HOW GOD LOVES:—For God so
loved the world, that he gave his
only begotten Son, that whosoever
believeth in Him should not perish
but have everlasting life.—John 3:
16.

PRAYER:—Gracious God, we re-
joice in Thy love and thank Thee that
we can love Thee in return.

DAVIS
AND BRYAN

After a prolonged fight lasting over
two weeks, the Democratic National
convention nominated John W. Davis
of West Virginia and New York, one
of the ablest men in America as can-
didate for president, and Charles W.
Bryan, Governor of Nebraska, for
vice-president.

The ticket is probably the best they
could have named.

The Gazette had picked the ticket
early in the convention and of course
thinks the best thing was done, al-
though it took a long time to do it.

CAPITAL

Great industries could not be built
up without the use of capital, nor
could our modern social and economic
structure be maintained. Yet capital
is frequently maligned and condemned,
although without it we should revert
to that primitive state wherein every
man had to produce whatever he need-
ed for existence.

A noted economic writer says:
"There are abuses in the accumulation
of capital; there are abuses in the
use of capital. These are proper sub-
jects of criticism, and proper objects
of remedial action. Capital is as hu-
man as the men who direct and con-
trol its use. The remedy for evils re-
sulting from the misuse of capital is
not to 'destroy capita', but to prevent
its misuse.

"Man's labor may be misused, may
be directed to an unproductive or an
improper purpose. But that does not
justify the elimination of all labor."

**RAILROADS
AND RADIO**

Practical utilization of the radio in
railroad operation is under serious
consideration by many of the nation's
largest railroads.

Study of the question is proceeding
along four lines: the use of receiving
sets to obtain news and entertainment
on through passenger trains; the use
of radio to form a closer contact be-
tween officers and men; the use of
sending and receiving apparatus on
both freight and passenger trains, and
the development of a method of train
dispatching in emergencies when
wires are down.

The most important of these, prob-
ably, is broadcasting to handle traffic.
The plan would include one super-
power broadcasting station to cover
the entire line, and a number of
smaller stations, each caring for a
single division, with receiving sets at
each station.

RULERS WITH COINS
AND U. S. STAMPS**

**These To Go To Belgium,

memorating First Settlers**

**300TH ANNIVERSARY
HUGUENOTS IN U. S.**

Washington, July 9.—A group of
Americans will shortly give the Queen
of Holland and King of Belgium and
the President of France fifty cents
each. Most of them have gone all the
way to Europe to do this. In addition,
they will give these notable United
States one-cent stamps, two-cent
stamps and five-cent stamps.

The best of it is that heads of the
three great countries will be delight-
ed and they will regard the gift with
special pride. The coin of the Hugue-
not fifty-cent piece was struck by the
government of the United States in
honor of the part which the three
countries played in the settlement of
America. They commemorate the
coming of the Huguenots of America,
the three hundredth anniversary of
the founding of New York by the
Huguenots and Walloons under the
Dutch West India Company and the
settlement of the Middle Atlantic
States.

The Queen of Holland is specially
pleased with the coin and sent word
to this effect to this country through
her minister Dr. A. C. D. de Graeff.
The coin bears the profile of two of
her ancestors: William the Silent,
offered a place of refuge in Holland
to those fleeing religious persecution,
and Admira' Coligny of France, who
sent the first Huguenot colony to
America. It was wiped out by the
Spaniards. On the reverse side is the
ship "Nieu Nederland" which brought
the colony to America.

King Albert of Belgium is deeply
interested because the Walloons came
from what is now a part of Belgium.
Though the engagement for the pil-
grims to visit the French President
was made with President Millerand,
then in office, it is believed that Presi-
dent Gaston Doumergue will carry
out the program. He is said to be the
first Protestant to become President

of France.

The stamp which will be presented
are the Huguenot-Walloon New Nether-
land Tercentenary stamps. Sheets
of each series will be presented. They
bear on the margin the signatures of
Postmaster General New, Third As-
sistant Postmaster General W. Irvin
Glover, Superintendent of the Divi-
sion of Stamps, Michael L. Eidsness,
and Dr. John Baer Stoudt, director
of the Tercentenary Commissions.

The Huguenot coin, under the act
of Congress authorizing its issue,
sells for one dollar and has proved
the most popular of all the commemo-
rative coins issued by the Government.
It is stated that its circulation since
its issue has been greater than that
of any of the others in a similar time.

The coin will be presented by Ameri-
can Huguenot pilgrims to Europe,
the tour being one of the features of
the Huguenot-Walloon New Nether-
land Tercentenary. Dr. John Baer
Stoudt of Allentown, Pa. director of
the Commission, is at the head of the
party, which includes some of the
most representative churchmen and
leaders of America.

The pilgrims, who are returning to
the places whence their ancestors
came to America to settle in the
thirteen original colonies, will visit
France, Italy, Switzerland, Germany,
Holland, Belgium and England.
Among the organizations which are
operating to greet them are: Hugue-
not Society of London, The Leydan
Pilgrim Society, National Tercentary
Committee of Belgium, Societe d'His-
toire du Protestantisme Belge, and
Societe de l'Histoire du Protestan-
tisme Francais.

**PREMIERS AGREE
ON PLANS FOR DAWES
SETTLEMENT**

(By Associated Press)
Paris, July 9.—A plan for the ap-
plication of Dawes reparation settle-
ment was virtually agreed upon by
Prime Minister MacDonald of Great
Britain and Premier Herriot of

France, at the resumption of their
conference. It was explained, how-
ever, that the question would be gone
over again and the plan possibly
modified.

**Castor Oil?
Never Again!**

That's what numbers of mothers are
saying since they have tried Liv-o-lax
for the bilious attacks, indigestion and
similar disorders of their children.
Mother dreads giving castor oil just
as much as the baby fears taking it,
and the same applies to colamel.
It was because the common family
laxative fails to act on the liver that
W. L. Hand began experimenting to
devise a remedy that would act on both
liver and bowels and take the place of
colamel and castor oil, and the Liv-
o-lax formula, as has been proven in
thousands of households, meets this
need.
Liv-o-lax is purely vegetable and is
a liquid remedy, so pleasant to taste
that the children love to take it.
It is just as good for bilious condi-
tions and disorders of digestion in
adults. You can get Liv-o-lax now at
your favorite drug store.

Florex

Getting your money's worth when buying oranges or grape-
fruit depends upon the eating qualities of the fruit.

Fancy appearance outside is not an infallible indication of the
juice, flavor and sweetness which make citrus fruits good to eat.

Florex is a new trade-name adopted by the more than six thou-
sand Florida growers who form the cooperative, non-profit Florida
Citrus Exchange.

Whenever you see the Florex trade-mark on oranges and grape-
fruit it means they are rich in the inside contents that make citrus
fruits healthful and palatable.

**Florida Oranges
and Grapefruit**

that you obtain from your retail dealer, under the Florex trade-
mark, will give you satisfaction, because they are good to eat.

The large production of Florida oranges and grapefruit this
season assures ample supply at reasonable prices. Florex will guide
you in getting full value for your money.

Florex oranges and grapefruit are graded and packed especially
to suit southern trade and to conform with the habit of the people
of the South to buy for excellence rather than appearance.

Tell your store-keeper you want Florex oranges and grapefruit
and intend to have them. You can easily identify Florex fruits
by this trade-mark printed on boxes and wrappers.
