**Tammany's Candidate for President.**  
Judge Alton B. Parker, who has suddenly appeared on the political horizon as Tammany's candidate for the Presidency in 1900, carried New York State for Chief Justice of the court of appeal in the recent election. The man who, according to Tammany's plans, is to take the place of William J. Bryan, is said to be a gold Democrat, and it was charged during the Greater New York campaign that he voted for John M. Palmer for President. He denied neither allegation. For several years Parker has been known as "Dave Hill's man."

One week from next Monday Congress will meet. Tom Reed only knows what congress will do. Reed, the most powerful man in legislation, is known to have for the President a contempt which he finds it difficult to conceal at anytime, and which on occasion manifests itself in most disagreeable fashion. Just where he stands upon the questions to come before the House is not known. His presence in the speakers chair is a handicap to any measure the Administration may propose.

North Carolina is afflicted worse with "yellow journalism" than any other State of the union in proportion to the number of papers, and a very low grade of "yellow journalism" pure and simple.

**Sullivan's "Lost Chord"**  
The first correct copy of Sir Arthur Sullivan's great song, "The Lost Chord," ever printed in America, direct from the composer's own hand, will appear in the Christmas number of *The Ladies' Home Journal*. Over his signature, Sir Arthur Sullivan states that of the millions of copies of "The Lost Chord" sold in America all are incorrect, and that this is the first accurate copy of the song ever prepared by him, or for which he ever received a penny of payment. The complete music and words of Sir Arthur's copy of the song, expressly prepared for *The Ladies' Home Journal*, will be given.

There is not one of all these little Ransomite papers in this State, that are filling their little "yellow journals" with free pass not etc, that ever refused a pass in their lives.

There are two Democratic papers in this State that refuse to bow to Ransomism any more. They are the Fayetteville Observer and Statesville Mascot. I all the Democratic papers of the United States were like these two it would be no trouble to unite all the friends of the white man under one banner.

You can tell every one of these Ransomite papers in the State by their yellow journal attacks on the true friends of silver. Sen. Tom Butler has done more for the cause of silver than everyone of these Ransomite papers in the State that are continually abusing him.

It took four big ocean steamships to carry Barnum & Bailey's show to England. It will stay abroad about three years.

The cost of stealing a kiss in St. Paul is \$25, according to Judge Twohy's decision. That judge ought to spell his name Toohigh.

It has just been discovered that the man who wrote "The Beauties of Home" deserted a wife and seven children.  
Arthur Poe Gorman is now so dead politically that the people of Maryland feel justified in placing emphasis on his middle name.

Playful Boulder, Col., university students tossed a freshman in a blanket and broke his neck. Freshmen who go to a college inhabited by toughs have no business to have pipestem necks.

**Valuable to Women.**  
Especially valuable to women is Brown's Iron Bitters. Backache vanishes, headache disappears, strength takes the place of weakness, and the glow of health readily comes to the pallid cheek when this wonderful remedy is taken. For sickly children or overworked men it has no equal. No home should be without this famous remedy. Brown's Iron Bitters is sold by all dealers.

**Western Randolph.**  
Dr. Frazier returned home from Asheboro last night where he had been attending court.

R. W. Reddeck has purchased an engine with which he intends to manufacture bone meal, so send down gunboats and you shall be supplied with fertilizer.  
Well, Kit if prosperity is what say, I will not have to go to Davidson to look around, I can and look North, South, East and West and seed beautiful fields of wheat for which we expect one dollar or more per bushel for our golden grain when it is harvested. We want you to get in your best turnout and come down in Western Randolph and see what a beautiful sight our wheat fields are.

Our Queens have been very faithful in getting up soon and getting out to work right here I am reminded of one Queen who got the old man and boys started before 4 o'clock in the morning they bid the Mrs of the House good night saying they would see her on to tomorrow.

Now Kit we not going to harm the Davidson people for we always know them when we see them coming. I was glad to hear from Scuffulbrgh through the the never I supposed they were all out on the scout.  
Where is J has he returned with the wise men or are they still craming him with knowledge If so I am afraid his poor cranium will be over taxed. I hope to hear from him soon. We will ask Kit to put on her specks and read again; Will did not say they were in a gunboat he only said he thought it was the wise men of the east been to visit J. Will Rock.

