## OBITUARY.

Departed this life July 25th, 1898, Jane Albertson, daughter of Jasper Albertson, age 25 years. Just one-fourth of a century, and yet how brief; but her years were full of usefulness and good. She was a child of afflictions, and early bereft of a mother's care, but performed life's varied duties to the best of her ability. Although not a member of the visible church, she was a practical Christian, and the memory of her good deeds will live after her. Faithful and devoted to those she loved, but none suffered wrong from her. She leaves several brothers and sisters to mourn her loss. Peace to her ashes.

MRS. JOE HARRIS.

Manila was captured by Dewey and Merritt last Saturday, and 5,000 prisoners.

Nothing has yet been done for the bad side walks.

## HAZELTOWN.

No! No! You need not imagine. If anything good is said of you, you will hear it soon enough. And if anything bad is said I would not be overly anxious to hear it. You might feel better not to hear it.

If your glass distorts every other face and character but your own, be cautious and wise too (if you can) it may be if there ever a beam in your own eye it is there yet. We should all live so our own hearts will not condemn us; and then as we pass from group to group we will not have to inquire what Miss so and so and Mr. so and so said about us. But that we may feel we stand acquitted. There is such a blessed experience felt by some. I remember once in my life doing my duty and I did not see the goblins in sight any more until I failed, but oh! how quick they then came.

## HAZEL.

The editor of the Biblical Recorder says that paper stands for righteousness and that he himself stands for righteousness. We trust that he is not mistaken about this. But we wish to warn him that he can't serve God and Chairman Simmons of the Democratic campaign committee at one and the same time.—Progressive Farmer.

## Did You Take Scott's Emulsion

through the winter? If so, we are sure it quieted your cough, healed the rawness in your throat, increased your weight, gave you more color, and made you feel better in every way. But perhaps your cough has come back again, or you are getting a little thin and pale.

Then, why not continue the same helpful remedy right through the summer? It will do you as much good as when the weather is cold.

Its persistent use will certainly give you a better appetite and a stronger digestion.

It will cure your weak throat and heal your inflamed lungs. It will cure every case of consumption, when a cure is possible.

Don't be persuaded to take something they say is just as good.

## WINE OF CARDUI

### For Mothers!

The discomforts and dangers of child-birth can be almost entirely avoided. Wine of Cardui relieves expectant mothers. It gives tone to the genital organs, and puts them in condition to do their work perfectly. That makes pregnancy less painful, shortens labor and hastens recovery after child-birth. It helps a woman bear strong healthy children.
