ELON TO REBUILD

The citizens of Alamance county are doing a fine thing for Elon College, whose Administration building was destroyed by fire on January 15 by undertaking to raise \$100,000 to aid the college in rebuilding. A mass meeting was held in Burlington the day following the fire and a committee appointed to undertake the work at once. Alamance citizens regardless of church affiliations are enthusiastic over the movement and invite any person interested in aiding the college to join them. C. E. Riddle, Burlington, N. C., is secretary of the committee, to whom any donation may be sent.

A NEW SUGGESTION.

Berlin, according to Associated Press dispatches, suggests American Protectorate over the Ruhr Sector as a solution to French and German troubles.

One dispatch said: An American protectorate over the Ruhr sector as a compromise alternative to the present French invasion is being proposed in Bours-circles, which believe that such a settlement would save the West Phalian industrial area from French control.

"In support of the proposition that the United States assume such an administrative mandate, it is argued that since the German government in confining itself to an attitude of passive resistance the time is ripe for diplomatic counter steps inasmuch as the French plans, according to the German view, aspire to the organization of a gigantic Rhineland monopoly, which would be bound to develop competitor with American and British industries."

Whether the administration at Washington has had a change of mind, depends how this proposal will be received.

QUICKENING SPURTS

Don't believe everything you hear, any more than you would loan money to every one who would borrow.

Six inches of good snow would be a blessing just now in Rockingham County in several ways. It would relieve us from the fear of inhaling street and road dust which never was calculated to promote good health.

When you want to help the Gazette, read its advertisements. They will suggest where you can shop to advantage. Up to-date dateness in buying and selling go together.

Anyway, what else were the poor French to do? Watchful waiting was once discarded by Woodrow Wilson after it had outlived its purpose.

Our doctors and nurses are about as busy as they want to be these days. We thought that when John Barleycorn died, doctors and nurses would be idle—jobless.

We wish it was time to pack up and leave for Mars Hill.

SOVIET IMPRISONS BISHOP

(By Associated Press) SIMFEROPOLE, Crimea, Jan. 23.—Forty persons, including Archbishop Nicodim, have been convicted here of interfering with Soviet government officials in their task of confiscating church valuables. The archbishop was sent to prison for ten years, while others were given jail sentences ranging from one to 12 years.

LEAGUE OF NATIONS SAYS AUSTRIA HAS BEEN SAVED.

(By Associated Press) GENEVA, Jan. 23.—The League of Nations' doctors who are trying to cure Austria's economic and financial ills are satisfied with the way the patient is responding to treatment. The members of the special League delegation that has been supervising the application of the remedies decided upon by the League Council in September, are confident that the whole program can now be carried out without a hitch, and that Austria is saved.

RED FLAG OVER NEW YORK DREAM OF SOVIET LEADER

(By Associated Press) MOSCOW, Jan. 23.—Soviet leaders have not by any means given up the hope of some day seeing the Red flag flying over the capitals of the world, including the city of New York. At least, some of them openly express themselves to this effect.

Addressing a banquet of communists here recently, Leo Kamineff, chairman of the Moscow soviet, said the Bolshevik workers should be proud of the fact that they hold in their grasp the only capital on earth today where the general staff of the workers class can safely plan the struggle of the future.

"And I look forward to the time Kamineff said with earnestness, 'when the red banner of revolution will fly, not only from within the ancient walls of the Kremlin, in Moscow, but also from the flag staffs of towers in Paris, London, Rome and New York.'"

Twenty-five hundred members of the Third Internationale, the Red Trade Internationale, and the Internationale of Youths attended the banquet, the largest affair of its kind which has taken place in Russia since the soviets came into power.

AUSTRIA CROWN HAS BECOME STABILIZED

(By Associated Press) VIENNA, Jan. 23.—That the Austrian crown will remain indefinitely at about the present exchange value of seventy thousand to the dollar is the opinion of Austrian financiers.

The League of Nations plan for restoring Austrian finances provides that there be no further increase in the quantity of paper money in circulation, but it makes no provision for reduction. The quantity of paper issued is regarded as absolutely necessary for the normal workings of business, since its purchasing value is something like 14,000 times less than before the war.

Eventually all bills of denominations lower than a hundred will be eliminated. Even a hundred crown note is of little use; it is scorned even as a tip.

Austrian business is in such a sensitive condition that any sudden rise in the exchange value of the crown would be a disaster almost equal to a sudden fall. Interior affairs, as well as foreign business relations, have gradually been adjusted to the abnormal relation of the crown to other money and it is considered best that it remain unchanged for the present.

At there is nothing left in Austria so insignificant as to be reckoned in single crowns, tens of crowns, or hundreds, bills of those denominations will gradually disappear to be replaced by five hundred and thousands.

SMUGGLER OF IMMIGRANTS FINED IN HAVANA.

(By Associated Press) HAVANA, Jan. 23.—Because the port police discovered 25 Italians, Portuguese and Spaniards crowded into his gasoline cruiser "Maria" without passports, but with the firm intention of entering the United States, Jose Benitez Diaz has been fined \$1,000. A letter was found in Benitez's possession in which one "Genaro" promised to pay him \$1,750 for transportation the 25 passengers to an unstated destination.

GERMANY DENIES SHE INTENDS MILITARY SERVICE

BERLIN, Jan. 22.—It is officially denied that Germany is contemplating the reintroduction of compulsory military service, which is forbidden under the treaty of Versailles.

SWAMP-ROOT FOR KIDNEY AILMENTS

Y., for a sample bottle. When writing be sure and mention this paper.

JAPAN BANKS NEED READJUSTMENT

(By Associated Press) TOKIO, Jan. 22.—The recent failure of the Skizen Bank at Osaka which has given rise to runs on several small banks in the western province goes to confirm according to financial papers, the necessity of a thorough readjustment of small unstable banks which abound in the country. The principal cause of the failures of banks in Japan is almost invariably the advancing of loans inadequately secured or the investment on property which possesses a fixed or semi-permanent nature.

200 DEATHS RESULT FROM GROSS IGNORANCE

(By Associated Press) MEXICO CITY, Jan. 22.—An ignorant person who forgot that his left hand was the real cause of a water famine in Mexico City recently which culminated in rioting in the main plaza in which 20 persons were killed and several hundred injured. This workman, an employee of the local water and light company, was told to go to a small pumping station on the outskirts of the city and to turn a certain valve to the left. By the time he reached the station he forgot which way was left,

and turned the valve to the right. The result was a flooded engine, disabled pumps and Mexico City without water for ten days.
