QUEEN'S WILL STAND THROUGH FOUR SUITS

Honolulu, June 9 (AP)—Litigation over the will of the late Queen Lilioukalani, last reigning monarch in Hawaii which has occupied the courts here since her death in 1917 has been terminated with the withdrawing of the suit filed by Mrs. Kahakuiakellimoewalowa ulia (correct) Keawe Nawihie to break the testament. The 30-letter name means "Thundering Chiefess of the Sleeping Waters."

Mrs. Nawahie's action was the fourth that has been brought in an effort to overturn the will. She contended that she was the next of kin to the former queen.

The first suit was filed by the late Prince Jonah Kuhio Kalaniano'le, former delegate to Congress, and was settled by compromise.

The second suit filed by Mrs. Emma K. De Fries, was dismissed. The third action, based on a will which named the "Princess Theresa Owana Wilcox Belliveau Kelley and two other persons as beneficiaries, also was dismissed by the territorial supreme court.

This suit was a sensational aftermath. A Hawaiian minister, who testified that he had witnessed the signature of the late queen to the document, told his attorney later that he had had a vision or a dream and confessed that the will was a fraud on the part of "Princess Theresa." As the result she was convicted of forgery and was sentenced to three years imprisonment. She was released recently at the conclusion of her term.

Balloting Be Blind The Last Five Days Of Big Race; 2nd Period About Over

Starting Tuesday, Balloting in Salesmanship Club Campaign to be blind in every sense of the word—Today is last chance for big credits—The Salesmanship Club Race ends one week from tonight. Your subscription before 9 o'clock tonight will earn 25 per cent more votes than it will next, the final week. Campaign closes one week from tonight.

AN ERROR CORRECTED

In the heading of the Salesmanship article yesterday, it was stated that Miss Robertson was still leading, and that Mrs. Wilson was making rapid gains. It should have read, "Mrs. Wilson was leading and Miss Robertson was making rapid gains."

The final count of credits for publication in the Tri City Daily Gazette's Salesmanship Club by the campaign manager will take place Monday at 11 o'clock A. M. for Monday's issue of the Gazette. As the credits appear in Monday's afternoon paper, so will they appear in the paper during the remainder of the week. No change will be in the published standings after Monday afternoon and then, until the close of the campaign the balloting will be blind in every sense of the word.

After the count Monday the counting of the credit ballots in the Salesmanship Club Race will be made by the official judges who will have charge of the last final count Tuesday night, June 16th.

These gentlemen will tabulate and count all credits deposited in the ballot box after Monday night, June 11th. The names of the gentlemen who will conduct the final count appear now on the ballot box which has been on display since last Tuesday, and their names will be published in the paper next week. They are all well known and influential men of sterling character and have no interest in the outcome of the campaign other than to see that the ballots are counted as cast.

With little more than four hours remaining before the close of the present big credit offer, Club Members have their last opportunity of getting credits on the "double quick" and literally "clicking" the price of their choice.

Never before in this section has a race of any kind been so extremely close, or so hotly contested. This fact alone has aroused wonderful interest in all parts of the territory where the Gazette circulates. It is doubtful if there exists a single home in the community that is not vitally interested in the success of their favorites in the campaign and watching every gain with eagerness hoping that their choice may come

TOWN BUILDING PLANS BEFORE TOWN BOARD

Auditorium for Public Use One thing meeting popular Favor

The town Board met in regular session, Thursday night and disposed of much business pertaining to the Town's interest. Many topics were discussed which, if put into effect, will lead to the improvement of the town. The main topic discussed, was the plans for the erection of the New Municipal Building, which the Board is trying to make possible; and which the town is greatly interested, because it will mean so much to the improvement and progress of the town.

Mr. James Hopper, the architect, presented figures to the Board giving estimates of the approximate cost of the building. The figures Mr. Hopper's plan is to have an auditorium, in connection with the Municipal Building, which will furnish ample space for the public use and entertainment. This would be a great thing for the town. Let's all work, with the idea in view of having this building with the auditorium added to it. Such a building would be a credit to the town to have the benefit of good, wholesome, high class entertainment, an auditorium such as Mr. Hopper designed, must first be supplied. It was thoroughly demonstrated last Tuesday evening at High School Graduating Exercises that Leaksville did not have ample auditorium space to comfortably seat the public. The congestion in case of fire or accident, no doubt, would have proven serious.

This great fraternity that is doing so much for children of Moose members, has an irresistible appeal to the average father and the great truth, "A Child Shall Lead Them" is being demonstrated over and over again. It is the education and training given Mooseheart children and that in their own home, not as wards, just their own home that takes.
