GOVERNOR COMMUTES DEATH SENTENCE TO LIFE IMPRISON-

Raleigh, May 29.-Wright Rouse, imbecilic negro of Greene county, who walked 12 miles to slay a sleeping white man he had never seen on the promise of his victim's wife to pay \$500, received his final guarantee of life today with the issuance of a commutation by Governor Morrison.

Previously four reprieves had been

granted, he having been, on two oceasions, within the very shadow of the chair, a last minute respite from the governor interrupting the minister's final words of spiritual advice and halting the testing of the chair, Rouse, 71, one-armed paralytic conjuror and herb doctor, among Greene county negroes, contracted to do the murderous job for Mrs.
Will Whitley, wife of the victim, Ramsaur, H. F. Ramsaur, B. J. Ramand her paramour, Tom Hayes. They paid him three or four dollars and some odd cents on a charge account of five hundred. Late on a July night he walked 12 miles into the

an axe. Mrs. Whitley and Hayes were sentenced to life imprisonment by the same court that sentenced Rouse to the chair.

 DECLARES 'MAINTAINED UNION AND NATIONALITY", SUP-REME CHAPTER IN AMERICAN

HISTORY. Washington, May 30 .- "Maintained union and nationality," rather than "emancipation," was declared to be the supreme chapter in American history by President Harding in an address today acception the Lincoln memorial in behalf of the American hero. Lincoln would have compromised with slavery, Mr. Harding declared, while cleaving to his purpose-the maintenance of the "inheritance handed down by the founding fathers.'

Declaring that the new memorial was fittingly placed near the towering spire of the Washington, the founder, and Lincoln, the savior, "offered outstanding proof that a representative popular government, constitutionally founded, can find its own way to sal vation and accomplishment.

Washington, May 30 .- The homage of a people was poured out today at the shrine erected by a decade of patient labor to Abraham Lincoln. Under the thoughtful gaze of his marble likeness, dim in the shadowy

back-ground of the gleaming white temple his countrymen have raised to him, thousands of Americans were

Men great in the counsels of the nation were there. The President come to accept in the nation's name the memorial reared at the river brim. A former President came gladly to give accounting of his trust as head of the commission that saw the great work to its completion.

Senators, representatives, cabinet officers, admirals, and generals all were there; but it was not these, lavish as were their tributes to the great dead, who made the day historic in America annuals.

It was the swelling tide of humble who stood for hours under a blazing sun to claim this temple of freedom and the man whose memory it enshrines as their own.

AMENDMENT SOUGHT Washington, May 29 .- Notice that his proposed constitutional amendment to prohibit child labor would be the blood pouring from his wounds. pressed was given in a statement issued today by Senator Johnson, republican, California.

He said the senate was so elogged with business at this session that it was doubtful whether his proposal could be reached, but that it would be urged at the next session.

The Chautauqua guarantors of Lincolnton met Tuesday afternoon under with a large number present.

Supt E. D. Johnson, and Supt L. Berge Beam compose the committee in charge of the sale of Chautauoua tickets. Season tickets will be offeret will have but one price this yearbut all tickets-children at \$1.25 and adult \$2.50 will be offered at one price only. There will be no tickets scalping all will pay the same for tickets. Tickets will be offered for sale from now until the Chautauqua opens, and the committee will secure help from some organization in selling the tickets. It is expected to sell all of the season tickets not later than the 20th and all are urged to buy as early as possible. The entertainment afforded by the Chautauqua is the best to be had, and every organization in Lincolnton, and good citizens generally in this County are interested or

should be in seeing that the Chautauqua is a success because of the fact that it affords the kind of entertainment that is uplifting and is needed in all communities. The way to encourage the Chautauqua for Lincolnton is to buy a season ticket and not allow the guarantors to lose money just because they are willing to take i risk for the good of the community. A little encouragement on the part of the citizens generally in town and County will make it possible to perpe-

MAX SPRY SLAIN IN GREENS-

BORO.

Greensboro, May 29,-Max Spry young white man, said to be from Salisbury, Kannapolis or Concord, was shot to death as he stood on Buchanan street, next to the Huffine hotel, at 5:30 o'clock this afternoon, by States Gambel, of Danville, Va. Spry was shot five times with an automatic pistol by his assailant, who stood only a few feet distant. The injured man lived only a few minutes, dying on his way to the hospital.

The slayer was arrrested imme diately following the shooting by Capt. D. H. Blair, station master, and taken to the police headquarters where he is being held.

No reason for the shooting had been learned tonight, although one of the several men who saw the shooting says that Spry accused Gamble of "turning him up" for the theft of an automobile, or words that effect. It is said that he had hardly more than said the words before Gamble pulled his gun and opened fire, practically riddling the body of the other man before he the ground. The two had been quarreling in the Huffine barber shop, it was said.

Spry was a comparatively young man, probably between 30 and 35 years of age. His wife was with him at the hotel, both preparing to leave town early in the evening. Immediately following the shooting of her husband, she rushed from the hotel brought by the Southern, Atlantic and fell sobbing over his prostrate and Yadkin, Seaboard, Atlantic Coast body, her clothes being covered with and North Carolina, which sought to

TERRIERS WIN WIERD **GAME FROM CLOVER**

Williams in Poor Form—Errors Fig-ure Strongly—Stamey Parks The Ball. Attendance Slim as Usual.

In a game replete with errors and as a soldier is full of cooties, Lincolnton out slugged the crew from Clover and won fifteen to five although in winning they have little to be proud

Williams again pitched for the locals and was far from his usual form, yielding eleven hits and giving six bases on balls. There were times however, when he had a lot of stuff on the ball as witness the fact that Edwards, who has often substituted as catcher, tried to fill in for Lawr-ence Beal who was indisposed, and was forced to retire because he could not bandle the clusive slants of Williams. Harvey, for Clover, was wild and ineffective, giving way to Walker, a young southpay in the 5th. Walker worked much better than his predessor, allowing two runs in the four innings of his regime.

The locals made errors as freely as Bryan makes speeches. Chief offender in this role was Stamey, who bob-bled no less than three times, an unusual occurance, for the big second sacker hardly ever trangresses more than that in a whole season. He had some excuse for his finger had been injured several days before and he winced with pain every time he caught a ball, making it necessary for

him to start the game in center field. The Terriers had on their swatting clothes, making thirteen hits for a total of twenty four bases. Broome, Boggs and Beal led with three safties each and Stamey parked the ball in the third inning the drive landing in the shadow of the left field fence and bounding over, a terrific hit and the longest in the history of Tilson Field.

There were no fielding features except perhaps, a play by Maxwell, vis-iting third baseman, of Tobey's grounder in the second frame. Con-nor, the Terrier first baseman, was struck in the face by a thrown ball in the first inning and painfully though not seriously injured, making neces-sary a shift in the line up. McGinnis, who caught for Stanley, went in for Edwards behind the plate in the second inning. The locals play Cherry-ville on the home grounds the coming Saturday and Tuesday, the thirteenth they journey to Clover for another game with the sandlappers.

The state and counties are expected to receive the full payment at an early date, placing at their disposition tax money which otherwise would have been held, up until sometime next

winter. Washington, May 29.- Temporary restraining orders were today denied by the supreme court on cases prevent the officials from enforcing certain tax laws pending judicial determination of the issues raised by the on the first Monday in November.
