LINCOLNTON, N. C., NOV. 8, 1895

THE NORTH CARO LINA REFORM CLUB.

A "Young Men's Reform Club

of North Carolina" was organized at Raleigh recently. It purports to be non-partisan, just as that much abused Reform Club of New York claims to be non-partisan. However, there were several facts in the report of the organization of this club which caught our eyes They were these: The Club was organized in the office of that prince of non-partisans, the Progressive Farmer; Mr. G. Ed Kestler of 'the Vestibule, limited to Concord, North Carolina, was elected president, and Heal W. Ayer of the Caucasian was elected Secretary. The charter members all belong to some organization other than the Democratic party. Now, but are not Kestler, Ayer, Ramsey, the Farmer, and Fowler of Sampson, Marion Butlers' pet, just the most non-partisan and patriotic reformers to be scared up anywhere in North Carolina? .. We hear that County Clubs are to be organized; all nonpartisan, too; just as non-partisan as can be; just like the Alliance was, you know! Then, we suppose the daddy club at Raleigh will be sending out some broadsides, too. Of course, it will be no harm for any Populist sheet to publish their stuff or circulate their supplements. We congratulate the Charlotte News and the Raleigh News and Observer, in advance, on the near prospect of living to see them engaged in the broadside business by way of the "Reform Club of North Carolina." It will be no harm to circulate free silver arguments, from whatever source they come, you know because free silver is to benefit everybody. Then, the Reform Club, alias the Populist Executive Committee, will have the advantage of being a home industry and will for that reason appeal strongly to state pride. We are, however, of the opinion that no Democrat who wishes to retain his standing - in his own party will stop to "monkey with" any more non-partisan organizations until he sees where those non-partisan alliancemen, who walked out of the Democratic party in 1892, intend to stop ... To use an expression of Horace, we are just now holding our judgement in obeyance, and, with Micawber, look-

ing for something to turn up. EDITORIAL NOTES.

The Reformers down in South Carolina are talking about issuing bonds. If the South Carolina Populists do issue bonds in these peaceful, happy times when cotton is 9 cents a pound and 'possums and peanuts so numerous, we never shall quit talking about it. Who would ever have thought we would all live to see the day when Populists would seriously consider issuing bonds?

The Caucasian raises a big to-do about 'the Reform Club of New York spending \$46,000, sending out sound money literature. This is perfectly right. It is truly Populist for Mr. Ayer so to do! But who pays Walter R. Henry's expenses to go over the State talking for 16 to 1? Sound money men have as much right to conduct a sound money campaign as silver

paign, and anybody who is right in his heart knows is this true.
