Don't worry, don't fret, e run their as though iniquity were going to triumph over righteousness. A lion goes into a cavern to sleep. He lies down, with his shaggy mane covering the paws. Meanwhile the spiders spin a web across the mouth of the cavera and say, "We have captured him." Gossamer thread after gossamer thread is spun until the whole front of the cavern is covered with the spiders' web and the spiders say, "The lion is done; the lion is fast." After awhile the lion has got through sleeping, He rouses himself, he shakes his mane, he walks out into the sunlight, he does not even know the spiders' web is spun, and with his voice he shakes the mountain. So men come, spinning their sophistries and skepticism about Jesus Christ. He seems to be sleeping. They say: "We have captured the Lord. He will never come forth again upon the nation. Christ is captured, and captured forever. His religion will never make any conquest among men." But after awhile the "lion of the tribe of Judah" will rouse himself and come forth to shake mightily the nations. What is a spider's web to the aroused lion? Give truth and error a fair grapple, and truth will come off victor. Again, my subject impresses me with the fact that Jesus was God and man in the same being. Here he is in the back part of the boat. Oh, how tired he looks, what sad dreams he must have! Look at his countenance. He must be thinking of the ward, He cries, "Peace!" Lookcross to come.
