

Court Finds Against Japanese Teachers In Hawaiian Schools

(By Associated Press) Honolulu, November 10.—The system of government of the territory of Hawaii cannot endure half-American and half-Japanese Circuit Judge Frank Andrade has declared in upholding the constitutionality of the territorial law regulating the conduct of alien language schools which are predominantly Japanese in number and attendance.

The decision came in the suit of the Palama and Kalihi Japanese language schools to restrain territorial officials from enforcing the law in question which was adopted by the legislature of 1920. The measure provides that all teachers in the language schools must have obtained from territorial school officials a certificate following an examination into the applicant's knowledge of the ideals of democracy, American history and institutions, and the ability to read, write and speak the English language.

GOVERNOR PINCHOT ROCKS THE BOAT

Gifford Pinchot, governor of Pennsylvania, received much of his political education and executive example from a close personal relationship with Theodore Roosevelt, and he seems to have inherited some of the fearless fighting characteristics of the latter. This is evidenced in his charges that Secretary Mellon is not pursuing a policy calculated to assist the various states in the enforcement of the 18th amendment—a charge that seems to have met the approval of nine-tenths of the governors who recently convened at Washington for a pow-wow and were handed a cup of tea. Governor Pinchot has lifted the lid of the political pot by putting the responsibility squarely on the Federal officials. Mr. Mellon replies that Governor Pinchot does not know what he is taking about and does not know the law. The clamor concerning Pinchot's presidential aspirations neither answers the questions nor remedies the evils complained of by Mr. Pinchot and if persisted in may result in making the Governor a dangerous competitor for the presidential nomination. If Mr. Pinchot persists in rocking the political boat on the question of law enforcement that subject will easily displace every other campaign "issue" that may be devised for the women and the churches are apparently patiently awaiting developments before "hitting the trail." Mr. Pinchot has put Mr. Coolidge in a very ignominious position, because if he presses the Treasury Department to rigid enforcement of the law he will draw the hatred of the wets and the enmity of some of the leaders of his party. If he does not act, the Treasury Department is in the position of being a buttress or a support for Constitutional violators and the W. C. T. U.'s of this country wield a wicked weapon when they know just where and who to hit.

CO-OPERATIVE WHEAT MARKETING

The executive board of the National Wheat Growers Association met in Denver last week to perfect plans for controlling the sale of 50,000,000 bushels of wheat through a co-operative marketing plan. The states represented included Colorado, Idaho, Washington, Oregon, Nebraska, North and South Dakota, Montana and Minnesota. Oklahoma, Kansas and Texas were also represented. The plan is to market about one-twelfth of the total wheat supply each month, and stabilize the price. It is proposed to embrace 26 states in the organization and get rid of the speculator. Dr. William Mayo, the noted surgeon of Rochester, Minn., asserts that there are 40,000 unqualified surgeons in the United States. He didn't discuss the qualification for collecting a sufficient fee.

Impressive Tribute To Mr. Woodrow Wilson Today

Jury Out Hour and Half, Mr. Stokes Takes Verdict Completely in His Favor New York, November 10.—W. E. D. Stokes, wealthy New York hotel man today for the second time failed in his efforts to divorce Mrs. Helen Elwood Stokes, formerly of Denver, Colorado. The jury was out an hour and 30 minutes. Mr. Stokes took the jury's decision complacently. An action for separation on her behalf is on the calendar for next Monday. The re-trial which was ended by the verdict today opened before Supreme Court Justice Mahoney October 8. It had been made necessary by nullifying through a legal technicality of a verdict found against the wealthy hotel owner by a jury in September 1921, when Mrs. Stokes was granted a decree of separation and permitted to retain custody of the two children. Nullification resulted from a failure of Justice Finch to sign both decrees before he was elevated to the Appellate division. Mr. Hubert Smith and Mr. William Stevenson spent today in Greensboro.

