

Trade With Your Home Merchants!

Why Should You Earn Money
at Home

..and..

Spend It to Enrich Others You
Know Not Who!

Why Burn Up Several Gallons of Gas to Save
a Doubtful Difference Between
98c and \$1.00--2 Cents?

We would like to see every HOME, CHURCH and Sunday School prosperous; every Merchant doing his full share of business; every house occupied with a happy, contented family; every school child well supplied with clothing, shoes and school books; every working man employed at some honest trade; no one idle and none depending on charity.

Let Us Learn the Lesson of Helpfulness!

We cannot live alone, nor reap where we do not sow. Why call this HOME and turn our backs on everything that adds to community prosperity? The flower of prosperity cannot bloom where sunshine and showers are withheld. A little HOME-PRIDE, a little HOME Patriotism, a little Home-like spirit, a little exercise of Home-Grown sense, put into daily practice, will benefit those who buy as well as those who sell.

We wish every Fraternal Society and Lodge in our three towns a full measure of prosperity. Their prosperity depends largely on local conditions. We make conditions good or bad according to the amount of cooperation we give. We cannot reap fraternity where business energy is blighted.

*How Can We Have Prosperity at Home When We Send
Our Dollars Away!*