Disfigurement for life by burns or scalds may be avoided by using De Witt's Witch Hazel Salve, the great remedy for piles and for all kinds of sores and skin troubles. C. A. Julian  
The official price of stolen kisses in St. Paul has been fixed at \$25 apiece. A much cheaper plan that that would be to buy them at a church festival.

**General Debility and Loss of Flesh**  
Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food. There are many other preparations on the market that pretend to do what

**SCOTT'S EMULSION**  
does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.  
Be sure you get SCOTT'S EMULSION. See that the man and fish are on the wrapper.  
50c. and \$1.00, all druggists.

**James.**  
R. W. Conrad of near Lexington and W. L. Grimes of Holly Grove were visitors here Sunday.  
Rev. J. L. Deaton preached an excellent sermon Sunday at Holly Grove to the largest congregation I ever saw there.  
Miss Etta Hiatt who has been ill with fever, is getting better; also A. L. Conrad's little boy is getting better.  
Geo. Labr and Newton Ward, of High Point, was in our town Saturday night.  
Miss Jennie Green is visiting relatives and friends in High Point this week.  
Mrs. Will Leigh and children are visiting in Greensboro. Buck Bill.

We are indebted to the Publisher Mr. J. H. Enniss, of Raleigh, for a copy of Turner's N. C. Almanac for 1898, an old and valuable publication. A reliable State Almanac, Astronomically calculated for the State, and which gives all of our State Officers and Institutions, all of our courts, a record of the important events of the State during the past year, deaths of prominent and aged citizens, farm, household and medical receipts for home use, with much miscellaneous matter, is a need in every family, and by all business men reference during the coming year, and no publication is so full complete and reliable as this old Standard State Almanac. Be sure you get one and hang it up by your fireside. The price is only 10 cents. To be had of merchants and post masters throughout the State, and James H. Enniss, Raleigh, N. C.

I have a friend,  
I know not where,  
If not in the land,  
Of a sweet-heart's care.

Oh! how I long to see  
That old boy,  
In the land of the free,  
Where we can have pleasure and joy.

I know he is not dead,  
And he is not married,  
For he has said,  
He would rather be dead.

Moore is gone,  
But he is not dead,  
And I hope to see him, in his fun,  
And I can say: "There is but few."

When last I saw him,  
On a February eve,  
He looked so grim,  
And I had to grin in my sleeve.

But he is gone, alas,  
And forgotten me,  
A warm friend in the past,  
So my other friends may see.

I have said that he is true,  
But he will not do to trust,  
And he will probably marry Sue,  
In this world of such a must.

Now I must close,  
And let you to snore,  
And let you guess who composed,  
And try to dream of Mr. Moore.

JOE.

**Cedar Grove.**  
J. L. Mendenhall lost a fine hog last week.  
One of our boys left last week for Mo. Boys you had better stay at home.

Kit I cannot understand your golden prosperity, first wheat is 90 cents and cotton and tobacco are less than cost then how do you expect Willie to see your prosperity figures. I presume that Oakdale is city set upon a hill that others may see it and street are paved with an "ent gold" and you have inherited it. Mary Sweet.

The professor of poetry at Oxford university is dead. The cable dispatch does not say whether he was shot at or treated for appendicitis.

Leadville, whose mining district is only a few miles square, has produced since 1873 over 200 million dollars, worth of gold, silver, lead, etc.

**An Old Idea.**  
Every day strengthens the belief of eminent physicians that impure blood is the cause of the majority of our diseases. Twenty-five years ago this theory was used as a basis for the formula of Brown's Iron Bitters. The many remarkable cures effected by this famous old household remedy are sufficient to prove that the theory is correct. Brown's Iron Bitters is sold by all dealers.

Manhattan and Long Island are now one vast zoological garden through which the Tammany tiger roams at will.

**Don't Neglect Your Liver.**  
Liver troubles quickly result in serious complications, and the man who neglects his liver has little regard for health. A bottle of Brown's Iron Bitters taken now and then will keep the liver in perfect order. If the disease has developed, Brown's Iron Bitters will cure it permanently. Strength and vitality will always follow its use. Brown's Iron Bitters is sold by all dealers.
