BIBLE THOUGHT
—FOR TODAY—
Bible thoughts memorized, will prove a
precious heritage in after years.

WHAT IS PURE RELIGION?—
Pure religion and undefiled before
God and Father is this: To visit
the fatherless and widows in their
affliction, and to keep himself un-
spotted from the world.

PRAYER:—Father, show us
the spiritual grandeur of true Christi-
anity. Cause us to realize that "Faith
without works is dead."

**WALKING IS THE
BEST SPRING TONIC**

Walking some every day has been
prescribed as a preventive of "spring
fever." But this does not mean walk-
ing in or about the house, or standing
on the feet while at work. It means
sunshine, relaxing mind and body,
leaving cares behind, and enjoying
walking for the good it does.

Most people are suffering, as spring
comes on, from the bad effects of too
high temperatures and too much in-
door living during the winter. Bu-
drugs, pills and purgatives are no
needed. They do more harm than good.
Spring tonics that are worth while
are exercises in the open air and sun-
shine, sufficient and regular res-
t of mind and body, and a diet selected
with some degree of intelligence.

THE MAY HEALTH BULLETIN

The Arzonne forest at the height
of the drive against the Hindenburg
line was a safe place for the Amer-
ican soldier as compared with the
safety of the average North Carolina
home for the baby that comes to it.
It is a declaration in the May issue
of the Health Bulletin of the State
Board of Health. Of each one hundred
babies born in the State, eight die
before reaching the first birthday. Of
all the deaths occurring in the State
nearly a fourth are of babies less
than two years old.

The month of May generally re-
cords the highest mortality among
infants under two years of age of any
month in the year, with the possible
exception of September. The greater
number of these deaths occur on ac-
count of mistakes through ignorance
resulting from incorrect feeding and
improper care, though quite a num-
ber are caused by polluted water or
infected milk. The latter two sources
of infant mortality during the sum-
mer could be entirely removed thru
the simple expedient of boiling for
three minutes all water and all milk
which is given to babies. The mistake-
in-feeding and care resulting from
ignorance present a more difficult
problem.

In the effort to afford accurate and
authoritative information of practical
helpfulness to mothers, the current
issue of the Health Bulletin is largely
devoted to the feeding and care of
infants, the articles presented having
been prepared by some of the most
competent baby specialists in the
State. These include Dr. B. U.
Fooks of Durham on "Mal-Nutrition
of the Child of Pre-School Age;" Dr.
Albert Spedes Root of Raleigh on
"Death Prevention From Summer
Diarrhea;" Dr. James J. Phillips of

Raleigh on "The Baby's First Three
Months;" Dr. H. H. Harrison on
"Feeding the baby in the Second
Year."

The Health Bulletin is published
monthly and may be obtained without
charge by requesting it from the State
Board of Health, Raleigh.

broke into six cars of the west bound
merchandise train on the Chicago and

lary gave rise to a report that the

Florex

Getting your money's worth when buying oranges or grape-
fruit depends upon the eating qualities of the fruit.

Fancy appearance outside is not an infallible indication of the
juice, flavor and sweetness which make citrus fruits good to eat.

Florex is a new trade-name adopted by the more than six thou-
sand Florida growers who form the cooperative, non-profit Florida
Citrus Exchange.

Whenever you see the Florex trade-mark on oranges and grape-
fruit it means they are rich in the inside contents that make citrus
fruits healthful and palatable.

**Florida Oranges
and Grapefruit**

that you obtain from your retail dealer, under the Florex trade-
mark, will give you satisfaction, because they are good to eat.

The large production of Florida oranges and grapefruit this
season assures ample supply at reasonable prices. Florex will guide
you in getting full value for your money.

Florex oranges and grapefruit are graded and packed especially
to suit southern trade and to conform with the habit of the people
of the South to buy for excellence rather than appearance.

Tell your store-keeper you want Florex oranges and grapefruit
and intend to have them. You can easily identify Florex fruits
by this trade-mark printed on boxes and wrappers—
