BOY FELL FROM TOP OF SILO, BADLY INJURED
Noah Mewborn, the small son of N. Palmer Mewborn, fell from the top of a silo a distance of more than 30 feet at his father's Glenfield farm Friday and was badly hurt. He sustained a severe wound on his head.

FIRE IN SOUTH KINSTON.
The fire department was called to the home of Moses Loftin, colored, on Spring Hill street, at 1:15 this afternoon. A spark had ignited the roof. The damage was less than \$5.

NO ELECTRIC POWER TO BE HAD SUNDAY.
The power at the electric light station will be turned off at 5 a. m. Sunday and will not be on again until 5:30 p. m. This is necessitated by the removal of switchboards to make room for the work preliminary to installing the new plant.

S. B. LYERLY STUDYING TO ENTER MINISTRY.
The news comes from LaGrange that S. B. Lyerly, formerly superintendent of the public schools there, has entered Union Theological Seminary at Richmond to study for the Presbyterian ministry. He is a native of Western Carolina. Mr. Lyerly made a number of acquaintances here in the two years he spent at LaGrange.

KNIGHTS OF THE GRIP ARE MOST OPTIMISTIC
"The war won't bother this part of the country an iota this Winter," said an old-timer at a local hotel last night. "This region is about to see the biggest spell of prosperity in its history." There were half a dozen travellers backing up his assertion immediately.

"Look at the number of us," said one representative of a Northern concern, "there are more drummers on the road now than in years—a third more than last Fall. And as an indication of the confidence the big firms have in the South's condition this season, just note the lot of fellows coming here from New York, Philadelphia and Chicago."

One traveling man admitted that in his home section, several hundred miles from Eastern Carolina, labor is drawing less than it did two years ago, while in the South the price for it has increased remarkably in spite of the bad cotton situation last year and other drawbacks. "Of course, in the war munitions centers, it is different, but in the agricultural, mining and ordinary domestic manufacturing territories men are being paid not a cent more than the same class of labor now draws in this part of the country. Two or three years ago the Southern common laborer had the worst end of it by a big margin."

WILL SELL STAMPS ON MAIL TRAINS HEREAFTER.
The Postoffice Department has ordered that clerks on mail trains sell one and two-cent stamps. Formerly mail deposited in cars had to be stamped before. The new ruling will be of great benefit to the public. One westbound morning train over the Norfolk Southern through Kinston is largely patronized by local people, and some trouble will be saved them by the order.

STOLE BICYCLE, TRIED TO SELL IT FOR \$4.00.
When Jerome Moore, a Kinston white boy who has been in trouble here several times, tried to sell a good bicycle for \$4 in New Bern Friday, the suspicions of the police at that place were aroused. The authorities here were communicated with and Moore's arrest followed. It developed that he had stolen the wheel from W. H. Bizzell here. He was brought back to Kinston for trial.

CHAPLIN PICTURE AT THE GRAND TONIGHT CERTAIN.
The management of the Grand announced this morning that a Charles Chaplin comedy will be on the bill tonight without fail. "Mabel's Strange Predicament," featuring the famous funny man, has already arrived and will be the topline this evening. There will be other "Saturday night specials." "A Pair of Sixes," the most popular legitimate comedy of recent years, has been booked in for next Saturday night, according to announcement at the Grand Friday evening.

BEAUTIFUL TRIBUTE TO A NOBLE YOUNG WOMAN

Funeral of Miss Neva Padrick Held This Morning From the Gordon Street Christian Church—Her Christian Character Eulogized By the Pastor

All that was mortal of Miss Neva Padrick, beautiful Christian daughter of Mrs. A. S. Padrick, who died near Black Mountain, Thursday, was laid to rest in Maplewood Cemetery this morning, following an impressive service conducted by Pastor B. P. Smith at the Gordon Street Christian church.

It was a beautiful tribute that Mr. Smith, the young woman's pastor, paid to her when he spoke of her unflinching faith in her Master. The parting was sad, he said, but there is joy in the realization that she is relieved of her earthly suffering, and that her life was such that death brings a promotion to the heavenly kingdom. Mr. Smith spoke of the beautiful and steadfast faith of the devoted mother, who was at the bedside of her beloved daughter when the end came. Friends had journeyed half way across the State yesterday to meet the sad party and give comfort to the distressed mother. They did not find her crushed and collapsed, but buoyed by the strength from her great faith was able to trace out in the events leading up to the final moment the hand of the Almighty, who had answered the prayers of the young woman and her faithful loved ones in ways not perhaps as they hoped and planned, but best. It takes courage—that courage which only comes from a perfect and abiding faith in God—to yield unflin-

tingly to the will of the Maker and the sting of death is not half so keen when there is that abiding and sustaining faith.

A large concourse of friends and loved ones gathered to pay the last sad rites to the life, whose character was moulded after God's fashion and under His direction.

Death came to Miss Padrick after a twenty-four-hour illness of pneumonia which developed Wednesday, and it was as she desired, after becoming reconciled to the inevitable, that she should not linger.

DID THE OLD MAN GOOD.
George W. Clough of Prentiss, Miss., is seventy-seven years old and had trouble with his kidneys for many years. He writes that Foley Kidney Pills did him much good. He used many remedies, but this is the only one that ever helped him. "No man, young or old, can afford to neglect symptoms of kidney trouble. J. E. Hood & Co. adv

JOHNSTON MOWERS

The Johnstone ever fold mower can be operated by driver from seat—raise the cutter bar from seat.

The Johnstone is a roller bearing machine in four bearings making it light draft.

The cutter bar raises over low stumps and rocks by a lever operated by your foot.

The pitman is protected by a heavy wrought rod that will not break or bend when you strike a stump.

Repairs can be gotten from our stock at any time.

Try a Johnstone Mower and self dump rake—the rake for one or two horses at no extra expense.
