible  
for a buggy to get to Asheboro  
because of the numerous lum-  
ber wagons.

Mr. Sam Varner began teach-  
ing at Fairmount Acad. Nov. 13  
He enrolled twenty eight the  
first day and there are others  
yet to come. Very good for a  
public school.

Marrying seems to be all the  
go of late. Nov. 5 Mr. Ben  
Kearns and Miss Minnie Kearns  
were married. We have been  
informed that on the following  
Sunday Mr. Milton Rush and  
Miss Flora Hix were married,  
and we do not think we are mis-  
taken when we say that a big  
wedding will take place at Far-  
mer next Thursday. I wonder  
if any body will feel left? Who'll  
be next?

The Friends will hold their  
quarterly meeting at Science  
Hill on the fourth Sunday. We  
have also been informed that Prof.  
J. L. Bost, of Farmer, will lect-  
ure in the after-noon. Every  
body come.