NEW DYE WILL COLOR WOOD OF LIVING TREE DISCOVERER ASSERTS

(By Associated Press) Philadelphia, November 10.—By feeding dye to the living wood, according to S. Weinberg, a chemist of this city, trees can be colored 32 different shades, including apple-green, olive green, ebony, weathered oak and salmon pink. Experiments with a dye, which Weinberg has discovered, are being conducted in the botanical gardens of the University of Pennsylvania with three trees which have been presented to him by the department of botany. Introduced into the base of the tree, the dye is diffused throughout the branches by the natural functioning of the tree, Weinberg said. Evidence is furnished by the presence in the botanical gardens of a dark blue tree, a vivid green poplar, and a salmon pink maple. Assisted by Dr. Herbert Renner, of Germany, Weinberg also has experimented with a purple apple tree in Lansdowne, Pa. Wood, which has undergone the coloring process is more durable than the ordinary wood used in the manufacture of furniture, according to Weinberg, who mixes a preservative with the dye solution to be spread throughout the tree. The result, he said, is wood stained through and through and not only on the surface so that scratches and dents will not mar its presentability when made into furniture. The dyeing operation is not a new one but Weinberg declared that efforts heretofore have not been attended with success. Weinberg's method is to confine the sap to the root of the tree by a series of borings at the butt. Above this the coloring is permitted to flow in, to be drawn up to the very top of the tree by pressure created, Weinberg said, when moisture evaporates in the cells of the tree. The dye is of the consistency of sap, is insoluble, and cannot be removed. Trees of any degree of hardness will respond to the treatment and the tallest of them will be thoroughly permeated in two days, according to the experiments. The bright green poplar in the university botanical garden is sixty feet tall. Cost of the dye is nominal less than dollar being required to change the hue of the biggest tree in the East. Once the dye is injected the tree is killed, so that the lumber does not have to be weathered so long as untreated wood. "It really is similar to embalming," Weinberg declared. "A certain element kills the pests that rot the wood."

GUARD AGAINST FLAT JUMPERS

(By Associated Press) Berlin, November 10.—Apartments are so scarce in Berlin these days that when people do move they are most careful never to leave their premises empty for a moment. Flats are liable to be "jumped" by designing persons who operate much as did claim jumpers in the mining sections of America; get possession and then fight it out afterwards. twelfth of the total wheat supply each month, and stabilize the price. Women Called On To Endorse Court

They Are Asked To Write to President in Interest of Humanity

At the request of certain influential women's organizations the Commission on International Justice and Goodwill of the Federal Council has sent "A woman's plea" to scores of thousands of churches to be read on Armistice Sunday by a woman. Washington, November 10.—In many churches throughout the country tomorrow, Armistice Day, a woman member will present "A Woman's Plea"—a statement regarding the Permanent Court of International Justice. In some churches the plea will be presented by a Gold Star mother, in others by a mother whose son served overseas. In practically all the message will be read by a woman of local prominence. The statement, which was prepared by a group of influential women, was sent out in response to an appeal from them by the Commission on International Justice and Goodwill of the Federal Council of Churches. Many promises to use it have been received. The fun begins, Betty, the maid has been secretly married to Denny, Philip Springer, the rich man, who has obtained his money under false pretenses gets a telegram that Deacon Smith the executor of Phil's aunt's estate will arrive. Phil has notified Deacon previously that he had been married two years ago so that he had a child. (Marriage was one of the conditions of Phil's heritage.) Being a bachelor, Phil is in despair as to how he shall get a wife. He proposes a one-night marriage to Miss Higgins, who has been invited. Then he tells Denny he will have to dress as a woman, Betty enters and a thought enters Phil's head. He offers Betty a thousand dollars to be his one day wife. She accepts. The Deacon arrives. He sees Denny dressed as a woman. Denny is posing as Mrs. Springer. Phil arrives and simultaneously does Miss Higgins who is also posing as Mrs. Springer. Phil disclaims them both and Betty comes in at the psychological moment to be Phil's "darling wife," as the curtain closes on the first act. From then action carries the play through the tribulations of finding a baby for Phil, four of which are found. The crookedness is exposed by Denny, the jealous husband and Phil's real idol of love is found to be the Deacon's stepdaughter. Everything turns out well and everyone is happy, with the Deacon dancing a buck-and-wing as the final curtain falls. Starring in the play was Miss Elnora Hill, as Miss Higgins, Mr. Vance Todd as Denny, and Miss Kathleen Riley as Betty and the other characters however deserve honorable mention. They were: John E. Patterson as Philip Springer, George Saunders as Deacon Smith. The chorus did exceptionally well in most all cases. The singing, reciting and a dance by Miss Evelyn Darlington between acts were highly appreciated. Suffice it to say that had the Legion had one more week of practice he play would have been a tremendous success. As it was it was good. W. J. DAVIS & CO., FAILS (By Associated Press) New Orleans, November 10.—Failure of the spot cotton firm of W. J. Davis and Co., was announced in the cotton exchange floor today. "As women in our own homes we have striven to be impartial, kind and constructive so in the national world we must ask that each nation give its rights, that the weak be protected against the strong and especially that in places of selfish greed and savage resort to brute force, here be a spirit of mutual good-will, each considering the rights and needs of all. A warless world can be based only on impartial justice. "Women believe that the ethics of the home should have universal way. For this reason we welcome the proposal of our late President that America become a member of the World Court of Justice, and thus take its part as a nation in extending Christian ethics to the great family of nations. "Women believe that the ethics of the home should have universal way. For this reason we welcome the proposal of our late President that America become a member of the World Court of Justice, and thus take its part as a nation in extending Christian ethics to the great family of nations. "This day has been named World Court Sunday, not only in order that today we may think about the World Court and what it may mean for the world, but also in order that today each of us shall act in the practical way now feasible to help make the World Court a real power in the world.
