LINCOLNTON, N.U., NOV. 1, 1895

EDITORIAL NOTES

We misplaced an article on, the Battle of Ramsour's Mill which we willipublish next week.

We wish to call attention to the "News of Interest by X", which the above we would add that the have appeared in this paper, from legislature of 1895, which we have time to time. They are sensible heard was Populist in some reand to the point. They are spects, "pigeon-holed" a free silver written by one of the best business resolution instructing our then men in Lincolnton, and by a man Congressmen to work and vote for who is widely known for his free silver, an action which shows honesty and integrity. This paper to us that Populists did not and do always has space for items from not wish free silver through the

Sherriff Rhodes took the negro to Raleigh without any assistance: ... We wish to keep history straight, hence we gladly make this correction.

There are enough mill men in and around Lincolnton to form ar Association of some kind to promote the cotton milling interests of this section. By such an as sociation the outside world would hear more of us and get better ac quainted with us. We wish to publish all the cotton mill new we can get, and nothing would please us more than to hear of the organization of some kind of association of mill men in this County We make this suggestion:

For the Raleigh News and Observer: Will the Observer please tell us wherein lies the difference between circulating the sound money ar ticles of the Century Magazine in 1892 and sending out in 1895 the sound money "broadsides" of the Reform Club of New York? The Editor of the Observer has been pretty severe on the "broadsides" .i.here of late, and we are thereby reminded that the North Carolinian in 1892 was publishing gold standard articles with favorable comment thereon. The Editor of the North Carolinian in 1892 is the Editor of the Observer in 1895.

Notice is hereby served on the Morganton Herald and the Charlotte Observer that the local editor A. P. A. Society is only a maniof the Raleigh News and Observer festation of this same intolerant new writes poetry. SIAN OFFERS. The Caucasian is making a great to-do about "why the free coinage of silver cannot be secured through the Democratic party,' and has offered a prize for the best article on this subject. As we are a competitor for prizes, we wish to submit the following:

1! Nobody who knows the listo- voked for protection, had the terry of the Democratic party expects, ritorial government of Utah failed

2. The Populists withdrew from both "old parties" because both "old parties" refused to heed their demands. Silver was one of those demande.

3. No Democrat who stands on the National platform desires to One Year \$1.00 induce Populists to believe the 50 Democratic party, will grapt their | tor Pour will indict those who sent 25 demands. This would be hypocracy. The Raleigh Democrats. who called the late silver conven-One Inch, one insertion \$1.00. tion are not the Democratic party.

> 4. It is too late now for Populists to discuss this question. You left us because von couldn't get free silver. You did this in 1892, In 1894 you went back to the Republican party because they promised you some offices and no silver, showing conclusively that you were hypocrites in making such a demand on the Democrats as you

5. Everydody who really and earnestly desires free and unlimited coinage of silver can get it-in the Populist party any way, hence it is useless to discuss why Democrats will not give it to you. To Democratic party. This being the case, we think it rather bad grace . We wish to say that we were now from Populists to discuss why

THE MORMONS IN WAKE

Not long since we noted the fact that some Mormon Elders were preaching in Wake county, and that the citizens of New Hill township had signed a paper asking these men to leave their county. This "petition," to all intents, amounts to a threat. We wish to call attention to the fact that these Mormon Elders do not preach polygamy any longer, that the Utah Mormons have renounced this doctrine and that polygamy is not practiced there now. This being the case there is no reason why Mormons should not enjoy as much religious liberty as any other sect or denomination. It is a wrong principle that would deny Mormons this right and still claim it for others. Those preachers who signed that petition serve notice on the public that they are against that principle of our gov ernment which grants the freedom and exercise of religious belief and opinion. They have put themselves in such a position that they cannot invoke this great right for themselves because they grant it not to others. We are on the side of the Mormons in their fight for religious treedom and toleration. The action of those New Hill people is little worthy of them and smacks a good deal of Puritanism. It is just such acts as this one that gives men like Dr. Cy. Thompson an opportunity to utter their slanders against the church.

This spirit of intolerance seems to be abroad in the land. The spirit. And while some of the ous denominations are trying to impress on the world that all are brothers and God is our father, other ministers and laymen are engaged in persecuting Mormon Elders or attending secret meetings of some society like the A. P. A., which has for its ends the destruction of the liberties of the citizens. Let the Mormon Elders alone. They have as much right to preach their doctrines as you have yours, be you Baptist, Methodist, Presbyterian or what not. Suppose the tables turned and one of those Wake county preachers had been in Utah preaching his doctrines and he had received such a paper as those Mormon Elders received would he not have fieralded it abroad as a gross insult and indignity offered an American citizen? The government at Washington would have been in-

General News.

The Ada Cotton Mill at Charlotte is to be enlarged. The addition is to cost \$50,000.

Col. Oliver Dockery of Rich mond county wants the Fusion nomination for governor. But wouldn't it be a sight to make the angels weep to see Buck Kitchen going over the State making speeches for Dockery? Buck is new a Populist and if Dockery is put up, a reconciliation must follow or Buck will not be in the campaign.

Tom Watson of Georgia now says he will contest Black's seat in Congress. The public will remember that Black and Watson agreed to have a special election this summer in order to see who was legally elected last fall. Black was and now Watson is mad and wants to break his agreement. Such is Watsonism.

Samuel Josepps, of Philadel phia, who wrote the song, "Grover, Grover, Four More Years for Grover," is dead. The song was popular in July 1892, when Marion Butler quoted it in the Caucasian and praised Grover Cleveland as the greatest man on the American continent.

Capt. Sam Ashe has entered journalism again. He now publishes a weekly at Raleigh called the State. We have not seen copy of the paper, but would suppose it advocates free silver. .

Of courtship as it, is known in

America or England, there is none whatever in Jerusalem, writes Edwin S. Wailace in November Ladies' Home Journal. A young Mohammedan never sees the face of the girl who is to become his wife until after marriage. His mother and sisters may see her and report their impressions; but if it is a case where the union is by them considered a desirable one, they are likely to accredit; her with charms she does not possess. Among Jews and Christians there is a greater latitude in this respect, though the young people are never permitted to see each other without the presence of a third party. In every case the services of an intermediary are necessary. Brides at four teen are not uncommon, and at twelveoccasion little remark. I have known of one bride ten years of age. She was a Moslem.
