**************** THE "BACK HOME" MOVEMENT THE HALL OF FAME.

"More People in one Part of the South Means More Business in all Parts of the

Editor News:-Dear Sir:

Most heartily I wish to thank you for the great work you have done. The "Back Home" movement is actually bringing our Southern people back from the West; their coming is causing others to inquire the reason; it is causing our people in the West to counsel our young men to stay in the South, and to "talk up" the South in their present communities; it is getting front page space on the great newspapers of the Middle and Northwest; it is arousing our own people to the point of taking a personal interest in getting more people into the Southern states, and all these are due to your broad-sighted, unselfish co-operation with us in pressing the "Back Home" movement campaign. All honor to you for it; and may your share of the resulting good be large.

But there is yet more for us to do. We must obtain the names and addresses of all our runaways in order to reach them with argument, and we must so arouse and Editor :- This morning as I am the Editor to publish in the paper. direct public opinion that all the sitting at the window, here at my latiroads, state and local boards boarding house, looking out upon of trade, and other public agencies the rain, (for it is raining here), will devote their activities to the my thoughts wander back to the movement.
