There has been a great deal of sickness in Egypt for the last four weeks.

Mrs. H. J. Conrd and children spent Sunday near Calvary.

As there are some few who would be glad to know the exact boundaries of Egypt, to them we will say that the boundaries are as follows: Beginning at a stone on the left side of the Thomasville road, thence running South to the Loop ford in the Nile, the corner being this end of the foot log; thence South East one thousand log chains and seventy-seven links to a sand gravel in the side-track of the Southern railway; thence North one hundred log chains and seventeen links to a mud-hole in the Thomasville road; thence West sixty chains to a bridge across the Nile; thence up the Nile as it meanders forty chains to a stump in the middle of said stream; thence West sixty chains to a round headed stone in the middle of the Greensboro road; thence South fifty chains to the beginning, containing one million acres more or less. The number of inhabitants of Egypt is fourteen at present. The chief occupations are agriculture, fishing and seafaring.

Something to know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. A LOST LILLY.

She Ran Away With Frank. But Zuck Stopped Them Before They Got to Gretna Green.

Lilly was only 15 years old, and consequently when Wilson Dickens learned last night that his pretty little daughter had taken the Southern Railway train for Charlotte, under the escort (on the sly) of Frank Johnson, a plain young farmer of Davidson county, he became alarmed. He wired Sheriff Smith to head the young couple off at this place, and the sheriff, accompanied by Officer Munzler, did so. The sheriff had really come in on the same train with the elopers, and had guessed they were run-a-ways before he saw the telegram from Lexington.

It was with no little agitation that Frank and Lilly learned that they could not complete their journey to Gretna Green Fort Mill. "Well, I guess I'll have to give you up, Lilly," Frank said, "but don't lose heart. We'll make it yet." Lilly spent the night at Sheriff Smith's hostelry, and Frank at the depot, waiting for the 5:50 train this morning, to take him back to Lexington.—Charlotte Observer.

Dangers of the Grip.

The greatest danger from La Grippe is of its resulting in Pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. A. Julian.

There are glass brick.

From Cripple Creek.

After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B. Henderson, editor Daily Advertiser.

Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that all money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the DAVIDSON COUNTY NEWS and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
